Board of Trustees

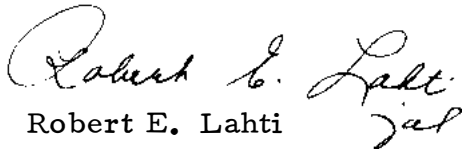

Dear Trustee:

Enclosed is the Agenda and supporting information for the regular Board meeting to be held March 9, 1967, 8:00 P.M., 799 West Kensington Road, Mount Prospect, Illinois.

I would also like to remind you that a photographer will be present to take pictures for several publications. It is important that all Board members attend this meeting if at all possible. If you will not be able to attend, please notify Mr. John Upton as soon as possible.

I shall look forward to seeing you on March 9.

Sincerely,

The image shows a handwritten signature in cursive that reads "Robert E. Lahti". To the right of the signature, the initials "jal" are written in a smaller, simpler script.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea, and Nicklas.

Nay: None.

COMMUNICATIONS:

Secretary Nicklas informed the board of the results of the Barrington referendum for annexation to the Harper College District and indicated that the vote was approximately 7-1 in favor of annexation. The Board members expressed their pleasure at Barrington's interest in joining the Harper College District.

Member Bernstein entered the meeting at 8:30 p.m.

UNFINISHED  
BUSINESS:

Member Hansen reviewed for the board a petition presented to the Planning Commission of the Village of Palatine, requesting rezoning of land at the north-west corner of Roselle and Algonquin Roads. The rezoning request is for the construction of a gas

station and restaurant. Member Hansen felt this matter had not had sufficient discussion and indicated the board needed to further evaluate the situation. He stated that three board members did attend the zoning hearing but did not take a position due to the inability of the board to discuss this matter as a whole. He further stated that the Planning Commission had not made a final decision to date and felt that it was time for the board to take a position on appropriate zoning for the area surrounding the college site. President Haas indicated he had written to the chairman of the Planning Commission asking that a decision be held up until the board could take a definite stand on appropriate zoning for this area. Copies of this communication were sent to all board members.

Member Hansen explained in detail, the territory where rezoning had been requested and its location in relationship to the college site. He stated he was concerned about the zoning being requested because once established, it becomes irreversible. He further felt that, generally speaking, gas stations and restaurants are out of character with what is being planned for the college site. He felt that with this huge construction project under way, gas stations or other enterprises of this type should not be allowed to locate outside our "front door". Member Hansen presented a resolution stating the board's opposition to the proposed use of lots 4 and 5 for a restaurant and a gas station in that they would be incompatible with the present and future educational and institutional character of the area. The resolution requested the proposed zoning be denied.

Member Hansen moved and Member Bernstein seconded the motion to adopt the following resolution:

(Continued)

At this point, Member Hamill moved to amend the motion and incorporate a statement indicating that the board would use all of its financial and material resources to oppose the zoning requested.

The amendment was accepted by Member Bernstein but was rejected by Member Hansen.

Member Hamill suggested that the junior college board in conjunction with legal council and our land planners, go to the village board to oppose this zoning. It was further suggested that we amend the motion to reopen the hearing to present further testimony.

President Haas suggested the board pass this resolution and follow it with a motion to request the Planning Commission to reopen the hearing.

Member Hamill withdrew this motion for an amendment.

Member O'Dea moved to strike the words "gas station and restaurant" from the resolution and add "commercial zoning" which he felt would be more of an all inclusive control for the future. This amendment failed for the lack of a second.

President Haas called for a vote on the resolution.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
Nicklas, and Bernstein.

Nay: None

Member Hamill moved and Member Bernstein seconded the motion to direct legal council to write to the chairman of the Planning Commission requesting they reopen the hearing on this zoning request in view of the fact that the entire board did not have time to hear all testimony on the "Hamburger joint".

Member Bernstein moved to amend the motion to use the word "restaurant" instead of the words "hamburger joint".

Member Hamill accepted this amendment.

R E S O L U T I O N

WHEREAS, the Plan Commission of the Village of Palatine, Cook County, Illinois, is presently considering a pre-annexation petition for rezoning certain Lots 4 and 5 of Homeier's Subdivision located at the northwest corner of the intersection of Roselle and Algonquin Roads in Palatine Township, to permit the use of said lots for a restaurant and gas station; and

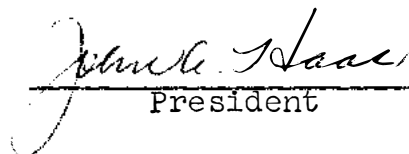

WHEREAS, the Board of Junior College District No. 512, Cook County, Illinois, is the owner of more than 200 acres of real estate directly opposite and east of the said Lots 4 and 5, on which 200 acres is to be constructed an educational institution having a projected value of about \$30 million dollars; and

WHEREAS, all other property immediately surrounding said Lots 4 and 5 is also of an institutional character rather than a commercial character;

NOW, THEREFORE, BE IT RESOLVED that this Board opposes the proposed use of said Lots 4 and 5 for a restaurant and gas station for the reason that it would be incompatible with the present and future educational and institutional character of this area, and hereby recommends and requests that the proposed rezoning of said Lots 4 and 5 be denied.

BE IT FURTHER RESOLVED that the Secretary of this Board be and hereby is directed to transmit a certified copy of this resolution to the said Plan Commission of the Village of Palatine.

PASSED this 9th day of March, 1967.

Rezoning, Lots 4  
& 5, Homeier's  
Subdivision  
(Continued)

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
Nicklas, and Bernstein.

Nay: None

President Haas reviewed for the board a recent communication received from the Village of Palatine relative to a request for a change in county zoning by Mr. Stephen Jurco. Mr. Jurco requested a zoning change to allow him to build a cocktail lounge and restaurant on Algonquin Road, approximately 1300 feet east of Ela Road.

President Haas stated that it was time to sit down and develop a policy as to what our sphere of influence should be in recommending the type of zoning for the area adjoining the college site.

Member Hamill felt that in so doing, the board should sit down with the Palatine Planning Commission on this matter.

Member Bernstein moved and Member Johnson seconded the motion to instruct legal council to appear at the county hearing to oppose the zoning for a cocktail lounge and restaurant in the area west of the junior college site.

Upon roll call, the vote was as follows:

Aye: Haas, Hamill, Johnson, Nicklas, and Bernstein.

Nay: Hansen and O'Dea

Member Hamill suggested that the board establish a date to sit down with the Palatine Planning Commission to work out a detailed zoning plan.

President Haas asked Attorney Hines to talk with members of the Planning Commission to investigate the possibility of setting up a meeting of this type.

Member Johnson suggested that Drs. Lahti, Perry, and Pankratz draft a recommendation as to what our sphere of influence should be relative to zoning surrounding the college site.

UNFINISHED  
BUSINESS,

Stephen Jurco,  
Rezoning  
(Continued)

Member Hamill felt we should obtain the professional opinion of Caudill, Rowlett, and Scott and that another zoning meeting should be scheduled prior to March 22d.

Member Hamill requested that he be appointed to the Budget Committee since he was not present at the meeting during which the Budget Committee was selected.

BUDGET  
COMMITTEE:

President Haas appointed Member Hamill to the Budget Committee.

NEW BUSINESS

Position Opening  
Supt., Buildings  
and Grounds

Dr. Lahti reviewed the need of early consideration for the employment of a Superintendent of Buildings and Grounds and recommended that this position be opened. Member Johnson indicated he felt the salary range as proposed was inadequate for this area but it would suffice for the opening of the position and if an adjustment becomes necessary, this could be made at a later date.

Member Johnson moved and Member Hamill seconded the motion to open the position of Superintendent of Buildings and Grounds on approximately May 1, 1967, at a salary range of \$10,000. to \$13,000. annually.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
Nicklas, and Bernstein.

Nay: None

Law Enforcement  
Advisory  
Committee

Dr. Lahti reviewed a recommendation for membership on an Advisory Committee for Law Enforcement to work with the staff in developing a law enforcement program.

John Upton stated that some law enforcement aid money was available and that we were making application for maximum participation.

Member Johnson stated that this was a highly desirable program and felt we should proceed with it.

President Haas indicated that we should extend an invitation to all communities in the junior college district to participate on this committee.

PERSONNEL  
RECOMMENDATIONS  
 Staff  
 Appointments

Dr. Pankratz recommended the appointment of two new staff members and the suggested salary adjustment for two members who had previously been recommended to the board.

Member Hamill moved and Member O'Dea seconded the motion to approve thirty-nine week contracts, effective September 11, 1967 for faculty appointments with rank and salary as follows:

<u>Name</u>	<u>Department</u>	<u>Title</u>	<u>Annual Salary</u>
Jay Singelman	Business	Instructor	\$ 7,700.
Roy G. Kearns	Physical Education	Asst. Prof., Phys.Ed.	11,200.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea, Nicklas, and Bernstein.

NEW BUSINESS:  
 Aerial Survey,  
 Palatine Township,

Dr. Perry reported on a recent meeting held with Mr. Howard I. Olsen, Supervisor of the Township of Palatine relative to conducting an aerial photographic survey for the purpose of identifying property not now on the assessment roles. This survey is estimated to cost \$10,000. and should result in an additional \$40,000. in tax receipts. The pro-rata share cost to Harper College was estimated at \$300.00

Interior Design  
Layout Consul-  
tant

Dr. Lahti expressed a need for special help in the development of design layout for moveable equipment. He stated that Caudill, Rowlett, and Scott had a staff of interior design personnel who are specialists in the area of moveable equipment and could be employed at a cost of 2-1/2 times the direct personnel cost, or a total cost not to exceed \$7,500.

Member Johnson moved and Member Nicklas seconded the motion to approve a contract with Caudill, Rowlett, and Scott's Interior Design Personnel for the interior design and layout of moveable equipment at a cost not to exceed \$7,500.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
Nicklas, and Bernstein.

Administrator's  
Academic Rank

Dr. Lahti presented a recommendation for the granting of academic rank for administrators and explained that Mr. Roy Sedrel and Mr. John Upton did not wish to be considered for rank at this time. It was also indicated that according to the criteria used each individual had been appropriately placed on the academic rank ladder.

Member Bernstein questioned the use of rank and asked if rank were not commensurate with position on the organizational chart of Harper College.

NEW BUSINESS:  
 Administrator's  
 Academic Rank,  
 (Continued)

Dr. Lahti and Member O'Dea responded that rank, in and of itself, was not directly connected to position on the organizational chart.

Member Bernstein inquired if granting of rank could not be postponed until the next regular board meeting. Dr. Lahti responded that this would hold up the printing of the college catalog.

Member Bernstein asked if salary was tied to administrative rank.

Dr. Lahti responded that there was no relationship between rank and salary.

Member Johnson moved and Member O'Dea seconded the motion to adopt the academic rank for administrators as follows:

<u>Name</u>	<u>Rank</u>
Robert E. Lahti	Professor
James L. Harvey	Professor
Herbert R. Pankratz	Professor
James D. Perry	Associate Professor
Joanne L. Heinly	Assistant Professor
Stanley A. Lotko	Associate Professor
Donn Stansbury	Assistant Professor
Robert W. Thieda	Instructor
Harold Cunningham	Professor

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
 Nicklas

question of fitness may arise. The initial physical examination (excluding chest X rays) upon employment and subsequent examinations requested by the Board will be underwritten by the college at a cost not to exceed \$20.00 per individual. Basic lab costs as part of the required physical examination will be assumed by the college. The chest X ray and the costs thereof will be the responsibility of the prospective employee. Employment is contingent upon satisfactory results of the physical examination and the chest X ray.

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea, Nicklas, and Bernstein.

# Fast-Rising Huns Take Next Big Step

BY BILL EVEN

The Huns, a combo from St. Viator High School, in the past year and a half have made one of the fastest rises in popularity in the northwest suburbs. In October, 1965, they made their first appearance at the Plum Grove Club. Now, they have cut one record and made the arrangements for the release of another.

The Huns — Dave Grundhoefer, Herb Klein, Bill McCaffrey, Bob Dempsey, and Mark Abate — are the end product of a group started two years ago by lead guitarist Bob Dempsey. The five, all sophomores at St. Viator, recall the Oasis Drive-In Battle of the Bands last August as its first big step toward popularity.

Radio Station WNWC sponsored the contest and the Huns were among the top five finalists from 67 entries. They went on to take top billing from the five finalists and thereby won the record contract.

"WINNING TICKET" "Destination Lonely," written by Dave and Mark, was cut at Sheldon Recording Studios in Old Town. Distributed under the ROCK N' JAZZ label, the record gained popularity here and in Milwaukee but could not be played on either WCFL or WLS, due to lack of a copyright. Nevertheless, it rated number five on the WNWC survey.

Since that time, they have played weekly at area schools and teen clubs. They have entered and won Battles of the Bands at Illinois Institute of Technology, St. Viator and St. Thomas of Villanova. Their

equipment, built up over the last 18 months, now totals over \$5,000.

"Most of our earnings have gone into equipment," said bass guitarist Bill McCaffrey, "and we consider it an investment. But we have reached the point now when we can start to realize a profit."

THEIR NEXT record will probably be "Did You Believe Me?," and was also written by Grundhoefer. It is currently in the process of being recorded, and will be copyrighted, so as to be eligible for playing on the larger stations.

The five do not limit themselves to music. Bill, Mark and Herb are on the swim team at St. Viator. Mark is also on the golf team and Herb is an amateur skier.

Descriptions of their style of music vary but center mainly around either folk-rock or blues-rock. Dave, who writes the group's originals, feels that "folk-rock serves as a specialty for the originals but we try to do all kinds."

At the start, the Huns styled slightly after the now-famous group "Saturday's Children," but went on to create their own style. In the words of Dave, "We started after Saturday's Children but changed to more abstract folk in the lyrics, an obscure touch of Dylan."

As examples he cites three new Huns songs: "Look My Way," "My Life" and "Did You Believe Me?"

To what do the Huns attribute their acceptance in the northwest suburbs? Rhythm guitarist Mark Abate said, "There is

much individual talent in the area but the trick is to get good musicians together in the same group. One bad player can ruin a perfect performance and be the part of the others."

DRUMMER Herb Klein said, "The quality of groups in the area has gone up in the last couple years. There is a lot of talent in the neighborhood. There are thousands of groups in the metropolitan area so you have to be original and good to stand out anywhere."

The Huns are an established, talented, and professional group. They have attained a popularity as high school sophomores and college groups compete. They represent the trend in American music. They know exactly what they are doing and how they are doing it.

"American music was in a slump after Elvis. I added lead guitarist Bob Klein. If it had not been for the Beatles, it would have been somebody else. The Huns gave music something new and faster tempo."

BILL MC CAFFREY said, "There is more modern music than ever. It's more complicated. It has much better harmony. Before, it was simply plain. Now it has push and pull."

The Huns are hitting big. They are developing a "personality" which is as important as the music itself. They are communicating with their audience in all indications, their lyrics, their sound, their style, their attitude with them.

# Area Science Fair Set April 1 at Wheeling

The Illinois Junior Academy of Science North Suburban District Fair will be held at Wheeling High School April 1.

Exhibits will include research papers, projects and films covering aeronautics, anthropology, astronomy, botany, chemistry, conservation, electronics, geography, geology, mathematics, meteorology, microbiology, physics and zoology.

The judging team will include a scientist, a science faculty from college and secondary or junior high school level. Each exhibitor will be judged strictly on the merits of his project.

All exhibits must be accompanied by an investigation paper and a one-page abstract of the paper. Exhibitors must also be prepared to talk with the judges concerning their project.

JUDGES WILL keep the maturity and grade of the exhibitor in mind and will judge against a standard rather than competition with other students.

Taken into consideration will be scientific worth, educational value, originality, accuracy of information, effectiveness of presentation, thoroughness, difficulty, and comprehension.

Students who receive a first award at the district will be eligible to participate in the state exposition at the University of Illinois.

Those participating from Arlington High School in the senior division (grades 10, 11, and 12) are Jeff Van Ee, detection of thunderstorms; Gary Kasprzak, fuel cells for survival underwater; Lowell Cristz, low temperatures on invertebrates; and Paul Thompson, gaseous products from different foods.

FROM WHEELING High School are Mike Bartlow, manipulations of absolute value graphs; Dave Denley, the lies-gamg phenomena; G r a h a m Hughes, the effects of a bacterial antigen; Bruce Koeppen, determination of solubility prod-

uct using radioisotopes, and Bill Sefton, microwaves.

Prospect's Steve Bech is entering a project on logic circuits in electronic digital computers. Elk Grove and Forest View High Schools did not submit any projects.

The Junior Division included grades 7, 8, and 9. Those participating from the area are Randy Ashton, computation of the length of a proton; Dave Bruning, effects of microdissection on chaos chaos; Jackie Bucher, plant responses; and Steve Carson, a study of the krushnic effect.

Also entering are Fred Cotterel, water pollution in relation to water life; Clyde Kessel, how many diagonals in regular polyhedron; Lynda Letsche and Anne Marxen, the functions of the heart; and Marie Westphal, Cindy Carpenter, and Linda Scheuti, the effects of drugs on pratista. (16Y)

placed second with a trumpet duet.

A brass quintet with Marj O'Connor, Kent Keller, Jane Ritchie, Russ Ritchie and Kay Sheldon received second. A brass choir placed second with Dan Mainwaring, Larry McDonald, Chuck Kempf, Sue Brockmann, Cindy Harris, Nels Hohnson, Russ Ritchie, Tom Bracken, John Cunningham. Mark MacLeod and Bruce Wachelin also placed with a vocal duet. (16Y)

## 'Last Call' on Scholarship Applications

Area high school girls who would like to attend a summer workshop at a college this year are urged to complete their applications this weekend if they are interested in receiving one of the scholarships to be provided by the Mount Prospect Business and Professional Women's Club.

The "last call" for applications is voiced by Mrs. Barbara Johnson, chairman of the club's scholarship committee.

Workshop sessions are held at many colleges in a variety of subjects, including music, speech, journalism, art, etc. They run from about one to three weeks and admission requirements depend on the school and subject.

The workshops are open to students showing ability in the particular field covered.

Scholarship application blanks and information about the workshops should be available in the offices of college counselors at the high schools.

Any girl who is unable to obtain an application blank at her high school should contact Mrs. Johnson as soon as possible. Applications must be submitted by March 20.

Mrs. Johnson points out that while each application must be endorsed by a teacher, no girl will receive a scholarship on the basis of a teacher's recommendation alone.

Requests for application forms and inquiries regarding the scholarships may be telephoned to Mrs. Johnson, evenings, at CL 3-1332. A catalog describing the various workshop programs is available at the Mount Prospect Public Library.

# Faith

*"May you be strengthened with all power, according to his glorious might, for all endurance and patience with joy."*  
— Colossians 1:11

Don't waste your time lamenting what might have been, nor cry for the things that can never be. Believe in God. Strengthen your faith. Approach life with a purpose, with a determination to endure, to prevail as best you can against hardship, doubt and temptation.

Whatever tomorrow brings, you will find needed strength in faith.

**OFFICIAL BALLOT**

Junior College District No. 512  
County of Cook, State of Illinois

ELECTION SATURDAY, APRIL 8, 1967

*Jessalyn M. Suchlas*

Secretary, Board of Junior College  
District No. 512, County of Cook  
and State of Illinois.

NEW BUSINESS:

Polling Places &  
Precincts, Board  
Election, April 8,  
1967

Upon roll call, the vote was as follows:

Aye: Haas, Hansen, Hamill, Johnson, O'Dea,  
Nicklas, and Bernstein.

Nay: None

Member O'Dea related to the board the stand of the Federation of Independent Colleges and Universities in their 1967 legislative program wherein they take a stand against the establishment of new upper division senior colleges and the reduction in funds available for scholarships to private institutions.

Logogram

Member Hamill inquired about the progress Mr. Regher was making relative to the development of a logogram. Dr. Lahti indicated that we were working with Mr. Regher on brochures and a catalog on a consultive basis.

PRESIDENT'S  
REPORT

American Association of Junior  
Colleges' Convention, San Francisco, Calif.

Dr. Lahti stated that he and Dr. Pankratz attended the convention of the American Association of Junior Colleges as representatives of Harper College. Dr. Lahti indicated that this was the finest convention he had attended to date. He stated, however, that a decision would have to be made relative to more involvement of junior college faculty in the functions of this organization.

Member Hamill indicated that he also attended the convention and was impressed by the many discussions and speeches related to faculty and administrative problems and felt this experience was well worth the trip. Member O'Dea also indicated that he attended the conference at San Francisco and was very pleased with the quality of work being handled by a convention of this type. This was his first opportunity to get together with members of other junior college board members and discuss common problems.

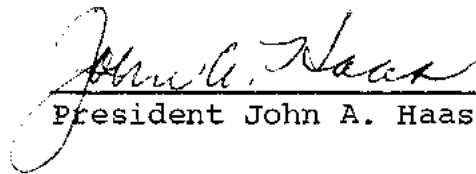

Faculty  
Orientation  
Week

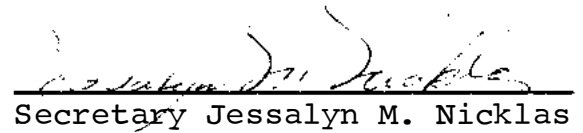

Dr. Lahti stated that during his trip to California he had received commitments from Drs. Medskar, B.L. Johnson, and M. Raines to participate in the faculty orientation program scheduled for next fall. He further indicated that Dr. Zuingle was tentatively scheduled but a definite commitment could not be made at this time.

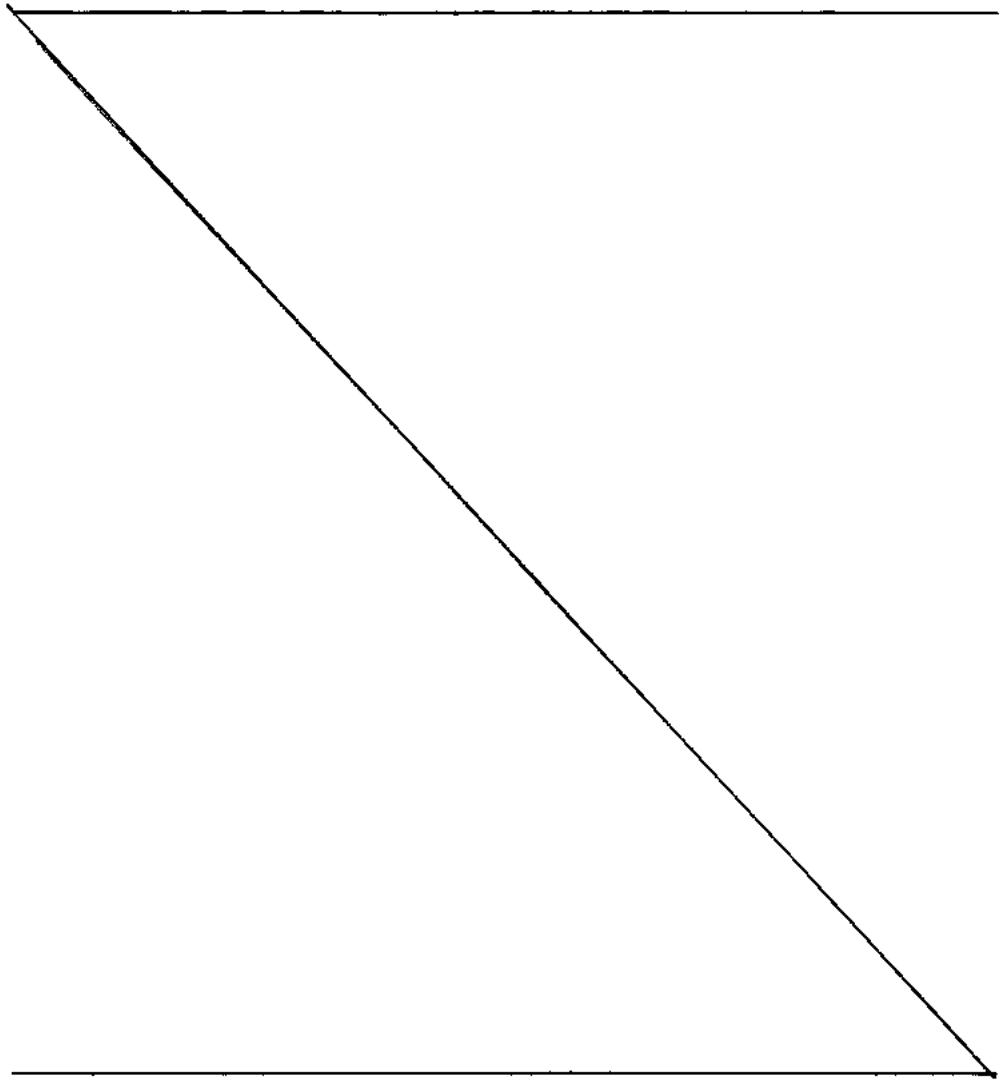

PRESIDENT'S  
REPORT

Dr. Lahti commented that he was to attend the Illinois Junior College Board meeting on Friday, March 10, 1967, where tentative approval would be given to the 2.6 M Federal Grant recently approved by the Federal government. An invitation was extended to board members to attend this meeting.

Member Nicklas moved and Member Bernstein seconded the motion to adjourn the meeting at 11:35 p.m.

  
President John A. Haas

  
Secretary Jessalyn M. Nicklas

RECOMMENDATION FOR OPENING THE  
POSITION - SUPERINTENDENT OF  
BUILDINGS AND GROUNDS

Development to date indicates that there will be sufficient duties and responsibilities to warrant the appointment of an individual to this position during May or June 1967.

A brief outline of recommended duties and responsibilities will include:

1. To become acquainted with all architectural plans and working drawings to date, and keep abreast with construction developments related to the erection of the Harper College permanent plant.
2. To prepare specifications for the erection of our relocatable facilities at the Elk Grove High School site. This will include:
  - a. Site preparation
  - b. Utility services
  - c. Telephone services
  - d. Grounds preparation
  - e. Parking facility needs
  - f. Program of general maintenance and security
  - g. Begin investigation for the disposition of these facilities in 1969.
3. Supervise the planning and alterations necessary to provide for the data processing needs in the building on our permanent campus.

4. Aid in coordinating the building and ground's needs between the administration center, the Elk Grove site, and the permanent site.
5. Develop space allocations for the building on our permanent site and further investigate the rental of storage spaces to surrounding private and public institutions.
6. Develop a land use plan and investigate the feasibility of renting a portion of our property on a temporary basis for agricultural purposes.
7. Investigate and recommend the disposition of the buildings now located on the farm formerly owned by Mr. John Biddle.
8. Arrange for the receiving and the distribution of materials and equipment for the new relocatable facilities on the Elk Grove site.
9. Begin developing a program of operation and maintenance for the new college facilities.

RECOMMENDATION - POLICY REVISION - CHEST X RAY AND  
PHYSICAL EXAMINATIONS FOR EMPLOYMENT AT HARPER COLLEGE

Physical Examinations and Chest X rays - Pre-employment and Other

Present Board policy reads, "Physical exams and chest X rays are required of all personnel at the time of employment by the college. Such examinations shall be recorded on a form provided by the Board. The Board may require physical and/or a mental examination whenever a question of fitness may arise. Initial examination upon employment and examinations requested by the Board, will be provided at Board expense."

Regular medical and dental examinations and tests are the responsibility of the employee except when they are necessary as treatment for an injury or sickness in conjunction with college business or required in conformity with public health regulations. Employment is contingent upon successful completion of physical and X ray tests.

Recommendation for Modification of Policy

Physical exams and chest X rays are required of all personnel at the time of employment by the college. The physical examination shall be recorded on a form provided by the college. The Board may require physical and/or a mental examination whenever a question of fitness may arise. The initial physical examination (excluding chest X rays) upon employment and subsequent examinations requested by the Board will be underwritten by the college at a cost not to exceed \$20.00 per individual. Basic lab costs as part of the required physical examination will be assumed by the college. The chest X ray and the costs thereof will be the responsibility of the prospective employee. Employment is contingent upon satisfactory results of the physical examination and the chest X ray.

RECOMMENDATION - INTERIOR DESIGN LAYOUT  
CONSULTING - MOVABLE EQUIPMENT

As was discussed at the time of negotiation of an architectural contract with Caudill, Rowlett & Scott, and as per the terms of the present contract, consulting help for interior design and layout for movable equipment is not included. We do not have the staff capability to perform this function; therefore, we will have to call upon outside consulting help. Since CRS has a staff of interior design people who have worked on inside walls and furnishings, with the exception of movable equipment, it is my recommendation that we contract with CRS to perform this consulting help at a cost of two and one-half times the direct personnel expense, the total of which shall not exceed \$7,500.

## RECOMMENDED ACADEMIC RANK FOR ADMINISTRATORS

The following administrators have had a personal consultation with their appropriate supervisor and as a result they have been told they will be recommended for the rank which is listed below. The criteria officially adopted as Board policy has been interpreted and although all people may not be comfortable with the rank in which they fall, there is no question in their minds that criteria as written have been applied properly to their individual case. Therefore, it is the recommendation of the president that the Board officially adopt the rank for each administrator as listed.

ZONING BOARD OF APPEALS OF COOK COUNTY

Dated: 3/3/67

ATTEST:

Morton C. Kaplan, Acting Secretary

Robert Marks, Chairman

March marks the second anniversary since area voters approved the referendum establishing a community college district. It's been a busy, event-filled period. Much of the success and progress which has been made would have been impossible without the enthusiasm, wisdom and hard work of the Board of Trustees.

Attached is an Editorial Fact Sheet which pinpoints some of the important dates in the brief history of the college. We've also attached some data on the the Board members.

In light of the fact that this month is an "anniversary month," it may be you will want to consider a feature on the progress of the college and the efforts of the Board which made this progress possible.

## EDITORIAL FACT SHEET

In March, 1965, a community college district serving the Townships of Elk Grove, Palatine, Schaumburg and Wheeling was formed by means of a special referendum which was approved by voters three to two. On May 1, 1965, voters returned to the polls to elect from forty-eight candidates the first Board of Trustees for the new college district. These Board members elected include: John Haas (president of the Board), Abraham Bernstein, Milton C. Hansen, James Hamill, Richard Johnson, Mrs. Jessalyn M. Nicklas (secretary of the Board), and Paul O'Dea.

These Board members represent all four townships as well as the communities of Arlington Heights, Palatine, Elk Grove Village, Hoffman Estates and Prospect Heights. Planning for the community college goes back as far as 1950, with an active committee at work as long ago as 1961. In the fall of 1964, a petition was circulated by interested citizens so that the referendum could be held. Public response, especially among opinion leaders in the area, was enthusiastic. Significant events which have taken place since the formation of the new district include:

- May, 1965 - College Board of Trustees meets for the first time, using Board offices of District #214. Temporary administrative offices are rented at 34 West Palatine Road in Palatine.
- June & July - Board solicits various communities to indicate their interest in having the new college locate its campus in their areas.
- September - Dr. Robert E. Lahti from Michigan is hired as first president of the new college. The Board had received forty-six written applications for the \$21,500 position.
- October & November - Board interviews leading architectural firms for the

job of designing and planning the new campus.

- December - Two outstanding architectural firms are selected - Caudill, Rowlett & Scott, of Houston, Texas and Fridstein and Fitch of Chicago, to work in association. Both firms are respected and well known for their work in designing educational facilities.
- December - Arthur D. Little, Inc. is retained to develop a ten year demographic and economic study of the district to aid in planning the curriculum and projecting the growth and the future needs of the college.

\* \* \*

1966

- January - Possible sites for the new campus are studied by the Board and the architects.
- February - The college is approved as a Class I Junior College thus becoming eligible to receive state and federal funds.
- March - Site in Palatine is selected for the future campus.
- April - The college adopts the name "William Rainey Harper" in honor of the first president of the University of Chicago and the father of the junior (community) college movement. Harper was a leading educator and scholar of the last century.
- May - Barrington residents express an interest in joining the Harper district.
- June - Voters in the district approve the bond issue referendum authorizing Harper College to sell \$7.375 million in construction bonds representing the local share of the total building cost.
- August - Budget of \$869,838 for fiscal 1966-67 is approved by the Board.
- September - \$3.375 million in construction bonds are sold to the First National Bank of Chicago at an average interest rate of 4.3853 per cent.
- December - Harper receives the first scholarship, a gift of the U.S. Gypsum Research Center employees, Des Plaines.

1967

- January - Approving Harper as an area vocational-technical school, the state sets aside \$750,000 for Harper's use in developing approved vocational-technical programs.
- January - First faculty members are hired.
- January - Tim Griffith of Palatine becomes the first student to enroll in Harper College.
- January - \$4 million in revenue bonds are sold to the First National Bank of Chicago at an average interest rate of 3.6486 per cent.
- February - Architectural master plan is approved. Phase I of the construction program to cost approximately \$12 million, enters final drawing stage.
- March - Barrington voters approve referendum by a 9 to 1 margin to become part of the Harper district.
- March - State approves Harper for \$2.6 million federal grant.

\* \* \*

Important future projects are shown below. Those subject to change are starred(\*).

1967

- April - Harper's first catalog is published.
- May\* - Construction bids for Phase I are received from contractors.
- July\* - Ground is broken, construction starts.
- August 21 - New faculty convenes.
- September 8 - Student registration begins.
- September 12 - Classes open at Elk Grove High School, Harper's temporary campus.

About the temporary campus:

Harper College's new campus should be ready for students by the fall of 1969 at the latest. Until then, all activities will be centered at the Elk Grove High

School. Classes will be held Monday through Thursday from 4 to 10 p.m. About 75 classrooms are being made available to Harper, plus half of the space in the high school's library. Harper will supply its own books plus a professional librarian.

To house faculty offices, student lounges, book store, counseling facilities, and so on, Harper College has purchased eight modern, air conditioned portable units which will be located convenient to the main high school building. These facilities and the college library will be available to Harper students and faculty members well before the 4 p.m. class starting time.

In addition, the Elk Grove field house and gymnasium will also be made available to Harper students.

Harper administrative offices will remain headquartered in Palatine.

About the college student body:

According to the Arthur D. Little report, in 1967, total enrollment at Harper College will approximate 1,610 students, both part time and full time. This figure is expected to increase each year, reaching about 15,340 by 1980. Of the 1,610 students registering in 1967, about 930 will be part time. By 1968, with the addition of a sophomore class, the number of full time students will have risen sharply, from 680 to 1,220.

Although the ratio of part time to full time students will be high in 1967 (about 4 to 1), this ratio will drop gradually and will, by 1980, be about 2.3 to 1.

About the Harper curriculum:

Harper's first catalog is now being prepared and should be off the printing press by late April. Major areas of study listed in the new catalog include the following. Where the number of courses offered is especially large, this number is indicated in parentheses.

Anthropology, architecture, art (23), biology (13), business (30), chemistry, data processing (14), economics, education, electronics (12), engineering, English, French, geography, geology, German, history, humanities, mathematics, mechanical design, music (21), nursing, philosophy, physical education (33), physical science, physics, political science, psychology, Russian, social science, sociology, Spanish and speech.

About the new campus:

The architects are moving along with final drawings for Phase I of the new campus. This first stage of construction - to cost about \$12 million - includes a science building complex; a comprehensive library and learning resources center; a college center for administrative offices, data processing facilities, counseling and student related activities; a lecture demonstration center; and a fine and applied arts wing. In addition, a central utilities building is included.

In these early stages of construction, classrooms and technical programs will be housed throughout all the buildings. In this way, although space will be at a premium, the entire college student body can be accommodated at its new, though incomplete campus. The aim is to have the new campus in use in time for the beginning of the 1969-70 school year.
