COLLEGE BUDGET FOR 1980-81 FISCAL YEAR

The proposed budget for the 1980-81 budget year is attached. This budget presents the estimated revenue and expenses necessary to finance the educational program at Harper College. Implicit in its presentation is the commitment to operate within these limitations.

Included in this document are revised purpose statements for each budget area, program inputs as represented by this budget, and expected program outputs as delineated under program functions.

Enrollment for the 1980-81 academic year is projected to increase from 6839 to 6890 full time equivalent students, an increase of 0.8 percent over the previous year. Contingency funds have been provided and will be used if enrollments exceed the planning assumption.

The following information should be noted in a review of the 1980-81 College budget.

 It is anticipated that, for 1979-80 fiscal year, revenues will exceed expenses at least \$900,000 in the Operating Fund. This is exclusive of the transfer of \$1.8 million from the Site and Construction Fund.

This excess was the result of an increase in enrollments, favorable interest earnings on investments, and the delay in the opening of the Physical Education Building which deferred operational costs.

- 2. The 1979-80 excess will offset the loss in state aid under the new state funding formula which limits state funding to the 1978-79 enrollment level of 6549 FTE. Additional 1979-80 excess funds are being utilized for capital improvement projects.
- 3. The long-range financial plan shows a gradual decline in fund balances with a cash flow shortage in 1983-84.
- 4. Tax revenue should continue to increase but at a slower rate than projected expenditures.

- 5. Chargebacks will continue to decline as a result of the continued development of colleges in neighboring districts.
- 6. Three new buildings (I, J and M) have been completed and opened.

The completion of these buildings has increased per student costs significantly in the 1980-81 year, reflecting program improvement and the upgrading of instructional facilities.

This budget plan has been prepared to provide the Board and staff with detailed financial information concerning the educational commitments of Harper College. The past two years have provided many challenges for the College. The College will, however, continue to provide a strong educational program for this district in 1980-81.

COLLEGE BUDGET

I. The College Budget and The Law

- A. "The Tenth Amendment of the Constitution of the United States, with certain limitations imposed by judicial interpretations, reserves the responsibility for education to the States, or to the people."
- B. Article Eight of the Illinois Constitution states: "The General Assembly shall provide a thorough and efficient system of free schools, whereby all children of this State may receive a good common school education."
- C. Under this mandate, the courts have said that the State owns all public school facilities and the management of them rests entirely in legislative discretion. Recognizing the desirability of local control, the State legislature has provided for organization, according to desires of the people. Local governing boards are elected to govern the school districts, within State law, in all matters pertaining to education. All lands, monies, or other property, donated, granted, or received for school, college, seminary or university purposes and the proceeds thereof, shall be faithfully applied to the objectives for which such gifts or grants were made.
- D. William Rainey Harper College was established as a Class I junior college under the Illinois Master Plan for Higher Education of 1964, as implemented by the State General Assembly with the Public Junior College Act of July, 1965.
- E. The Public Community College Act, Section 3-1 et. seq. sets forth the requirements concerning the annual Community College Budget.
 - The Board of each community college district shall, within or before the first quarter of each fiscal year, adopt an annual budget which it deems necessary to defray all necessary expenses and liabilities of the district, and in such annual budget shall specify the objectives and purposes of each item and amount needed for each objective or purpose.
 - 2. The budget shall contain a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year. The estimate of taxes to be received may be based upon the amount

- 1 -

of actual cash receipts that may reasonably be expected by the district during such fiscal year, estimated from the experience of the district in prior years and with due regard for other circumstances that may substantially affect such receipts.

- 3. The Board of each district shall fix a fiscal year.
- 4. Such budget shall be prepared in tentative form by some person or persons designated by the Board, and in such tentative form shall be made conveniently available to public inspection for at least thirty days prior to final action thereon. At least one public hearing shall be held as to such budget prior to final action thereon. Notice of availability for public inspection and of such public hearing shall be given by publication in a newspaper published in such district, at least thirty days prior to the time of such hearing.

II. The College Budget and the Board

The Board, duly elected by the people in each college district, is responsible for the college budget, its formation, adoption and implementation. The following resolutions reflect the official acts of the Board concerning the college budget.

A. Designate A Person or Persons to Prepare A Tentative Budget

The Board must, by resolution, designate some person or persons to prepare a tentative budget. The suggested form of resolution follows:

BE IT RESOLVED by the Board of Trustees of Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, that ______ be and is hereby appointed to prepare a tentative budget for said college district for the fiscal year beginning July 1, 19 , and ending June 30, 19 , which tentative budget shall be filed with the Secretary of this Board.

B. Presentation of Tentative Budget and Resolution Concerning Notice of Public Hearing:

The Finance Committee presented a Tentative Budget for the fiscal year July 1, 19 to June 30, 19 , to the Board and recommended that it be placed on file until the public hearing. Whereupon moved, seconded by , that the following notice of public hearing be published in the following newspapers published in the Community College District,

- 2 -

"Notice is hereby given by the Board of Trustees of Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, that a tentative budget for said community college district for the fiscal year July 1, 19 ______ through June 30, 19 ___, will be placed on file and conveniently available to public inspection at Harper College, Administration Offices, Algonquin and Roselle Roads, Palatine, Illinois, commencing _______, 19 ___, at ______ a.m.

"Notice is further given that a public hearing on said budget will be held at ______p.m., on the ______ day of _____, 19___, at the regularly scheduled Community College Board meeting.

Dated this _____ day of _____, 19_."

Board of Trustees of Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois

Secretary

C. Make Any Needed Changes in the Budget

If, as a result of the public hearing, it is determined that certain changes in the budget are needed, these changes should be made before the budget is adopted.

D. Resolution Concerning Adoption of Budget

moved, seconded by _____: WHEREAS the Board of Trustees of Harper College, Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, caused to be prepared in tentative form a budget for the fiscal year July 1, 19_____ to June 30, 19__, and the Secretary of this Board had made the same conveniently available to public inspection for at least thirty (30) days prior to final action thereon;

AND WHEREAS a public hearing was held as to such budget on the _____ day of _____, 19__, notice of said hearing being published in the _____

, newspapers published or

distributed in this College District, at least thirty (30) days prior thereto as required by law, and all other legal requirements having been complied with;

NOW THEREFORE, BE IT RESOLVED by the Board of Trustees of Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, as follows: <u>Section 1.</u> That the fiscal year of this college district be and the same is hereby fixed and declared to begin on the 1st day of July, 19_____ and end on the 30th day of June, 19____.

Section 2. That the following budget containing an estimate of amounts available in the Educational, Operations, Building and Maintenance, Bond and Interest, and Site and Construction Funds, each separately, and of expenditures from each of the aforementioned funds, be and the same is hereby adopted as the budget of this Community College District for the said fiscal year.

E. Budget Transfers

If it is found that during the school year it is necessary to amend certain budget amounts, the Board may make transfers between the various items in the budget of any fund in amounts not exceeding in the aggregate 10% of the total budget of that fund.

F. Amendment of the Budget

If it is found that these transfers must exceed this 10% limitation, or if it is determined that the total expenditures of any fund are to exceed the budgeted total of that fund, the Board should amend the budget by the same procedure as used in its original adoption.

G. Resolution and Certificate Concerning Tax Levy

moved, seconded by

BE IT RESOLVED that the following Resolution and Certificate of Tax Levy for 19 be approved and adopted by the Board of William Rainey Harper College, Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, and that the certificate of levy be filed with the County Clerks' offices of Cook, Kane, Lake and McHenry Counties, State of Illinois, in accordance with the provisions of 3-20.5 of the Public Community College Act:

- 4 -

We hereby certify that we require the sum of \$_______ to be levied as a special tax for Workmen's Compensation or Occupational Diseases Acts Insurance Premium purposes on the equalized assessed value of the tax property of this district for the year 19 .

Bond and Interest Levy to be determined by each of the County Clerks.

Signed this _____ day of _____, 19___,

Chairman

Secretary

Board of Trustees of Community College District #512, Counties of Cook, Kane, Lake and McHenry, State of Illinois.

THE ILLINOIS COMMUNITY COLLEGE BOARD

The Illinois Community College Board was created by the Public Junior College Act, and its powers are defined by law. The State Board's primary function is to guarantee statewide planning. In addition, it serves as a body that may accept federal funds for redistribution to the community colleges of the State and enter into contracts with other governmental bodies.

The Illinois Community College Board also retains the power to establish efficient and adequate standards for the many facets of community colleges. Finally, the Illinois Community College Board serves as a coordinating agency for studies of policies, standards, student characteristics, and other subjects.

The nature of powers of the Illinois Community College Board are such that they both encourage and complement effective local Boards of Trustees for individual community colleges.

BOARD OF TRUSTEES

The role of the Board of Trustees is defined in the provisions of the Illinois Public Community College Act as contained in Section 101 et. seq., ch. 22, Illinois Revised Statutes. It is also set forth in the Harper College Policy Manual.

The following functions are those that constitute some specific tasks to which the members of the Board of Trustees must address their efforts:

- Selecting a president who shall be the administrative head of the college, directly responsible to the Board of Trustees for the total administration of the college district. The Board shall vest in the president the necessary authority and provide him with appropriate personnel to carry out the educational program of the college district.
- Providing policy which will substantiate all claims for state aid and maintenance of such records for three (3) years.
- 3. Providing policy for the revenue necessary to maintain the college.
- 4. Designating the treasurer who is to receive the taxes of the district and notify the collector in writing accordingly.
- 5. Adopting and enforcing all necessary policies for the management and government of the college.
- 6. Providing policy for the appointment of all teachers and fixing the amount of their salaries.
- 7. Providing policy for the admission of students which does not conflict with the laws of the State of Illinois.
- 8. Establishing policy and regulations governing conditions under which any person, persons, or associations may acquire, or collect funds in the name of the college.
- 9. Providing policy for securing adequate insurance as provided by the law.
- 10. Performing such other acts as are required by the laws of the State of Illinois or the Illinois Community College Board.

HARPER COLLEGE FINANCIAL PLAN OF OPERATION

I. Financial Plan of Operation for Harper College

For the purpose of carrying out the entire educational program of this district, the Board, in accordance with the law, has established the following funds for operation. A fund may be defined simply as a sum of money segregated for the purpose of carrying on specific activities or attaining certain objectives. Each fund is a completely separate entity that must maintain its own financial integrity without permanent assistance from another fund.

A. Educational Fund (100-000-000)

The Educational Fund is established by Section 103-1 of "The Illinois Public Community College Act." The statutory maximum tax rate for the Educational Fund is 75¢ per \$100 equalized assessed valuation. The present rate for Harper College is eleven cents (11¢) per \$100 equalized assessed valuation.

This fund is for the purpose of financing the cost of the academic and service programs. It includes the cost of instructional, administrative and professional salaries, supplies and equipment, library books, materials, maintenance of instructional and administrative equipment, and other costs pertaining to the educational program. (See Section 103-20.3 of the "Public Community College Act.")

The Board of Trustees may make a determination within the budget for the distribution of revenues other than local property taxes among the operating funds.

B. Operations, Building and Maintenance Fund (200-000-000)

The Operations, Building and Maintenance Fund is established by Section 103-1 of "The Illinois Public Community College Act." The statutory maximum tax rate is set at ten cents (10¢) per \$100 equalized assessed valuation. The present rate for Harper College is four cents (4¢) per \$100 equalized assessed valuation.

This fund is for the purpose of maintaining and improving existing buildings and grounds, as well as the fixtures and equipment which are a permanent part of the buildings and grounds. Payments on insurance on buildings are to be made from this fund. (See Section 103-20.3 of the "Public Community College Act.")

- 1 -

C. The Site and Construction Fund (300-000-000)

The Site and Construction Fund is established by implication as authorized in Section 103A-1 of the "Illinois Public Community College Act." This section of the act refers to the Illinois School Code, in the case of bonding for building, equipping, altering, or repairing buildings or purchasing or improving sites, or acquiring and equipping playgrounds, recreation grounds, athletic fields, and other buildings or land used or useful for community college purposes, the reference is specifically directed to Section 19 of the Proceeds from the sale of general obligation School Code. bonds and interest earned are to be accounted for in this Bonded indebtedness of local governments in the State fund. of Illinois is subject to the five percent constitutional limit (an amount equal to five percent of the equalized assessed valuation of the district).

Operations, Building and Maintenance Fund (Restricted) (300-000-000) (New for 1980-81)

Funds may be accumulated for the construction of buildings and site acquisition. Section 103-14 permits an accumulation of funds not to exceed an amount equal to five percent of the equalized assessed valuation of the district. The accumulated funds may not be used for any other purpose. Taxes levied for accumulation purposes should be so defined by resolution of the Board of Trustees stipulating the rate levied for such purposes, total amount to be accumulated, and specific use intended. Funds that are being accumulated should be accounted for separately in the Operations, Building and Maintenance Fund (Restricted).

The local Board of Trustees may make a determination within the budget for the distribution of revenues other than local property taxes among the operating funds.

D. Bond and Interest Fund (400-000-000)

The Bond and Interest Fund is established by Article IIIA of the "Illinois Public Community College Act."

This fund is for the purpose of retiring debt from the sale of general obligation bonds. Bonded indebtedness of local governments in the State of Illinois is subject to the five percent constitutional limit (an amount equal to five percent of the equalized assessed valuation of the district).

E. Auxiliary Enterprises Fund (500-000-000)

The Auxiliary Enterprises Fund is established by Section 103-31.1 of the "Illinois Public Community College Act." This section provides statutory authority for the Auxiliary Enterprises Fund and exists to furnish a service to students

- 2 -

and staff for which a fee is charged that is directly related to, although not necessarily equal to, the cost of the service. Only funds over which the institution has complete control and freedom of use are to be included in this fund. The general public may incidentally be served. Examples are: food services and student stores; intercollegiate athletics is also included in this fund. Subsidies for auxiliary services by the Educational Fund, Operations, Building and Maintenance Fund, or Restricted Purposes Fund, would be shown as expenditures to the appropriate fund. Each enterprise should be accounted for individually.

F. Restricted Purposes Fund (600-000-000)

The Restricted Purposes Fund is established by the following sections of the "Illinois Public Community College Act."

- 103-39....concerns the acceptance of federal funds for all types of instructional programs, student services and counseling, and construction of physical facilities.
- 103-39.1...allows the acceptance of gifts, grants, devises and bequests from any source if made for community college purposes.
- 103-40....permits the entering into of contracts with any person, organization, association, or governmental agency for providing or securing educational services.
- 103-27(c)..authorizes the Board of Trustees to establish rules and regulations governing conditions under which classes, clubs, and associations may acquire and collect funds in the name of the college, under such regulations as the State Board may prescribe. The purpose of this fund is to receive and hold funds in the custody of the college acting as custodian or fiscal agent for another agency such as mentioned above. The college has an agency rather than a proprietary interest in these funds.

Restricted Purposes Funds are those funds restricted as to use and for which a specific fund has not been otherwise provided in this fund structure. These are to be contrasted with funds over which the institution has complete control and freedom of use and with funds of a restricted nature.

Under most conditions, revenues and expenditures from any of the four preceding categories (including any federal and state grants for projects or student aid, any gifts or bequests for specific purposes, any projects carried out under contractual arrangements with any person, organization, association, or governmental agency, any scholarship or loan funds, any endowment funds, and any agency funds) should be accounted for within the Restricted Purposes Funds. Public Service or Organized Research Programs may be accounted for in this fund.

Each specific project or fund should be accounted for by a complete self-balancing group of accounts, or sub-fund, within the Restricted Purposes Fund. Care should be taken in establishing each self-balancing group of accounts that the accounting and reporting requirements of the grantor will be met by the accounts. If the grantor provides an accounting manual, the accounts required by the grantor should be used in the self-balancing group of accounts.

Any matching contributions required should be transferred from the appropriate fund, and all expenditures for the project should be made from the Restricted Purposes Fund. In transferring these matching contributions, the transferring fund should show a debit to "Transfers to Other Funds--Matching Contributions" and a credit to "Cash" or an appropriate expenditure account for in-kind contributions and a credit to "Transfers from Other Funds--Matching Contributions."

G. Working Cash Fund (700-000-000)

The Working Cash Fund is established by Section 103-33.1 of the "Illinois Public Community College Act." This fund may be established by resolution of the Board of Trustees for the purpose of enabling the Board to have on hand at all times sufficient cash to meet the demands for ordinary and necessary expenditures. Outstanding bonds may be issued in an amount or amounts not to exceed at any one time 75% of the total taxes from the authorized maximum rates for the Educational Fund and the Building and Maintenance Fund combined. These bonds may be issued by resolution of the Board of Trustees without voter approval. That portion of the Working Cash Fund used for the payment of the principal of and interest on Working Cash Fund Bonds and any costs directly related to such payments shall be accounted for by use of a self-balancing group of accounts within the Bond and Interest Fund. Section 103-33.1 through Section 103-33.6 of the Illinois Public Community College Act relate to various provisions for the Working Cash Fund.

H. Investment in Plant Fund (800-000-000)

Authority for this fund is implied through Section 103-30 which allows the Board of Trustees powers requisite or proper for the maintenance, operation, and development of any college or colleges under its jurisdiction. Plant is defined as the physical property owned by the college; and this fund is established for the purpose of accounting for land, buildings, and equipment.

- 4 -

I. Long-Term Liabilities Fund (900-000-000)

Authority for this fund is implied through Section 103-30 of the "Illinois Public Community College Act." This fund exists to provide for the recording of liabilities that exist beyond the current year's operation.

J. Imprest Cash Fund

A separate bank account that provides funds for immediate expenditure. This fund is reimbursed to its established amount each month.

II. Source of College District #512 Monies--Educational Fund

A. Local Resources

Harper College will obtain 28.3% of its income from real estate taxes. The present tax rate is 11¢ per \$100 of equalized assessed valuation.

The following table shows an analysis of current (1978) tax rates by fund:

Tax Rate Description	Education	Building	Bond & Int.	Liab. Ins.
Present Dist.512 Tax Rates	.11	.040	.061	.021
Single Referendum Tax Rate Increase	.125	.05	No limit*	N.A.
Maximum Tax Rate with Referendum	.75	.10	No limit*	N.A.

*The total outstanding debt of the college cannot exceed 5% of the equalized assessed valuation.

B. Intermediate Resources

- Harper College will obtain 34.5% of its income from student tuition. Resident tuition is \$19.00 per semester hour.
- 2. Non-resident tuition is based on cost less state aid and resident tuition charges that are paid by all students. Harper College will obtain 1.3% of its income from chargebacks to those areas outside the Harper district that do not have community colleges. As community colleges have now annexed all of the northeastern Illinois non-district areas, this source of revenue will reduce significantly. This loss of revenue will have to be replaced.

- Harper College obtains 2.2% of its income from student fees. Fees are charges for laboratory courses and other courses that utilize special materials that are consumed based on each student's needs.
- Harper College obtains 1.8% of its income from miscellaneous sources, such as interest on investments.

C. State Resources

- Harper College obtains 24.6% of its income from state aid. The Governor's allocation formula was used in the preparation of this estimate with our best guess as to the "mix" of the various funding categories.
- 2. Harper College obtains 2.7% of its income from the Board of Vocational Education and Rehabilitation. Vocational education is reimbursed on a credit hour basis and varies based upon funds available.
- 3. Harper College obtains .9% of its income from various state grants to support Adult Basic Education.

D. Federal Resources

 It is anticipated that the Educational Fund will receive no direct support from the Federal Government in 1980-81.

E. Fund Balance

It is estimated that Harper College will use part of its accumulated fund balance in 1980-81.

F. Referendum

When the college district reaches the point where more revenue is needed to maintain the educational program, a proposal must be made to the citizens of the district for a tax rate increase. These increases are most commonly requested for the Educational Fund or the Bond and Interest Fund (building new or adding to present buildings). After a notice of the proposed referendum is published in a local paper, the people go to the polls to vote on the tax rate increase. If a simple majority of the votes cast are "yes," the rate increase is approved. On the other hand, if the simple majority is "no," the increase is defeated and the Board must wait 60 days before it can present the referendum again.

The following table shows the percentage income by source for 1973-84.

III. Tax Base

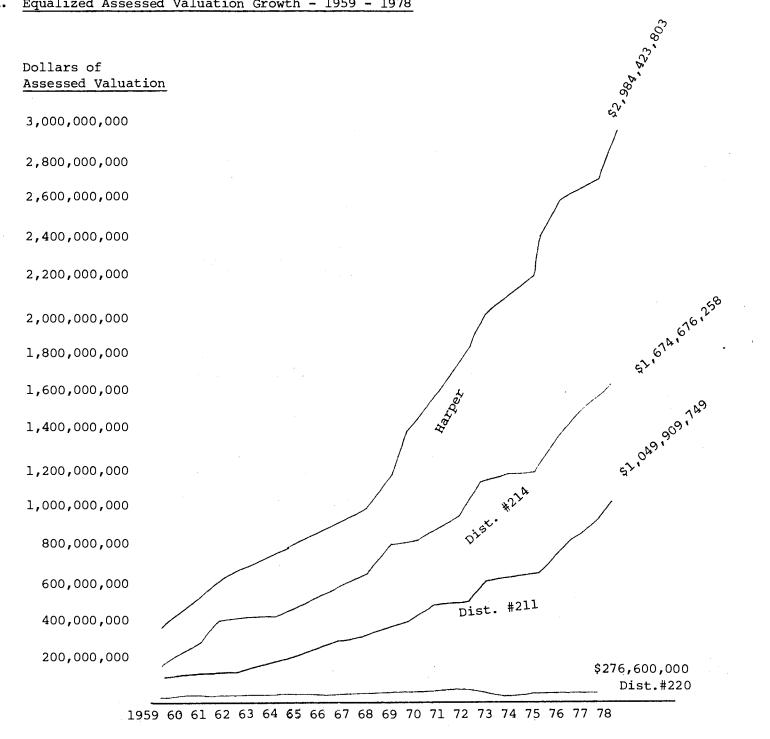

The Harper College tax base is expanding. While the numbers seem large, a 100 million dollar increase provides about \$100,000 of additional revenue in the Educational Fund. In comparison to other school districts within the college district, Harper College obtains substantially less tax income on a percentage basis of total income than other districts. For instance, in the past year a local high school district collected about 31¢ of every tax dollar while Harper collected less than 3¢. State aid and tuition provide a much larger percentage of income for Harper than a high school district would receive. This means that Harper is supported to a greater extent from direct tuition and from state resources than from local property taxes.

In the 1979 tax year, corporate personal property taxes were eliminated by law from the college tax base. A replacement tax based on a corporation income tax has been provided for.

- Prior to the 1967 levy year, all of Harper College was in Cook County. The annexation of Barrington District #224 (now Dist. #220) added parts of three additional counties.
- (2) The basis for personal property assessments has been changed by the revised Illinois Constitution effective July 1, 1971. Effective with 1972 taxes, individual personal property is not assessed for taxation.
- (3) Harper College's exact assessed valuation is slightly lower than the combination of High School Districts #211, #214 and #220. The college completely covers Dist. #211, #214 and #220.
- (4) Corporate personal property taxes were eliminated effective with 1979 taxes.A replacement tax is recorded as revenue as a separate item. (Account 427).

C. ASSUMPTIONS FOR USE IN FIVE YEAR PLAN

GENERAL ASSUMPTIONS

The assumptions used in this five year plan are essentially the same as were used in the final stages of the budget process. Projected Tax Revenue and Parking Fee Revenue were increased and Interest Income was decreased on the basis of later information. Enrollment projections are the basis of many of the revenue and expenditure budgets shown here.

REVENUE ASSUMPTIONS

Enrollments

The estimated following enrollment figures shown were prepared after a review of enrollment trends, population projections and discussions with individual program directors. Enrollment increases greater than estimates will necessitate additional funds and will in turn affect per student costs (lower) and fund balance (greater).

Year	FTE	Percent Increase	FTE For State Apportionment

Taxes

It is assumed that tax rates will remain at present levels--ll¢ and 4¢ per \$100 assessed valuation. Actual equalized assessed valuation for 1979 taxes is not available but preliminary releases indicate that the increase for 1979 taxes for the district will exceed historical averages when adjusted for elimination of corporate personal property taxes. Estimates for subsequent tax years reflects consideration of the current slowdown in the economy and a decrease in construction.

Chargebacks to Other Districts

Prior to the annexation of the North Shore communities into the Oakton College district, and the annexation of unassigned areas into the College of Lake County district, Harper College received chargeback payments from the respective high school districts for students from those unassigned areas who attended Harper College. Chargeback revenue is now limited primarily to enrollment from other college districts in programs at Harper College which are not offered by the resident district.

The following are the actual and estimated chargeback statistics:

State Apportionment

The new state funding formula for community college apportionment claims is based on enrollment data from two years prior to the date of the claim. This will have the effect of decreasing revenue from this source as long as enrollment at Harper College continues to grow. An annual 5 percent increase in the average rate paid in apportionment funds has been assumed. Past and projected revenue is as follows:

Year	Rate Actual and Est.	Percent Change	Amount Actual and Est.					
1970-71 1971-72 1972-73 1973-74 1974-75 1975-76 1976-77 1977-78 <u>1978-79</u> 1979-80 1980-81 1981-82 1982-83 1983-84	15.50 15.50 16.50 18.50 18.12 17.61 19.40 20.49 21.32 23.62 $24.91*$ 26.16 27.47 28.84	$ \begin{array}{c} 0\\ 0\\ 6.1\\ 10.8\\ (2.1)\\ (2.8)\\ 10.2\\ 6.0\\ \underline{4.7}\\ 10.8\\ 5.0\\ 5.0\\ 5.0\\ 5.0\\ 5.0\\ \end{array} $	1,893,000 2,071,000 2,394,000 3,086,000 3,383,000 3,711,000 4,043,000 4,043,000 4,202,300 4,195,000 Actual 4,847,000 Est. 4,874,000 5,367,200 5,676,000 6,019,000

Board of Vocational Education

Usually we do not know what our reimbursement from this source will be until 60 days after the end of the fiscal year. We are estimating \$350,000 from this source for the next and subsequent years.

Federal Resources

Revenue from Federal Sources is usually recorded in the Restricted Purposes Fund.

Adult Basic Education

It is assumed that this revenue will remain constant at \$110,000 including both State and Federal Sources.

Tuition - Students

In previous long-range projections, tuition was raised \$2.00 every other year. This projection has been modified to include a \$1.00 raise in tuition each year as indicated in the following schedule:

Year	Tuition Rate Per Hour Actual & Est.	Percent Increase Actual & Est.	Tuition Actual & Est.	Percent Increase

1983-84	22.00	4.8	4,905,400	0

Furthermore, an additional 8 percent is projected to be received from students who drop courses in the future. It is assumed that tuition chargebacks received from other districts will be matched by an equal amount paid directly by out-of-district students attending Harper and paying the out-of-district charges themselves.

Student Fees

Revenue from academic fees is computed on the basis of \$40.00 per FTE student. Parking fees are estimated at \$8.50 per FTE student.

Academic Fees, actual and estimatd are as follows:

		Percent		
Year	Rate	Increase	Amount	
1972-73	34.25	5.8	163,000

1983-84	40.00	0	277,000	

Sales and Service Fees

Dental Hygiene fees are computed at \$14,000 each year (current year estimate).

Rental of Facilities

Revenue from facilities rental is estimated at \$10,000 per year for 1980-81 and subsequent years.

Interest on Investments

Interest is computed on the average monthly balance at the following rates:

1980-81	10%
1981 - 82	98
1982-83	88
1983-84	88
1984-85	8%

Other Revenue

Estimated at \$5,000 per year.

Appropriation of 1979-80 Excess Revenue

1979-80 excess revenue in the amount of \$927,500 was appropriated for use in 1980-81 as follows:

Educational Fund	\$ 587, 840
Building Fund	339,660
	\$927,500

Expenditures

It is estimated that the operation cost (Educational and Building Funds) will be \$78.89 per credit hour for 1980-81, or \$2,366.30 per FTE student, as a result of the budgeted expenditures and enrollments. This figure will be refined as budget analysis continues. For succeeding year, a 9 percent increase in non-capital operating cost was used for the Educational Fund, plus the estimated needs for capital outlay. Building and Maintenance Fund amounts are based on projected needs, not enrollments and includes estimated expenditures for the maintenance and operation of three new buildings.

IX. The Budgetary Process

The budget is more than a statistical tabulation of numbers that show anticipated revenue and expenditures. It is the financial interpretation of the on-going educational program for one year beginning July 1 and ending June 30.

Fisco-educational planning is a continuous process that should culminate in the development of a budget that accurately expresses the district's educational program for the ensuing year.

Evaluation of the budget at the end of a fiscal year must include an evaluation of the educational program in order to appraise the total district's operation. The budget must be in balance. However, this means more than just financial balance. The following concept illustrates the point:

A. Budget Philosophy

One of the cornerstones of William Rainey Harper College's philosophy is the commitment to involve faculty and students in the development and operation of the college. The sharing of authority requires a commensurate sharing of responsibility by the individuals or groups involved. The advisory role of the faculty and students is limited only by the ability of these groups to analyze problems and present recommendations to the faculty, administration, and Board of Trustees. The cornerstone of this philosophy is the belief that the democratic process will ultimately evolve Harper College into one of the outstanding community colleges in higher education.

Based upon this institutional philosophy, a budget philosophy has been developed that involves the faculty in the budget formulation and assigns responsibility to those who share in the authority to implement the budget. The following guidelines have been established:

- 1. The final authority for the adoption of the budget rests with the Board of Trustees and is based upon the recommendation of the President.
- 2. The President, in consultation with the three Vice-Presidents, is responsible for balancing expenditures for programs within the framework of the budget based on overall institutional goals.
- 3. The Vice President of Administrative Services is responsible for the formulation, operation, and control of the adopted budget.

- In order to obtain faculty involvement, the budget 4. has been decentralized along organizational lines. A decentralized budget places responsibility at the operational level for budgetary planning. A given cost center manager is in the best position to set priorities for efficient operation based upon operating experience. As the budget formulation progresses and reductions are collectively made by all concerned in order to balance the budget, each manager becomes familiar with the operation of all cost centers that in total make up the budget. The result is an agreed upon budget that the faculty can understand and therefore support. Budget formulation therefore begins with the faculty and proceeds along organizational lines until it is legally adopted by the Board of Trustees.
- 5. While the business office is responsible for the overall control of the budget, individual cost centers are responsible for their estimates and subsequent expenditures. All expenditures initiated by individual cost centers must receive approval through organizational lines of authority.
- 6. All expenditures must conform to the policies of the Board of Trustees.
- B. The Budgetary Cycle

The budgetary cycle consists of the evolution, implementation, and evaluation of the budget. This cycle can be outlined as follows:

- Preparation
 A faculty function.
- 2. Presentation A faculty administrative function.
- 3. Adoption and authorization A Board of Trustees function.
- 4. Administration and implementation A faculty administrative function.

5. Evaluation

A combined faculty and Board of Trustees function.

The Institutional Goals for 1980-81 provide a flexible framework for College planning for the next year. Additional ideas and activities are added to the basic goals to achieve an effective college program.

Institutional Goals for 1980-81 are as follows:

- I. Maintain quality of academic programs by:
 - A. Evaluating the core requirements for the associate in arts and associate in science degree.
 - B. Preparing a statement of the academic credentials required of an instructor in each discipline at the College.
 - C. Strengthening holdings of the Learning Resource Center.
- II. Continue to operate with a balanced budget.
- III. Review and revise the College's affirmative action plan.
- IV. Reach a decision on the second site.
- V. Develop and implement a college-wide energy conservation program.
- VI. Develop an outreach program involving all areas of the College. This outreach program would focus on potential student enrollment, relationships with organizations in the district, and the image of the College in the community.

The Institutional Goals for 1980-81 provide a flexible framework for College planning for the next year. Additional ideas and activities are added to the basic goals to achieve an effective college program.

Institutional Goals for 1980-81 are as follows:

- I. Maintain quality of academic programs by:
 - A. Evaluating the core requirements for the associate in arts and associate in science degree.
 - B. Preparing a statement of the academic credentials required of an instructor in each discipline at the College.
 - C. Strengthening holdings of the Learning Resource Center.
- II. Continue to operate with a balanced budget.
- III. Review and revise the College's affirmative action plan.
- IV. Reach a decision on the second site.
- V. Develop and implement a college-wide energy conservation program.
- VI. Develop an outreach program involving all areas of the College. This outreach program would focus on potential student enrollment, relationships with organizations in the district, and the image of the College in the community.

PROGRAM FUNCTIONS:

Enrollment Projections and Reports. Enrollment projections and reports are prepared every fall, to project mid-term, winter, summer and the following fall's enrollment. In the spring, the following fall's projection along with the long-term projections are refined. Official enrollment reports are issued several times each semester.

<u>Measurement and Evaluation of On-Going Activities</u>. Evaluation surveys are made of students who have graduated, withdrawn and who are still in school. Longitudinal performance studies are made on samples of students each year, and the rate of student retention at Harper is measured at least twice per year. Evaluations of specific projects are made upon request.

Long-Range Planning. Long-range planning advising services are provided where required. The office also coordinates the production of (RAMP) as required by state.

<u>Coordination of Management Information Needs</u>. The Director serves as liaison officer between institution and state. The Director also coordinates the compilation of data to meet state requirements and local needs.

Determination of New Program Needs. Business, community, and high school surveys are conducted to determine need for new programs and services.

<u>Special Projects</u>. Special surveys are conducted each year on financial resources, enrollment trends, and perception of the College by residents of the District.

External Consulting Service. Assistance is offered to in-district organizations conducting public service research projects.
