CANNABIS SCIENCE AND THERAPEUTICS

Cannabis Science and Therapeutics Certificate

This 17 credit-hour certificate program consists of lecture presentations, and an internship arranged at local non-profit organizations within the cannabis industry. This certificate is useful for individuals planning to enter the cannabis industry. In addition to history, policy and laws related to cannabis, the certificate presents best practices in cannabis dispensary operations, and cannabis therapeutics. Students will also learn about the importance of advocacy within the cannabis industry.

As an emerging industry, there are many diverse employment opportunities related to cannabis. Cannabis cultivation, sales, infusion, and product development represent a few of the commonly sought-after cannabis careers.
