METHODS OF PRESENTATION

1. Lectures
2. Guest lectures by members of the business community
3. Class discussion of case material
4. Simulation exercises
5. Debates

STUDENT OUTCOMES: (The student should . . .)

Attitudes:

1. demonstrate respect for differing views.
2. accept/commit to the notion that business ethics is not a contradiction in terms.
3. take personal responsibility for learning.
4. develop a sense of moral concern.

Skills:

1. read, write and speak critically and effectively about ethical issues in business.
2. identify and explain moral business issues in the news.
3. identify premises and conclusions in moral arguments as well as evaluate the quality of evidence.
4. identify and evaluate values assumed in moral arguments.

Knowledge/Content:

1. distinguish between moral and non-moral situations based on criteria.
2. explore the relation of morals to religion, law, courtesy, custom, opinion and feelings.
3. explore and discuss the difficulties in justifying moral theories and judgments (e.g., cultural relativism vs. absolutism, natural law, subjectivism, justice vs. consequences)
4. apply the concepts of relativism and absolutism to business ethics (especially the issue of whether business is really a separate culture with its own system of ethics)
5. be able to explain and apply some consequentialist and non-consequentialist approaches to solving ethical issues in business.

SOME METHODS OF EVALUATION

1. Quizzes
2. Exams (may be oral)
3. Written reading responses
4. Debates
5. Homework
6. Class activities
7. Participation
