General Education Assessment and Improvement: Communication

The most recent large-scale General Education Communication assessment was conducted in 2018-19 and a follow-up assessment was conducted in 2021-22. The first column below includes results of that assessment for students who earned 45+ credit hours vs. all students who took the assessment. Additional demographic information was also reviewed. The next large-scale assessment will occur in 2023-24.

The second column includes related assessment information to provide additional information regarding students' achievement of this outcome, including two items from the Community College Survey of Student Engagement (CCSSE) that provide indirect assessment evidence related to the Communication outcome.

Based on the results of the 2018-19 assessment, the Learning Assessment Committee and General Education–Communication Work Group worked to improve this outcome across Harper College. [The Communication Improvement Plan can be found here.](#)

Direct Assessment Scores, 45+ Hours

Direct Assessment Scores, All Student Groups
