## PREFACE

The Fact Book is designed to provide easy access to commonly asked questions about Harper College. It contains nine chapters: General Information, Organization and Administration, Credit Students, Noncredit Students, Finances, Facilities, Human Resources, Support Services, and Recognitions. Individuals from every area of the College provided information contained in sections of the Fact Book and we want to acknowledge and thank all the individuals and units of the College for their cooperation and assistance.

The Web edition of the Fact Book (http://www.harpercollege.edu/about/factbook.shtml) will be available the week of February 4, 2008.

Questions and comments regarding the Fact Book are encouraged, as we want to continually improve the annual Fact Book. To do that, we need to hear from you. Please e-mail your comments and suggestions to lcrane@harpercollege.edu or call the office at 847.925.6955.

## Mission Statement

Harper College is a comprehensive community college dedicated to providing excellent education at an affordable cost, promoting personal growth, enriching the local community and meeting the challenges of a global society. The specific purposes of the College are:

- To provide the first two years of baccalaureate education in the liberal and fine arts, the natural and social sciences and preprofessional curricula designed to prepare students to transfer to four-year colleges and universities.
- To provide educational opportunities that enable students to acquire the knowledge and skills necessary to enter a specific career.
- To provide continuing educational opportunities for professional job training, retraining and upgrading of skills and for personal enrichment and wellness.
- To provide developmental instruction for underprepared students and educational opportunities for those who wish to improve their academic abilities and skills.
- To provide co-curricular opportunities that enhances the learning environment and develops the whole person.

Essential to achieving these purposes are all of the College's resources, support programs and services.

## Institutional Core Values

Consistent with its philosophy, mission, and vision, we - the employees and public servants of Harper College - have chosen values that we will work by. These values with supporting results and key actions are as follows:

## 1) INTEGRITY

An environment where relationships and practices are based on trust.

- Demonstrate behavior and make decisions which are consistent with the highest ethical standards.
- Be responsible and accountable for your own actions.
- Respect confidentiality.

2) $\operatorname{RESPECT}$

Interactions which add dignity to ourselves, our relationships with others, and our organization.

- Continuously seek to build and maintain positive internal and external relationships.
- Express appreciation and recognize people for their positive efforts and contributions.
- Value and celebrate the uniqueness of individuals.

## 3) EXCELLENCE

Student, employee, and organizational success through a creative and responsive work environment by exceeding the needs and expectations of all.

- Effectively anticipate, identify, and respond to learner, employee and organizational needs.
- Continually seek learning opportunities for growth \& development which improve personal and institutional performance.
- Encourage and empower all to achieve their personal best.
- Be resourceful and fiscally sound.
- Deliver exceptional service which benefits all.

4) COLLABORATION

Accomplishment of better results by working together than otherwise likely to occur by working alone.

- Demonstrate consistent commitment to our mission and vision in order to unite the efforts of all.
- Address issues as they arise and take necessary actions to productively resolve them.
- Openly listen and respond to others with empathy.
- Use positive humor to affirm a healthy and enjoyable work and learning environment.

All of our values are the basis for the ongoing achievement of Harper's mission and vision. These values are intended for use in making decisions and performing in ways that benefit all of our constituencies. The key actions listed above are the foundation for accomplishing the result for each of our shared core values. Our values and their key actions are prioritized to enable the optimal achievement of our organization's mission and vision.

## History of <br> Harper College

The story of Harper College parallels the history of the community college movement in Illinois, an educational phenomenon in the 1960s.

Late in 1964, while legislators in Springfield were adding the final revisions to the Illinois Community College Act enabling citizens to form their own college districts, concerned citizens in Chicago's northwest suburban communities petitioned for a referendum to vote on the establishment of a college. Within a matter of days after the legislation passed, voters in the four-township area of Elk Grove, Palatine, Schaumburg and Wheeling approved a referendum establishing the Harper district on March 27, 1965.

Groundwork for the referendum to establish a two-year college had been laid out early in the 1960s with a survey of student needs and the establishment of a Concerned Citizens Committee. Thanks to the hard work of committee members, the referendum establishing the Harper district passed by a 3-2 margin. Voters returned to the polls 34 days later and elected seven citizens from 48 candidates to serve on the first board of the new college.

Two years later, Barrington School District 224 (now Unit School District 220) annexed to the Harper district, and the boundaries of Harper's 200 square mile constituency were established to become Illinois Community College District No. 512.

Since its inception, Harper College has been most fortunate in having trustees possessing the capacity to work together in planning programs, solving problems, and establishing goals unique in the annals of the northwest suburbs. The first board meeting was held in May 1965. The College had no name, no staff, and no facilities but it did have seven dedicated individuals determined to establish a community college worthy of the area it serves.

During the first year a president was hired, architects were selected to design and plan a campus, the campus site was chosen, and a decision was made to adopt the name of William Rainey Harper College in honor of the "father" of the two-year college concept.

Voters in the district approved a $\$ 7,375,000$ building referendum by a margin of $4-1$ to begin Harper's second year. By September 1967, the College was staffed and operating with more than 1,700 students attending evening classes at Elk Grove High School and ground had been broken for a new campus. Harper College was a reality.

Harper serves as a cornerstone in Illinois educational history as the first two-year institution to complete Phase I of its building construction and the first to receive unqualified full accreditation only six years after its founding (1971).

Throughout its history, Harper has had a record of monumental growth. The 1967 enrollment of 1,725 students jumped to 3,700 in one year, double the projections. In fall 1969, when the doors opened on Harper's new campus, 5,350 students were enrolled. In the 2003 school year, the College enrolled nearly 25,000 (credit) students.

The College employed numerous off-campus locations, instituted a Weekend College program, and opened an extension campus at Willow Park Center in 1975 to provide additional classroom space for day and evening offerings. The Northeast Center subsequently moved to the Hawthorne School in Wheeling and, in the fall of 1982, to the Stevenson School in Prospect Heights.

A successful referendum, held in September 1975, provided funds for the College to proceed with completion of the present campus, purchase land for a second site, and construct the first phase of buildings on that site when required by enrollment increases.

Buildings $G$ and $H$ were completed and classes began in the facilities in 1977. The Wellness and Sports Center and Buildings I and J opened to classes in the 1979-80 academic year. All plans were subject to approval by the Illinois Community College Board and the Illinois Board of Higher Education.

In 1982, the College established a training center in cooperation with high technology firms in the area. The center was designed to provide instruction and resource materials relating to computer-aided design (CAD) and manufacturing. The innovative educational program of the CAD Center was structured to assist high technology firms in training their employees, as well as to provide some instruction in this developing technology to students in Harper programs. In 1986, the CAD Center was relocated from a Schaumburg office to Building H at the campus.

In February 1985, residents of the college district approved a tax rate increase for operation of the College. This was the first increase in tax support for the educational programs, services, and operating expenses of Harper College in the 20 years since the College was established.

Changes in population trends over the past 10 years indicated that a second campus would not be needed to accommodate projected enrollment, and the decision was made to sell the property, which had been purchased in Arlington Heights. The sale was finalized in 1986.

In August 1993, the College opened the Publications and Communication Services building, now called the Marketing Services Center. In the spring of 1994, Building L was opened. This building includes the Liberal Arts division office, classrooms and faculty offices, as well as the College Bookstore. First floor space includes a Black Box theatre for instructional use and 3-D art studios devoted to ceramics, sculpture, stagecraft, and metal work. The two buildings were part of a building phase that also included renovation plans in existing buildings. Building $F$ was completely renovated in 1994-95 to provide for space on the third floor for the departments and programs of the Academic Enrichment and Language Studies Division and to give appropriate space to the Learning Resource Center on the first and second floors. Occupancy was taken in
the spring and fall of 1995. Renovations completed in 1996 included the addition of a large computer lab in Building I and updating of Building V.

The Board of Trustees approved the first and the second phase of the Technology Plan in 1995 and 1996. The campus computer network was completed in 1996, providing links between offices and classrooms and the Internet with a variety of network resources to position Harper for higher education in the next century. In 1998, the College embarked upon implementing a new shared governance structure and the publication of the College's first comprehensive strategic long-range plan.

Groundbreaking for the new Performing Arts Center and Instructional Conference Center was held on May 18, 2000. The new buildings were partially funded by the Illinois Capital Development Board.

During the summer of 2000, Harper College held "Discovery Sessions" with various community members, business leaders and students and talked about some of the key challenges facing the College to "discover" what the community really wanted from Harper. The Community Response Team (CRT), which was subsequently formed, presented several recommendations to the Board of Trustees, which identified science, technology and health care as top priorities for the College to address.

At a special board meeting on August 16, 2000, the Harper College Board of Trustees was presented with the first comprehensive long-range Campus Master Plan in the history of the College. The plan, which represents a vision for the next 12 years and includes the CRT's priorities, is a dynamic plan intended to guide the College into the future. It will be revised periodically to see that it still reflects the needs of the College and the community it serves.

On November 7, 2000, the Harper College district residents resoundingly voted to pass an $\$ 88.8$ million referendum to build a new facility to house Harper's growing science, technology and health care programs. Construction of the science, emerging technology, and health career center began in the fall of 2001 .

On August 29, 2001, Harper College opened a new facility in Schaumburg for the TECH (Technical Education and Consulting at Harper) program. Today, the facility now called the Harper Professional Center, is the site for the new Fast Track program, as well as TECH. It is centrally located to provide easy access for students who work or live in the Schaumburg area.

In the fall of 2002, the conference center opened and was named the Wojcik Conference Center in recognition of a $\$ 1.1$ million member initiative grant given to Harper by Illinois State Representative Kay Wojcik. The Wojcik Conference Center houses one of the largest business amphitheaters in the northwest suburbs and offers an array of resources for companies and organizations to provide professional development and interactive education activities to their employees.

The Performing Arts Center opened in the spring of 2003. In addition to providing new expanded educational opportunities for students, the Performing Arts Center will continue to attract wellknown entertainers and celebrities to campus.

In 2004, Harper College served a total of 37,338 credit and noncredit students during the summer, fall, and spring terms making Harper one of the largest community colleges in the country.

In the fall of 2004, Harper College opened Avanté, Center for Science, Health Careers, and Emerging Technologies. The state-of-art learning facility encompasses 288,500 square feet of space, an area equal to six and one-half acres. Avanté houses 10 major academic programs including nursing, dental hygiene, medical imaging, cardiac care, electronics, computer science, biology, and chemistry.

The name Avante implies "advancement" or "moving forward," and that is the purpose of the building; to create an inspiring environment to advance teaching and learning in the sciences, technology, and health care for current and future generations.

In 2005, Avanté was selected as a Merit Award finalist by the Chicago Building Congress ( CBC ). The CBC praised Avante for its distinctive design, outstanding construction and its positive impact on the surrounding community.

In 2006, Harper College was granted authority by the Higher Learning Commission to grant online degrees and grant degrees from two off-campus locations, Northeast Center (NEC) and Harper Professional Center (HPC). The College also received the only National Science Foundation Undergraduate Research grant awarded to a community college.

# Philosophy, Mission and Vision Statements 

## PHILOSOPHY STATEMENT

We at Harper College believe that our charge is to facilitate active learning and foster the knowledge, critical thinking, and life/work skills required for participation in our global society. We work with our community partners to enrich the intellectual, cultural, and economic fabric of our district. We believe that excellence in education must occur in an ethical climate of integrity and respect. We hold that the strength of our society is rooted in our diversity and that it is through synergy that we achieve excellence.

## MISSION STATEMENT

Harper College is a comprehensive community college dedicated to providing excellent education at an affordable cost, promoting personal growth, enriching the local community and meeting the challenges of a global society. The specific purposes of the College are:

- To provide the first two years of baccalaureate education in the liberal and fine arts, the natural and social sciences and pre-professional curricula designed to prepare students to transfer to four-year colleges and universities.
- To provide educational opportunities that enable students to acquire the knowledge and skills necessary to enter a specific career.
- To provide continuing educational opportunities for professional job training, retraining and upgrading of skills, and for personal enrichment and wellness.
- To provide developmental instruction for under-prepared students and educational opportunities for those who wish to improve their academic abilities and skills.
- To provide co-curricular opportunities that enhance the learning environment and develop the whole person.

Essential to achieving these purposes are all of the College's resources, support programs, and services.

## VISION STATEMENT

Committed to academic integrity and excellence, Harper College will be a leader in teaching and learning, transforming lives by responding to the needs of the individual and the community.

Table 5. Race/Ethnicity for Harper's District (2006 Estimates)

| Race/Ethnicity |  | N | \% |
| :---: | :---: | :---: | :---: |
| Hispanic American* |  | 70,542 | 13.7\% |
| Including Hispanic or Latino | Caucasian American | 410,560 | 80.0\% |
|  | African American | 10,886 | 2.1\% |
|  | Native American | 952 | 0.2\% |
|  | Asian American | 60,719 | 11.8\% |
|  | Pacific Islanders | 258 | 0.1\% |
|  | Other American | 18,643 | 3.6\% |
|  | Two or More Ethnic Categories | 11,214 | 2.2\% |
| Grand Total |  | 513,231 | 100.0\% |
| *Hispanic Americans are included in the categories as well as being separated by Hispanic surname into a category called "Hispanic American." Percents are not comparable to Table 4 percentages. |  |  |  |

Source: Southern Illinois University (SIU) Estimates for District 512

## NOTE:

Table 4 numbers are from Census 2000 Block Groups that contain Harper College District 512 residents. Table 5 numbers are obtained from SIU estimates for Harper College, District 512 using Census updates (estimated). The two processes for "mapping" the district result in different total population estimates; as estimated by SIU, the total population residing in Harper College District 512 is lower than in Table 4.

## Illinois Community College System Overview

Harper College is one of the colleges in the Illinois Community College System. In 1965, the Illinois General Assembly established the Illinois Community College Board to create a system of public community colleges that would be within easy reach of every resident. Forty years later, the Illinois Community College System covers the entire state with 48 colleges and one multi-community college center in 39 community college districts. Community colleges serve nearly one million Illinois residents each year in credit and noncredit courses and many more through their public service programs. ${ }^{1}$

Currently, there are 40 public community college districts composed of 49 colleges. Thirty-eight of the districts have a single college while two districts are multi-college. Since July 1990, the entire state has been included within community college district boundaries. ${ }^{2}$

- The first community college in the nation was established in Illinois .- Joliet Junior College -- in 1901.
- Illinois is the third largest community college system in the nation.
- 39 community college districts, which contain 48 community colleges statewide, serve the diverse needs of Illinois' adult population.
- The average community college full-time student pays only $\$ 1,400$ per year in tuition and fees.
- Community colleges offer training in over 240 different occupations.
- Almost three-fourths of the occupational program graduates are employed in the community college district where they were trained.
- Community colleges helped to create and retain over 135,000 Illinois jobs in the last five years through economic development initiatives. ${ }^{3}$

The Illinois Community College Board consists of 11 members appointed by the Governor and confirmed by the Senate for six-year terms. One student member is selected by the ICCB Student Advisory Committee for a one-year term. The Board Chair is selected by the Governor. Board meetings are held six times per year (January, March, May, June, September, and November). July and December meetings are scheduled on a subject-to-call basis. ${ }^{4}$

[^3]The ICCB accepts its role as a coordinating agency and believes that, in this role, it is an integral partner with local boards of trustees in providing a framework for successful learning experiences for all Illinois residents. The ICCB commits itself to the following principles in implementing its coordinating responsibilities for the community college system.

- Society's values can and must be shaped and revised by community colleges, where leadership, integrity, humanity, dignity, pride, and caring are purposefully taught and modeled.
- The focus of all activities within the system should be quality and excellence.
- Expressions and manifestations of bigotry, prejudice, and denigration of character are intolerable in the Illinois community college system.
- Experiences of community college students should be directed at developing each individual into an informed, responsible, and contributing citizen.
- No individual is inherently more important than another, and each must be provided an equal opportunity to achieve success regardless of heritage or environmental condition.
- The Illinois community college system has a responsibility to assist communities in identifying and solving those problems that undermine and destroy the fibre of the community.
- The Illinois community college system has a responsibility to be accountable, both for its activities and its stewardship of public funds. ${ }^{5}$

## Harper College Educational Foundation

#### Abstract

The Harper College Educational Foundation was established in 1973. This nonprofit organization, whose members are appointed by the Harper College Educational Foundation Board of Directors, provides additional funding for the College. Funds are used to provide various types of support including scholarships and awards, excellence in teaching and learning programs, and construction and renovation projects. The Foundation manages more than 200 scholarships, awards and program development funds that were created by individuals and corporations dedicated to providing an opportunity for everyone to receive higher education.

The Harper College Educational Foundation is a nonprofit 501(c)(3) organization that provides funding and resources for Harper College not available through normal government and tax sources. Money and resources raised by the Foundation are used to provide an edge of excellence to College programs.

## Chapter II Organization and Administration

The administrative structure of Harper College is organized into eight functional areas: Academic Affairs, Administrative Services, Community Relations, Enrollment \& Marketing, Information Technology, Strategic Planning \& Alliances, Student Affairs and Human Resources/Diversity and Organizational Development. The President chairs and is assisted by the President's Council, an advisory body composed of the Vice President Academic Affairs, Vice President Administrative Services, Vice President for Community Relations and Executive Director of Foundation, Vice President Enrollment and Marketing, Vice President Information Technology, Vice President Strategic Planning and Alliances, Vice President Student Affairs, Associate Vice President for Human Resources/Diversity and Organizational Development, and the Assistant Vice President for Communication and Legislative Relations.

This section of the Fact Book graphically displays the College's organizational structure and the governance structure of the College.

[^8]

* 13 Positions Including 1 Vacancy.

## Shared Governance

## PURPOSE

The Shared Governance System is composed of interrelating committees with members who are elected or appointed representatives from various college constituencies. Four components comprise the system and include the Oversight Committee, the Academic Committees, Deans Council and Faculty Senate, the College Assembly and Assembly Committees and the Programmatic Committees. The structure and this document will be revised as appropriate by the Oversight Committee in order to adjust to the changing needs of the College.

## PHILOSOPHY

The Harper College Shared Governance Structure assures that those with primary responsibility and expertise in each area help make the decisions. Recognizing that the student must be at the center of our community, the system and the following document demonstrate our belief in the core values of our institution: Respect, Integrity, Collaboration, and Excellence.

The strength of Shared Governance rests in the checks and balances offered through the committee structure. It is intended that committee membership include representatives of all permanent employee groups from all areas of the College and students as appropriate. Committee members examine ideas, rationales, and consequences regarding an issue. Shared Governance enables the varied constituencies to influence the planning and growth of the College and promotes personal commitment to the College goals. Participation promotes a healthy climate in which Shared Governance functions effectively.

[^9]
## COMMITTEE SOLICITATION AND APPOINTMENT

For Shared Governance to succeed, it is important that all Harper College employees become active participants as appropriate. Each spring, the Oversight Committee will post on the Harper Internal Publications (HIP) Web site a listing of committee vacancies and brief descriptions of each committee. A Committee Appointment Request Form will also be posted and those interested in being appointed to a committee may complete the form and submit it to the appropriate party as listed on the form.

Committee appointments will be made by the appropriate constituency. Membership on Academic Committees, College Assembly Committees and Programmatic Committees may be shared to facilitate communication.

## CONSENSUS BUILDING

A group reaches consensus when one conclusion is preferred over others. A committee takes this position for the well being of the whole committee and not for individual interests. Seeking consensus enhances group cohesiveness and increases commitment to decisions. Consensus building can be a time consuming process. In recognition of this fact, if consensus cannot be reached after two meetings, a vote may be taken.

A false consensus may occur when committee members agree to or vote on decision but do not actually support it and will work to undermine the decision. If this situation occurs, conflict resolution must resolve the situation.

## SHARED GOVERNANCE COMMITTEES AND THEIR PURPOSE/CHARGE ${ }^{2}$

## Oversight Committee

To work collaboratively to see that the Shared Governance structure works smoothly and to address any issues of general concern.

Academic Committees

## Academic Standards

To establish and maintain high academic standards and provide systems for faculty and students to monitor student achievement.

[^10]
## Assessment and Testing

To develop and coordinate College programs and procedures for placing students in classes and awarding credit by examination.

## Curriculum

To review and make recommendations concerning associate degree and/or certificate courses and programs and to serve as an institutional resource for curriculum planning and development.

## Instructional Technology

To promote the integration of technology into the teaching and learning objectives of the College.

## College Assembly Committees

## College Assembly

To consider issues of campus-wide interest that have budgetary and policy implications.

## Facilities

To monitor the physical environment of the College which affects the accessibility, safety and the appearance of the College.

## Human Resources

To develop and coordinate programs and procedures that enhance the capability and proficiency of College employees to carry out the College's mission.

## Institutional Planning

To research, discuss, review, evaluate, and make recommendations related to institutional planning.

## Institutional Technology Planning

To research, discuss, review, evaluate, and make recommendations related to institutional technology issues.

## Student Life

To review issues and events which affect student life at the College.

## Wellness

To develop those programs and activities which contribute to the physical, intellectual, spiritual, psychological, environmental, and social well-being of the College community. To monitor those aspects of the physical environment for factors which affect the health, safety, and well-being of those who work at and utilize Harper College.

## Diversity

To assist in coordinating, implementing, and further developing the College's Diversity Plan.

## Programmatic Committees

## Cultural Arts

To plan programs for the College and community which are representative of the various arts -- drama, art, dance, film, music, and literary arts -- and sponsor forums for the discussion of issues and ideas.

## Graduation

To plan and conduct the annual commencement and academic convocation ceremonies.

## Honors/Phi Theta Kappa

To coordinate and implement the Honors Program and the Phi Theta Kappa honors society at Harper College.

## International Studies and Programs

To coordinate the development, growth, and effectiveness of international and diversity issues and programs.

## Learning

To coordinate and implement Learning Communities at Harper College.

## Marketing

To provide input into the strategic marketing and enrollment plan of the College as defined by the Marketing and Enrollment goals set forth by the annual priorities in the Strategic Long Range Plan.

Teaching and Learning
To coordinate, support, and implement initiatives to support the teaching and learning agenda of the College.

## Chapter III Credit Students

The chapter is divided into seven parts: Applicants Profile, Fall Semester Profile of Enrolled Credit Students, Annual Credit Enrollments, Annual Profile of Enrolled Credit Students, Retention Analyses, Degrees and Certificates Awarded, and Profile of Students Awarded Degrees or Certificates.

## Applicants Profile

*Standard Deviation = A measure of how much the data varies. When the standard deviation is large (especially relative to the mean), the data is spread out with high and low values. When the standard deviation is small, the data tend to be clustered closer to the mean value.

*Standard Deviation = A measure of how much the data varies. When the standard deviation is large (especially relative to the mean), the data is spread out with high and low values. When the standard deviation is small, the data tend to be clustered closer to the mean value.

## Retention Analyses

## Semester Completion Rates

Semester completion rates refer to percent of students remaining enrolled in at least one course during a semester.

Table 46. Fall Completion Rates (2002-2006)

## Retention Rates for New Student Cohorts

A "new student cohort" consists of students taking credit courses, excluding ESL and AED, who were new to Harper during the fall semester or who were new to Harper during the summer semester and continued at Harper in the fall. Students that took only ESL or AED courses initially but later began other credit courses were included in the fall cohort where non-AED and non-ESL credit courses were first taken. Cohorts are named for the fall semester started. For example, the Fall 2006 Cohort refers to the new credit student starting during the Fall 2006 semester (or summer 2006 semester if they continued during the fall semester).

## Overall Retention Rates for New Student Cohorts

## Chapter IV Noncredit Students

Chapter IV is divided into two parts: Continuing Education and Harper College for Businesses. The Continuing Education section presents a brief description of the division and summary tables that show the number of students served, program areas offered and duplicated headcount by program area.

The section on Harper College for Businesses describes its services and presents the mission statement and the highlights from fiscal years 2006 and 2007.

## Continuing Education

The Continuing Education Division of Harper College offers classes designed to promote personal growth and provide professional development. This unit of the College responds quickly to needs for new professional skills, trends in leisure activity and advances in technology by providing noncredit classes and certificates. Students of all ages, from children to older adults, are offered classes that enrich and enhance their life experiences. Day and evening classes are offered at the main campus and at several extension sites within the College's service region.

The following section presents summary tables that show the number of students served, program areas offered and duplicated headcount by department.

Table 60. Age Groups of Continuing Education Students

## Chapter VI Facilities

Harper's main campus in Palatine includes 23 buildings. The main campus buildings and two extension sites account for more than one million square feet of space. The following chapter gives a brief overview of the campus. It includes a campus map, a map and list of extension sites, list of buildings' acceptance dates and their square footage, total square footage by type of use, and a land and parking summary.

## Information Technology

## Technical Services

Systems and services include:

- The Harper College Computing Network (HCCN) that interconnects all student, lab, and administrative systems and provides external Internet connectivity.
- Telecommunication services supporting both voice and data communications within the main campus and connections to remote sites.
- Shared and dedicated system servers supporting basic desktop computing services such as file and print, e-mail, and calendaring.
- Administrative system servers providing database and application support for key systems such as Regent and the Oracle ERP (Phoenix) Applications and the Harper internal Web sites.
- Production support services providing $24 \times 5$ system monitoring, off-site back-up rotation, and output services such as report distribution and mass mailings.
