

Palatine, Illinois

# College Plan 2019-2020

#### **MISSION**

Harper College enriches its diverse communities by providing quality, affordable, and accessible education. Harper College, in collaboration with its partners, inspires the transformation of individual lives, the workforce, and society.

#### **VISION STATEMENT**

We will be an innovative and inclusive institution, the community's first choice, and a national leader for student success.

#### PHILOSOPHY STATEMENT

We, at Harper College, believe that our charge is to facilitate active learning and foster the knowledge, critical thinking and life/work skills required for participation in our global society. We work with our community partners to enrich the intellectual, cultural and economic fabric of our district. We believe that excellence in education must occur in an ethical climate of integrity and respect. We hold that the strength of our society is rooted in our diversity and that it is through synergy that we achieve excellence.

#### **CORE VALUES**

#### We value Respect, Integrity, Collaboration and Excellence.

We guide our work and support our philosophy, mission and vision by these core values.

#### RESPECT

We demonstrate Respect by interacting with and caring for others in a way that adds dignity to ourselves, our relationships and our organization by:

- valuing and celebrating the uniqueness of individuals and their strengths;
- expressing appreciation for our colleagues' time, efforts and contributions;
- encouraging multiple perspectives.

#### **INTEGRITY**

We demonstrate Integrity by supporting an honest and ethical environment by:

- respecting confidentiality and acting in a trustworthy manner;
- being accountable for our actions and adhering to policies and procedures;
- making decisions that are fiscally and socially responsible.

#### COLLABORATION

We demonstrate Collaboration by working internally and externally toward shared goals to create a more positive outcome by:

- actively listening, responding to others with empathy;
- practicing open and honest communication and sharing information that is essential for success;
- using positive humor to foster a healthy and enjoyable environment.

#### EXCELLENCE

We demonstrate Excellence by setting and pursuing high standards of professionalism and competency by:

- providing exceptional service to all while demonstrating pride in our work;
- welcoming new challenges and seeking opportunities for growth and development;
- encouraging and empowering each of us to achieve our best.

## Letter of Introduction from the President

Harper College continues to be committed to increasing student success through innovations in curriculum, teaching practices, and support services. We are also dedicated to reducing gaps in student achievement and increasing the rate of program completion and graduation, and we will continue to implement initiatives that support the College's mission of providing "quality, accessible, and affordable education."

The first year of a community college presidency is the ideal time to connect with the entire community. As such, this is a year of engagement to "Learn, Leverage and Launch" a comprehensive strategic plan that addresses the emerging needs of our community. There is much to learn about Harper and its key partners. Formal and informal meetings with internal and external stakeholders will occur throughout the year. A significant amount of time will be spent reviewing key divisional responsibilities, challenges, and opportunities for collaboration – one of our institutional core values. We will work to identify how we can leverage existing talent and key initiatives that have yielded positive results for the College, and build future opportunities for success. Along with this information our *Your Voice Our Potential* strategic planning process will help launch and shape the College's strategic direction for the next four years.

This fall marks a momentous event for the College as we welcome the first cohort of Promise Scholars. The cohort began as high school freshman in 2015 and throughout the past four years met criteria focused on grades, attendance, college-readiness, and community service, to earn the Promise Scholarship. More than 400 Promise Scholars are beginning their studies at Harper and we are excited to help them grow and succeed.

Annually, the College conducts at least one major research project. In FY 2020 both the Personal Assessment of the College Environment (PACE) and the Environmental Scan will be conducted. The purpose of the PACE is to assess the perceptions of employees regarding the College climate, identify areas for improvement, and use these data to develop and implement action plans. The Environmental Scan helps us identify the trends and drivers of change that will shape the Harper landscape in the next three to five years.

In addition to the priorities outlined in the Operational Plan and the Institutional Effectiveness Measures, Presidential Goals will be pursued as follows (some of which will be accomplished in FY 2020, and others within several years):

- 1. Organize and execute an inclusive strategic planning process for the College focused on student, employee, facility, and community needs.
- 2. Develop a plan to review the Board Policy Manual and update to ensure continued compliance with State and Federal Statutes.
- 3. Administer a nationally-known basic needs assessment and address identified cognitive and non-cognitive student needs.
- 4. Assess current distance learning programs and plan for improvements.
- 5. Assess College leadership structure and hire a new academic leader for the College.
- 6. Ensure the College's Core Values of Respect, Integrity, Collaboration and Excellence are represented in our work by developing and executing a plan to acknowledge employees who exemplify the Core Values.

Harper College will continue to implement initiatives that enhance the success of our students. This includes assessing the financial wellness of our students and working to provide resources and support for those with food and housing insecurities, transportation struggles, and other barriers preventing academic engagement and success. The new four-year strategic plan will provide focus as we strive to be an innovative and inclusive institution, the community's first choice and a national leader for student success.

Avis Proctor, Ed.D., President August, 2019

### Introduction

#### **Profile of William Rainey Harper College**

William Rainey Harper College is a comprehensive community college located in Palatine, Illinois, 30 miles northwest of Chicago, serving High School Districts 211, 214, and Unit District 220. Established in 1966, Harper College serves more than 23,000 credit students each year from 23 suburban communities. Harper is dedicated to student success and is committed to its mission of enriching its diverse communities by providing quality, affordable, and accessible education. Harper College, in collaboration with its partners, inspires the transformation of individual lives, the workforce, and society. Harper College awards seven Associate degrees, numerous transfer options, and a large number of certificate programs to meet specific needs of the community and area industry.

More than 45% of Harper's students are Hispanic, Asian American, or African American. Nearly 22% of students receive Pell grants. Sixty-six percent of the student body enrolls on a part-time basis. Roughly 46% of students are between the ages of 19 and 24, and 53% intend to transfer to a four-year college or university. Student success increases each year and the College's current graduation rate is nearly 33%, up from 14% in 2010.

Harper College is governed by a seven-member Board of Trustees, elected by the voters in its district, and one student representative, who has an advisory role and is elected by the student body. The College is regionally accredited by the Higher Learning Commission.

Harper's operating revenue comes from tuition and fees (41%), state subsidy (7%), local taxes (51%), and other sources (1%).

#### <u>Historv</u>

Named for the originator of the community college concept, William Rainey Harper College is a comprehensive, open door community college – one of 48 in the state that make up the Illinois Community College System. The College's District No. 512 was established by voter referendum in 1965, and Harper offered its first classes in 1967.

Throughout its history, Harper has had a record of monumental growth. The initial 1967 enrollment of 1,725 students jumped to 3,700 in one year, doubling projections. When the doors opened on Harper's newly acquired campus in 1969, 5,350 students were enrolled. Since then enrollment has grown more than 23,000 (credit) students. With a full-time equivalent (FTE) enrollment of approximately 9,400, as well as a full-time faculty and staff of 721 employees, of which 205 are full-time faculty, Harper is the third largest community college in the state.

Harper's President, Dr. Avis Proctor, was appointed in July 2019 as the institution's sixth president. Dr. Proctor is leading the College as it embarks on a year-long strategic planning process which will result in a four-year strategic plan.

#### The Community

The Harper College District No. 512 includes portions of four counties: Cook (which makes up the majority of the area and population of Harper's district), Lake, Kane, and McHenry. The communities include Arlington Heights, Barrington, Barrington Hills, Elk Grove Village, Hoffman Estates, Inverness, Lake Barrington, Mount Prospect, North Barrington, Palatine, Prospect Heights, Rolling Meadows, Schaumburg, South Barrington, Tower Lakes, Wheeling, and portions of Buffalo Grove, Carpentersville, Deer Park, Des Plaines, Fox River Grove, Hanover Park, and Roselle. The

municipalities that are located within Harper's district range in size from Tower Lake with 1,249 residents to Arlington Heights with 75,525 residents. An estimated 535,000 people live within the district. Of these, approximately 23% are age 17 and under, and 28% are age 55 and over. A majority of residents are Caucasian (65%). Of the remaining population, 17% are Hispanic, 14% are Asian, and 2% are African American.

Household incomes in Harper's district communities are striking in both their range and in the changes that have occurred between 2010 and 2015. In 2015, median household income varied from a low of \$56,110 in Wheeling to a high of \$173,650 in South Barrington. Median incomes in 16 of the 23 communities were above the Illinois median of \$57,574. However, incomes in all but seven of the communities decreased between 2010 and 2015, ranging from a decline of 1% to 25%. It is not clear whether these shifts were the result of the move of lower-income families to more affluent communities or due to increased unemployment rates and reduced earnings during that period. Regardless of the reason, these trends represent a drop in the amount of household income in the Harper district available for education.

Harper College and its community enjoy a fruitful and successful relationship. The College has achieved a 99% satisfaction rate from its graduates. In fall 2018, Harper College district voters passed a \$180 million capital bond referendum to support the facilities enhancements. In addition, the non-profit Harper College Educational Foundation actively raises funds for the College through individual, foundation, and corporate donors. The large number of manufacturing, financial services, and healthcare institutions in the district are among Harper's supporters.

#### Services Offered

William Rainey Harper College offers associate degrees, certificate programs, and the first two years of a baccalaureate degree.

The College offers seven associate degrees, five of which are designed for students who will transfer to a four-year college or university to complete a bachelor's degree. The five are the Associate in Arts (A.A.), the Associate in Science (A.S.), the Associate in Fine Arts–Art (A.F.A.), the Associate in Fine Arts–Music (A.F.A.), and the Associate in Engineering Science (A.E.S.) degrees, which comprise the first two years of study toward degrees in a broad range of arts-related or science-related disciplines. The sixth, the Associate in General Studies (A.G.S.) degree program, is designed as an individualized program option meeting needs not offered by other degree programs, or as a capstone for occupational certificate programs. The seventh, the Associate in Applied Science (A.A.S.) degree, is awarded upon completion of a two-year career program and is designed to prepare the graduate for immediate entry into a specific career field.

Harper also provides certificate programs, typically one year in length, that are designed with prescribed courses to meet specific needs of the community, including area businesses and industries. In addition, the College offers contract training to local industry employees through Harper Business Solutions, provides non-credit learning opportunities for students of all ages through Continuing Education, and supports students who need high school equivalency through its Career and Technical Education Division and English as a Second Language services through its Liberal Arts Division.

Because Harper is an open door, open enrollment learning institution, it provides an array of services to meet student needs, including access and disability services, multicultural enrichment and support services, summer bridge programming to prepare students for college-level rigor, student clubs and activities, sports and recreation teams, and many other opportunities and resources.

#### **Facilities**

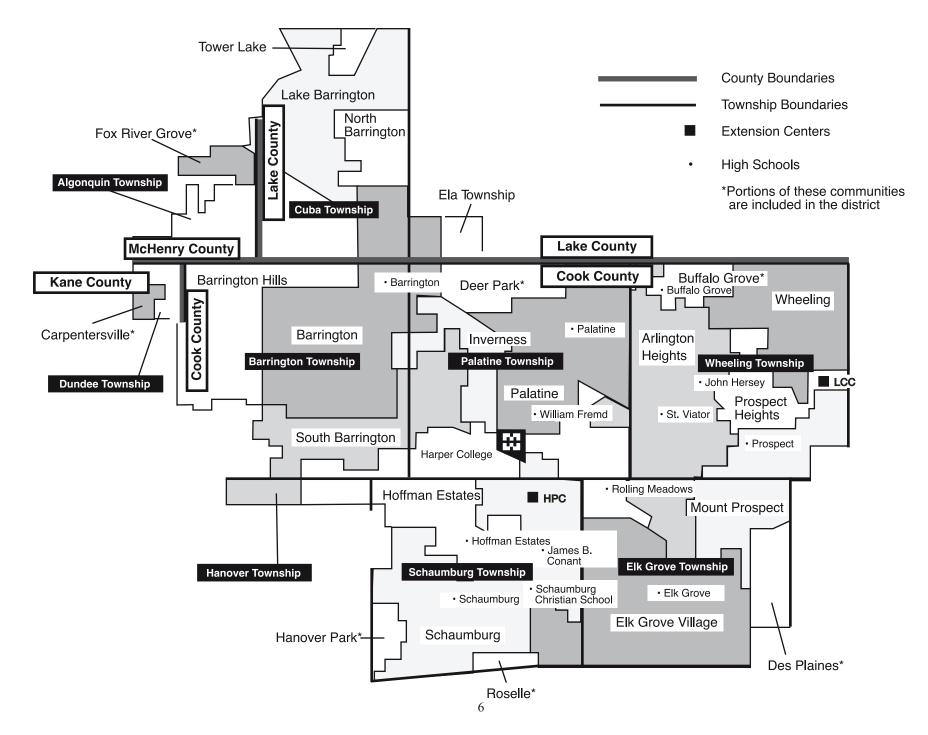

William Rainey Harper College supports a wide range of programs with a 200-acre campus in Palatine and two satellite facilities: the Harper Professional Center in Schaumburg and the Learning and Career Center in Prospect Heights. The main campus is comprised of 23 buildings and offers state-of-the art science and technology laboratories and classrooms, a comprehensive library and learning resources center, computer labs, lecture halls, theaters, a wellness and sports center, and the Wojcik Conference Center.

#### **Conclusion**

To uphold its historic and continuing success, Harper College must continue to change to meet the evolving needs of the community, students, and the workforce. Today's new economy demands that Harper graduates be technologically proficient, have communication and critical thinking skills, and, most importantly, have access to training and credentialing to upgrade their skills over a lifetime of work. Harper is continually adapting to meet this new reality. While the College continues to strive for strong enrollment, its goals are closely aligned with increasing the number of students who are successful.

## Harper College

## **Community College District 512**

## **Organized for Student Success**

The College's organizational design authorizes the executive officers to lead and manage the daily operations of the College under the direction of the President. Supporting student success is the chief organizing theme with the goal of the organization's design to integrate functions for improved services and efficiencies. The executive staff of the College includes the Provost, Executive Vice President of Finance and Administration, Chief of Staff and Vice President of Institutional Planning and Strategic Alliances, Vice President and Chief Advancement Officer, Vice President of Workforce Solutions, and Special Assistant to the President for Diversity and Inclusion. The organizational alignment combines functions that leverage resources and create efficiencies in the daily operation of the College. The administrative organization chart follows this section.

#### <u>Provost's Area</u>

#### Function

This area of the College, led by Interim Provost, Dr. Brian Knetl, is responsible for student success. The area combines the functions of Academic Affairs, Student Affairs, and Enrollment Management.

Programs are managed and delivered via academic divisions including Math and Science, Liberal Arts, Business and Social Science, Career and Technical Programs, Health Careers, and Resources for Learning. This area also provides services, programs, and opportunities that enhance the learning environment and the whole person. Supporting departments include: Access and Disability Services, Student Involvement, Academic Advising and Counseling, Testing Center, Center for Multicultural Learning, Student Development, New Student Program, Recruitment and Outreach, Student Financial Assistance, One Stop Center, Women's Program, Athletic Programs, Events Management, and Health and Wellness. Enrollment Services provides outreach to credit students, processes applications and financial aid, completes the enrollment process, and supports new students. This area also supports teaching and learning through the Academy for Teaching Excellence and Interdisciplinary Studies.

#### Budget

Total FY 2020 Provost Budget (All Funds) \$85,517,954

#### Direct Reports

Dr. Kathy Bruce, Interim Associate Provost, Academic Affairs Sheryl Otto, Associate Provost, Student Affairs Dr. Claudia Mercado, Assistant Provost, Enrollment Services Kimberley Polly, Interim Dean, Math and Sciences Dr. Kimberly Chavis, Dean, Health Careers Dr. Travaris Harris, Dean, Business and Social Sciences Jamie Riewerts, Dean, Liberal Arts Dr. Joanne Ivory, Dean, Career and Technical Programs

- Continue integration of the Area of Interest (AoI) structure throughout the work of the College.
  - Clarify the role of the Core Teams and Core Team Chairs
  - Develop new student orientation options by AoI for fall 2020.
- Develop a strategic plan for the development, delivery, support and scheduling of distance education courses.
- Develop scheduling options that are more accommodating to returning adult students, part-time students and students who wish to complete degrees at a distance.
- Implement Start Smart program at scale for all first-time, degree-seeking students.
- Identify basic needs of students and begin strategizing for addressing identified needs.

#### Finance and Administrative Services

#### Function

This area of the College, led by Dr. Ronald Ally, provides services to administration, staff, and faculty that support them in serving students. This area is responsible for Information Technology, Human Resources, Facilities Management (Maintenance and Risk Management), the Harper Police Department, and Retail Services (HarperStore, Dining Services, and Conference and Event Management).

#### Budget

Total FY 2020 Finance and Administrative Services Budget (All Funds) \$40,177,127

#### Direct Reports

Patrick Bauer, Chief Information Officer Bret Bonnstetter, Controller Claude Casaletto, Chief of Police Darryl Knight, Executive Director of Physical Plant Roger Spayer, Chief Human Resources Officer

- Manage the College's financial results to meet stated goals.
- Replace the current Oracle EBS Financial and Human Resources systems.
- Institutionalize "Soar Together" as part of new employee onboarding and employee training.
- Create Canning Center for "One Stop" and other services (subject to state funding).
- Complete the new University/Entrepreneur Center.
- Develop roof safety program per OSHA regulations.
- Develop the 2021 Campus Master Plan.
- Exercise the College's Emergency Operations Plan.

#### Institutional Planning and Strategic Alliances

#### Function

This area of the College, led by Dr. Maria Coons, provides oversight for institutional planning, accountability, research, and strategic partnerships. Responsibilities also include the role of Chief of Staff and Board Liaison. Functions include institutional effectiveness, institutional research, outcomes assessment, and strategic planning. Regional accreditation and state board recognition processes are also managed through this area. The College Plan, Accountability Report, and Fact Book are produced by this area to guide the College's efforts and report outcomes to the community. This area maintains dashboards for Institutional Effectiveness Measures, Strategic Plan, and General Education Assessment, further ensuring transparency and accountability. Annual general education assessment projects as well as large-scale research projects are managed by this area and include the Employee Climate Survey, Community Scan, Environmental Scan, and the Community College Survey of Student Engagement.

#### Budget

Total FY 2020 Planning and Strategic Alliances Budget (All Funds) \$1,444,507

#### Direct Reports

Darlene Schlenbecker, Executive Director for Planning, Research and Institutional Effectiveness

- Respond to the Illinois Community College Board (ICCB) Recognition Report.
- Develop a four-year Strategic Plan for the College.
- Complete the Environmental Scan.
- Conduct the Personal Assessment of the Campus Environment (PACE).
- Communicate results of the Community Scan (Community Survey and Employer Survey).
- Ensure student learning outcomes assessment is conducted and results utilized to improve student success.
- Increase data accessibility and usage.

#### Marketing, Communications, Advancement and Community Relations

#### Function

This area of the College, led by Laura Brown, is responsible for marketing, legislative affairs, communications, community relations, grants, and fundraising. The fundraising is performed through the Educational Foundation, which is a separate legal entity with its own governing board and more than \$30 million in assets. The Foundation focuses on securing corporate and private philanthropy. Foundation fundraising efforts support student success by direct scholarships to students and funding programs designed to improve student success. This unit also includes the Harper Alumni Program. The Grants department pursues both public and private grant funds on behalf of the College. Marketing, communications, and community relations functions ensure an integrated approach that creates a seamless experience for engagement of stakeholders, ranging across employees, students, community members, and businesses.

#### Budget

Total FY 2020 College Advancement Budget (All Funds) \$4,656,122

#### **Direct Reports**

Mike Barzacchini, Director of Marketing Services Susanne Brock, Director of Grants Jeff Julian, Executive Director of Communications Suzette Tolentino, Director of Advancement Services Heather Zoldak, Associate Executive Director for Major Gifts

- Raise \$550,000 in new scholarship support.
- Implement the Legislative Affairs Plan.
- Develop and implement marketing and communications strategies and tactics to help the College achieve its enrollment goals, focusing on new student enrollment and supporting retention.

#### Workforce Solutions

#### Function

This area of the College, led by Michelé Smith, provides oversight for workforce partnerships and adult accelerated learning. The division includes Harper Business Solutions, the Job Placement Resource Center, the Workforce Certification Center, the Illinois Small Business Development Center, Community Education classes inclusive of Youth Programs, the Illinois Motorcycle Safety Program for the northern region of the state, and the American Apprenticeship Initiative (AAI) grant. Executive oversight for the operation of the Harper Promise Scholarship Program and budgetary oversight for the University Center are also functions connected to the Workforce Solutions Division. Finally, this area provides direction for the College's work in the area of diversity and inclusion.

#### Budget

Total FY 2020 Workforce Solutions Budget (All Funds) \$10,389,600

#### Direct Reports

Dr. Mark Mrozinski, Assistant Vice President of Workforce Development and Executive Dean of Community Education

Dr. Pearl Ratunil, Special Assistant to the President for Diversity and Inclusion Sean Warren-Crouch, Promise Scholarship Program Manager

- Redesign and re-organize the functions of the Workforce Solutions division to incorporate a business outreach focus aimed at strengthening partnership development and engagement.
- Develop and execute a plan for increasing the number of registered apprenticeships on campus.
- Develop a job placement strategy for the Job Placement Resource Center and launch new services package to employer partners.
- Manage the transition of the 1.6 vocational (Continuing Professional Education) courses, budget, and staff to the Career and Technical Programs division.
- Manage the transition of high school Promise Scholars to Harper's campus.
- Oversee implementation of phase III of the University Center project.

### Analysis of Harper's Environment

As with the past plans, Harper College continues to study its environment and outcomes to identify issues to be responded to by the Strategic Plan. The next section contains an analysis of Harper College and its community, conducted in 2016. An updated Environmental Scan will be conducted in spring 2020.

Demographic changes in Illinois affect the Harper College district and are permeating each and every neighborhood. Birth rates are declining, young couples are waiting longer to have children, recovery from the 2008 recession has yet to return to pre-recession levels, and the housing industry still struggles to recover. As a result, school enrollments are declining while the student body becomes more diverse thus presenting new educational challenges. Funding for public schools and higher education is being reduced and threatened with further cuts, though additional services will be needed to meet the demands of the changing diversity. Yet performance indicators for sender high schools have been higher than the statewide averages. And, low income for school-aged children is estimated at 25%, which is only half of the statewide figure.

The district is losing residents from the white community but gaining residents from the Hispanic community. Foreclosures have returned to an even lower rate than was experienced before the recession thereby allowing neighborhoods to return to more stable investments.

Unemployment has returned to healthy levels, but the labor force participation rate remains on the decline. The baby boomer generation lost considerable savings for retirement in the recession, so they are remaining in the workforce longer and this makes it more difficult for new graduates to find entry level positions. Unemployment remains higher than 10% for those without at least a high school diploma, and for those without any higher educational experience, unemployment is over 7%. The critical importance of higher education is that it provides much better job security.

Earnings in Cook County have been improving for all industries except for educational services, arts, entertainment, and recreation. From 2010-2014, the largest industries that made great strides in the improvement of earnings include manufacturing, professional and technical services, and finance and insurance. Healthcare practitioners and technicians is an occupational class that is paying higher annual wage levels while at the same time expanding, thereby providing promising job opportunities for new graduates in these areas.

There is no doubt that much of the economy hangs in the balance as the current recovery has been slow in comparison with previous recoveries or in comparison to other regions of the country. Maintaining a focus on where the Harper district will be in the next ten years will be crucial in responding to the needs and demands of incoming enrollees to ensure a return on their investment on their futures.

Illinois and the nation have experienced dramatic changes in the past decade. These include the aging and diversification of the population and workforce, increasing globalization and unprecedented technological advancement, and heightened concerns over terrorism and security both domestically and internationally. In addition, the impacts of economic recession of 2008-2009 continue to linger as many households and businesses remain cautious. While there are

signs of improvement, the slow economic growth has hampered their ability to spend, borrow and invest as they did prior to the recession.

Economic indicators such as unemployment rates, housing values, wages, and many others, suggest that the resources needed to invest in postsecondary education have been directly impacted. This is a critical consideration for institutional planning. Campaign rhetoric in 2016 discussed the feasibility of offering students the first two years of community college for free. This would represent a potential game-changer for postsecondary education. However, funding concerns are likely to stall or prevent implementation, if even considered by the President. Other economic, demographic, workforce, technological, and political trends are important to consider as they all shape the opportunities and challenges before Harper Community College.

This environmental scan is intended to provide a baseline of information for Harper College's next strategic planning process. Understanding the current operating environment and future trends at the local, state, national and global levels will assist Harper's leaders and stakeholders in choosing the best course of action.

Primary data sources used for this scan included public agencies such as the Illinois Department of Employment Security, Illinois State Board of Education, U.S. Bureau of Labor Statistics, U.S. Census Bureau, the National Center for Education Statistics, and the Illinois Department of Revenue. Additional resources also came from private institutions providing freely accessible data, such as the Woodstock Institute research on foreclosures. Several subscription-based data resources were from private vendors such as EASI Analytics and Labor Insight's Burning Glass. An additional data source is the Society for College and University Planning (SCUP).

## **Key Trends and Considerations**

#### Economic Trends

Trend #1: Economic conditions in the country have shown signs of recovery. However, in Illinois the recovery has been slower than that of other states.

The loss of net worth has hit primarily middle class families, affecting their ability to pay for their children's higher education.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Nationally middle class households have lost nearly \$63,000 in median net worth after adjusting for inflation from 2007 to 2013.
- The past years of underfunding the Illinois pension system continues to plague Illinois recovery and budget impasse.
- Illinois bond ratings continue to be downgraded which will increase the costs to the state to operate.
- Higher education funding will be negatively impacted until Illinois is back on stable financial grounds.
- The higher state income tax rate was allowed to sunset further complicating Illinois finances.

#### Sources:

- Pew Research Center, 2015.
- Illinois Department of Employment Security, 2015.
- Illinois Comptroller's Office, 2016.
- State Higher Education Executive Officers, 2015.

#### Housing Trends

#### **Trend #2: Foreclosures in the Harper district have been on the decline.**

The effects of the economic recession in 2008 is still having impacts on housing in the Harper district.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: Moderate

#### **Supporting Rationale:**

- Only two, out of 23 municipalities, have foreclosure rates greater than 1%.
- The overall foreclosure rate for all municipalities that overlap the Harper district is 0.54%, still slightly higher than the state and national rates, but a strong improvement.

#### Sources:

- Woodstock Institute, 2015.
- US Census Bureau.

#### Trend #3: While real estate sales improve, perceptions of housing values still low.

Home ownership is critical to the Harper district due to the revenue generation through property taxes. Low home values and many homes being vacated or rented can be indicators of some communities becoming destabilized that could lead to property tax reductions.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: Low

#### **Supporting Rationale:**

- Harper residents in municipalities reported having much lower perceived home value than may be reality.
- Median sales prices have steadily increased from 2010 to 2016.
- Owner occupancy rates are still lower in 2015 than in 2010 due to more transitioning into rentals or vacancies.
- Vacancy rates steadily improve except for three municipalities that remain much higher than the statewide average.

#### Sources:

- US Census Bureau, American Community Survey.
- Illinois Realtor's Association

#### Population Trends

**Trend #4: The Harper district population is becoming more diverse in race and ethnicity.** The country is becoming more diverse.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Minorities represent 33.8% of the Harper population in 2015 compared to 30.7% in 2010.
- The Asian population has grown by an additional 11,341 residents from 2010 to 2015 primarily concentrated in the Schaumburg and Hoffman Estates areas.
- The Hispanic population has also increased by 5,642 residents from 2010 to 2015 primarily concentrating on the district boundary.
- The White Non-Hispanic population decreased by 10,866 residents.

#### Sources:

• US Census Bureau, American Community Survey.

## Trend #5: The Harper district is attracting those that speak languages other than English and/or are born in other countries.

Immigrants tend to move to urban centers, and Harper is poised to attract new immigrants and foreign-born residents due to its geographic location close to Chicago.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Township HSD 211 is experiencing a drastic increase in other languages being spoken other than Spanish, from 2,000 to almost 21,000 residents. Slight increases in the other two districts.
- The population of residents over five years of age has increased, but the number of residents that speak only English have decreased.
- Those speaking Asian and Pacific Islander languages have increased from 29,000 to 38,000 since 2010 due to the influx of new Asian residents.
- Foreign born residents are primarily from Mexico (33.0%), India (14.6%) and Poland (9.5%).

#### Source:

• US Census Bureau, American Community Survey.

#### Trend #6: Birth rates have been declining for many years.

Due to the economic recession in 2008 and couples waiting until they are older to have children, is being seen in decreased enrollment in the lower grades of the public schools.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: Moderate

#### **Supporting Rationale:**

- Median age of the district population is increasing due to the lack of younger children to offset the Baby Boomer generation.
- The greatest number of youths range in age from 10 to 14 years old in 2015. The subsequent five-year cohorts have decreased in number.
- Enrollments in 1st grade are the lowest among all grades in schools located in Harper's district.

#### Sources:

- US Census Bureau, American Community Survey.
- Illinois State Board of Education.

#### Trend #7: Performance in the three sender districts to Harper remain high.

While the high schools have undergone changes in college readiness exam methodologies, the overall performance remains high compared to the statewide averages.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- The average four-year graduation rate for district public high schools was 93.5%, much higher than Illinois' 86.0%.
- Low income eligibility in the Harper district has increased in the last few years, but is still much lower than the statewide average.
- Only three high schools have a mobility rate greater than the statewide average as an indicator of community stability.
- The district high school dropout rates are much lower than the statewide average.
- The four-year graduation rates are higher than the statewide average for every district, some significantly.

#### Sources:

• Illinois State Board of Education, Report Card Data, Accessed Online.

#### Workforce Trends

## Trend #8: Despite signs of economic recovery and falling unemployment rates, many employers are reluctant to hire new employees or rehire laid-off workers.

While unemployment rates have fallen substantially over the past seven years since the last recession ended, labor force participation among key working aged populations continues to decline and the numbers of discouraged workers is growing.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

• Even though unemployment rates continue to decline, much of this can be attributed to falling labor force participation. Although labor force participation has been declining nationwide since the mid-1990s, it has declined sharply since the past recession. The slow pace of the recovery has led many of the long-term unemployed to drop out of the labor force.

- The Economic Policy Institute estimates that as many as 2.3 million individuals of working age nationwide were unemployed and have given up on searching for a job, as of 2016.
- Important industry sectors in the Chicago metro area such as Construction, Manufacturing, Finance, Insurance and Real Estate were deeply impacted by the last recession and continue to suffer job losses since then. In addition, many losing jobs in those industries have skill-sets that are not readily transferable to growth industries like Healthcare, Education, and Business and Professional Services making it more challenging to get dislocated workers back into gainful employment.

#### Sources:

- Illinois Department of Employment Security.
- Economic Policy Institute.

#### Trend #9: Wage and Income growth continues to struggle, threatening economic growth.

While the Harper district encompasses one of the more affluent parts of the Chicago metropolitan area, wage and income have stagnated or fallen in many communities. This creates a drag on the overall economy, pushing many in lower skilled occupations into the social safety net when the higher costs of living are taken into consideration.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Median household income declined in 16 of the 23 communities in the Harper district between 2010 and 2015. Eight communities experienced a greater decline than the State average of -5.2%.
- Median family income declined in 14 of the 23 communities in the Harper district between 2010 and 2015. Ten communities experienced a greater decline than the State average of -3.8%.

#### Source:

• American Community Survey, U.S. Census Bureau.

#### Postsecondary Trends

**Trend #10: Return on Investment for a Harper education.** Study shows a Harper education has a high return on the investment in comparison to those not pursuing higher education at all.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Increased earnings over time after graduation show, on average, an accumulated total of almost \$500,000 difference between a Harper degree and not having any higher education degree.
- Despite the decrease in grants available for two-year programs, the value of a Harper education is strong.

#### Sources:

- Illinois Student Assistance Commission
- Northern Illinois University, Center for Governmental Studies

#### Meeting the Needs of Business and Industry

**Trend #11. Post-Recession Job Growth has been slow and some key industry sectors continue to struggle.** The Healthcare, Education and Business and Professional Services sectors have enjoyed substantial job growth over the past five years, boosting overall employment in the Chicago metro area. However, other important sectors such as Construction, Manufacturing, Finance, Insurance and Real Estate are continuing to suffer job losses.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- Although local factors can play a significant role in job gains and losses, it appears that changes in the global economy, technology and industry restructuring are having a greater influence.
- Because many of the jobs being created or lost between these industries require vastly different skill-sets, the demand for education and training for dislocated workers should be strong.

#### Sources:

- Illinois Department of Employment Security.
- EASI Analytics, Inc.

## Trend #12. Most of the demand for workers over the next decade will stem from the need to fill existing positions rather than from new jobs.

As the population continues to age and employers face a wave of retirements the demand for workers to replace them will grow. Job openings from existing positions will outpace new job openings.

#### Likelihood that the Trend Will Continue Over the Next 3 to 5 Years: High

#### **Supporting Rationale:**

- With two-thirds of projected jobs requiring only a high school degree or less, Harper can play a role in helping students plan careers that begin with an entry-level job but grow into careers with expanded earnings potential.
- Manufacturing remains an industry sector of great strategic importance despite its loss of jobs over the last five years.
- Health care and social assistance, educational services, management of companies and enterprises, and accommodation and food services also offer significant employment opportunities.
- As Harper continues to partner with area employers and offer quality education and training programs for its students, a major challenge will be to help connect students with local employers and actual job opportunities.

## **SWOT Analysis**

In preparation for future planning, Harper College invested significant time and effort to conduct a thorough assessment of internal strengths and weaknesses as well as an external review of opportunities and threats – a SWOT Analysis. The SWOT analysis provides an evaluation that can focus institutional attention and inform planning processes. The analysis began with the identification and critical review of key institutional data. These key data sources included:

- Accountability Report
- Campus Master Plan
- College Plan
- Community College Survey of Student Engagement (CCSSE) results
- Community Scan
- Cultural Values Assessment results
- Environmental Scan
- Fact Book
- Follow-up Survey results
- National Community College Benchmark Project (NCCBP) results
- Personal Assessment of the College Environment (PACE) results
- Post-Harper Employment and Wage Outcomes
- Recent task force reports

As a result of the review of these documents the College's strengths, weaknesses, opportunities and threats began to surface. The analysis identified the current state of affairs, while highlighting areas in which Harper is strong as well as those that need our focused attention.

Further research was conducted to gather additional data on external forces influencing Harper as opportunities or threats. Items that surfaced were evaluated using three criteria:

- Institutional Level The item is at the institutional level, not one relating solely to a particular division, department or program.
- Data Driven Once the institutional criterion is met, the item is reviewed to determine if its data are documentable and measurable.
- Peer Comparison If applicable, Harper can be compared to similar institutions.

An initial draft document was created and reviewed by the Strategic Planning and Accountability Shared Governance Committee. The draft was then presented to the campus community via the portal and during the March 14, 2019 Dialogue Session. Faculty and staff were able to provide feedback on the draft at the session and in an online survey. This final document incorporates the campus feedback.

The weaknesses identified in the SWOT Analysis are included on the next page, along with how they are being addressed. The full SWOT Analysis is included in the Appendix.

## Weaknesses

| # | Name                            | Item Description   | Addressing the Weakness   |
|---|---------------------------------|--|---|
| 1 | Achievement<br>Gaps             | While persistence and completion rates have increased for most demographic<br>groups, many of the achievement gaps identified in the 2014 SWOT still exist.<br>Efforts supporting student success include improved placement methods,<br>strengthened partnerships with high schools, and assigned advisors for<br>credential-seeking students. Despite these efforts, gaps have only reduced for<br>Hispanic students in some cases, but other groups continue to underperform<br>when compared to their peers. Continued efforts to decrease gaps based on<br>race/ethnicity, gender, and age are a priority of the College and essential to<br>providing equitable opportunities for all students | <ul> <li>Operational Plan: Student Success</li> <li>IEMs: Developmental Education, Success in<br/>Gateway Courses, Advancement, Student<br/>Persistence, Annual Completion</li> <li>Continuing Strategic Plan work: Academic<br/>Planning and Pathways</li> <li>Title III work: Educational Planning, Early<br/>Alert, Start Smart</li> </ul> |
| 2 | Employee<br>Climate<br>Concerns | Although Harper College has taken steps to improve employee climate, data<br>suggest employees may not be fully invested in the College. Results of the<br>Personal Assessment of the College Environment (PACE) call attention to<br>issues in institutional structure, climate, communication, and feelings of<br>efficacy. Similar issues were identified in the 2016 administration of the<br>Cultural Values Assessment (CVA)   | <ul> <li>Operational Plan: Diversity, Employee<br/>Relations and Wellness</li> <li>Continuing Strategic Plan work: Employee<br/>Skills Onboarding</li> <li>Core Values Task Force</li> </ul>  |
| 3 | Employee<br>Diversity           | The racial/ethnic diversity of Harper College faculty and staff is not<br>representative of the community it serves. While attention has been placed<br>on increasing employee diversity, Harper is challenged to achieve a<br>representative workforce within the College, and failure to do so could<br>negatively impact student success and College climate.   | <ul> <li>IEM: Employee Diversity</li> <li>Organizational Design: Special Assistant to<br/>the President for Diversity and Inclusion</li> <li>Operational Plan: Diversity</li> </ul>   |
| 4 | Enrollment                      | Harper's credit student enrollment has steadily declined in recent years, and the decline is projected to continue. Declining enrollment, along with uncertain state funding, places substantial strain on the College's financial resources.  | <ul> <li>Operational Plan: Enrollment and Financial<br/>Aid</li> <li>IEM: High School Market Penetration</li> </ul>   |

## Institutional Effectiveness and Accountability for Continuous Improvement

Accountability at Harper College reflects a commitment to the continuous improvement of all aspects of our mission, vision, and values. To illustrate our commitment to accountability and transparency, this section provides outcomes on three areas of accountability: Institutional Effectiveness Measures (IEMs), Strategic Plan, and Operational Plan. During FY2019, the College monitored targets for the IEMs and Strategic Goals. Progress against these targets, as well as outcomes on the Operational Plan targets, are conveyed in this section. Examples of the use of the results from this assessment are offered at the conclusion of this section.

#### **College Accountability Structure**

The College's integrated accountability structure is represented by the chart below. This accountability structure represents three key components.

|             | Component 1<br>Institutional<br>Effectiveness Measures College Strategic Plan  |  | Component 3<br>College Operational Plan   |
|-------------|--|--|---|
| Cycle       | Ongoing  | 4 year   | Annual  |
| Contents    | ontents Set of measures and related indicators Strategic Goa   |  | Goal Category<br>Goal   |
| Reporting   | Annual   | Annual   | Annual  |
| Description | Measures of<br>effectiveness that are<br>key to the College's<br>mission, benchmarkable<br>with other community<br>colleges, and provide<br>targets for performance. | Sets the College's<br>direction and delineates<br>goals that will move the<br>College's agenda<br>forward. Requires<br>College-wide<br>commitment and<br>typically cannot be<br>accomplished by a single<br>organizational unit. | Lists the institutional-level<br>goals to be completed<br>each year including<br>performance targets. |

Results from FY2019 are summarized below.

## **Component 1: Institutional Effectiveness Measures**

Institutional effectiveness is a process that involves the entire institution in the assessment of the College's performance on key indicators, called Institutional Effectiveness Measures (IEMs). These measures align with the mission and vision of Harper College as well as the needs and expectations of the College's internal and external stakeholders.

The Board of Trustees first approved and adopted IEMs for Harper College in FY2011. In FY2012 constituents from across the College joined in a campus conversation to recommend long-term IEM targets to be achieved in 2016. Progress to these targets was reported at the end of FY2017. At that time, historical data were examined in order to select recommended FY2020 targets for the IEMs. Current institutional priorities and initiatives also guided the development of these targets. Recommended targets were set using a framework that includes three categories:

- Expected If we continue on our current path, this target represents the expected outcome.
- Improvement A challenging, yet attainable target that can be achieved through increased effort.
- Stretch A target achieved only if the measure is prioritized and institutional focus is placed on dramatic improvement.

The IEMs detail the College's progress in academic as well as non-academic areas. There are five measures in each category and within each measure are specific indicators that are monitored. Those in the academic areas are referred to as student success measures, and the non-academic areas are clustered in the institutional success measures.

Progress on targets for each of the indicators is reported as:

- In Progress Needs Attention: This status indicates that based on current and trend data additional attention and effort is needed if the target is to be achieved by 2020.
- In Progress On Target: This status indicates that based on current and trend data it is projected that 2020 target will be achieved.
- Target Achieved: This status will not be selected until 2020 data is available.

Overall, 76.9% (10/13) of student success indicators are on target to meet the 2020 targets and 58.3% (7/12) of institutional success indicators are on target to meet the 2020 targets. Among all indicators, 24% (6/25) have expected targets, 64% (16/25) have improvement targets, and 12% (3/25) have stretch targets.

The charts below summarize the measures and indicators, and also illustrate the status of each indicator at the end of FY2019.

#### **Student Success IEMs**

The student success IEMs detail the academic achievement of Harper College students. The student success measures are developmental education success, success in gateway courses, advancement, student persistence, and annual completions. Within each measure are indicators that provide specific data associated with the given student success measure.

| Measure                    | Indicator                                     | In Progress<br>Needs Attention | In Progress<br>On Target | Target<br>Achieved |
|----------------------------|---|--------------------------------|--------------------------|--------------------|
| Developmental<br>Education | Developmental Math<br>Success                 |                                |                          |                    |
| Success                    | Developmental Writing<br>Success              |                                |                          |                    |
| Success in                 | <b>Gateway Math Success</b>                   |                                |                          |                    |
| Gateway<br>Courses         | Gateway English<br>Success                    |                                |                          |                    |
|                            | Success in 0 to 15                            |                                |                          |                    |
| Advancement                | Graduation Rate                               |                                |                          |                    |
|                            | Transfer Rate                                 |                                |                          |                    |
|                            | Still Enrolled                                |                                |                          |                    |
|                            | Advancement Rate                              |                                |                          |                    |
| Student<br>Persistence     | Persistence Rate:<br>Fall to Fall (Full-Time) |                                |                          |                    |
|                            | Persistence Rate:<br>Fall to Fall (Part-Time) |                                |                          |                    |
| Annual                     | <b>Credentials Conferred</b>                  |                                |                          |                    |
| Completions                | Completers                                    |                                |                          |                    |

Below is a representation of the status of the student success IEMs.

#### **Institutional Success IEMs**

The institutional success IEMs detail the College's progress in non-academic areas. The measures of institutional success are employee diversity, high school market penetration, facilities, instructional cost, and information technology. Within each measure are indicators that provide specific data associated with the given institutional success measure.

| Measure                              | Indicator   | In Progress<br>Needs Attention | In Progress<br>On Target | Target<br>Achieved |
|--------------------------------------|---|--------------------------------|--------------------------|--------------------|
| Employee                             | <b>Diverse New Hires</b>                          |                                |                          |                    |
| Diversity                            | Underrepresented<br>Employee Separations          |                                |                          |                    |
| High School<br>Market<br>Penetration | Dual/Concurrent<br>Credit Penetration<br>Rate     |                                |                          |                    |
|                                      | Post-High School<br>Penetration Rate              |                                |                          |                    |
|                                      | New in College<br>Penetration Rate                |                                |                          |                    |
| Facilities                           | Major Capital<br>Expenditures                     |                                |                          |                    |
|                                      | Major Preventative<br>Maintenance<br>Expenditures |                                |                          |                    |
|                                      | <b>Energy Consumption</b>                         |                                |                          |                    |
| Instructional<br>Cost                | Cost Per Credit Hour                              |                                |                          |                    |
| Information<br>Technology            | Student Success<br>Technologies                   |                                |                          |                    |
|                                      | <b>E-learning</b>                                 |                                |                          |                    |
|                                      | Classroom   |                                |                          |                    |

Below is a representation of status of the institutional success IEMs.

Additional information on the IEMs can be found here.

## **Component 2: College Strategic Plan Goal Team Progress to Targets**

Strategic Goals and accompanying targets were developed and final status is summarized below.

| Goal                               | Target                                  | Not Achieved | Partially<br>Achieved | Achieved |  |
|------------------------------------|---|--------------|-----------------------|----------|--|
| Academic                           | Areas of Interest                       |              |                       |          |  |
| Planning<br>and                    | Undecided at Application                |              |                       |          |  |
| <u>Pathways</u>                    | Undecided at<br>Registration            |              |                       |          |  |
|                                    | Barriers to Professional<br>Development |              |                       |          |  |

## Final Status on FY 2016-2019 Goal Targets

Additional information on the progress of the Strategic Plan can be found here.

## **Component 3: College Operational Plan (SMARTER Goals)**

The College's Operational Plan delineates the goals that address the College priorities as well as the activities that support the Strategic Plan. Each goal includes an identified Executive Council leader and administrative leader(s). Performance targets are identified for each goal, and performance is tied to the evaluation of the administrator.

The Operational Goal categories for the FY2019 plan include:

#### Accountability, Institutional Effectiveness, Transparency, and Governance:

Foster a culture of data informed decision-making and accountability by creating a system of effectiveness measures, outcomes assessment, strategic planning, evaluation, and shared governance.

#### **Communications and Community Relations:**

Build awareness of and community support for the College while enhancing its reputation through quality communications.

## **Diversity:** Create a campus climate that is supportive of cultural differences and respectful of all constituents.

#### **Employee Relations:**

Ensure employee recruitment, development, and retention through appropriate processes.

#### **Enrollment and Financial Aid:**

Develop and implement a cohesive set of strategies inclusive of recruitment, enrollment, and retention to support enrollment goals for credit and non-credit programs; and provide financial aid to all eligible students.

#### **Facilities:**

Ensure appropriate facilities to meet the instructional and non-instructional needs of the College community.

#### Financial:

Effectively develop, plan, and manage our financial resources.

#### Safety:

Ensure the safety of the Harper Community.

#### **Student Success:**

Operationalize student success initiatives.

#### **Technology:**

Support and enhance technology to meet the instructional and administrative needs of the College community.

#### Workforce Development/Economic Development:

Ensure Harper College provides workforce and entrepreneurial training and education and supports the region's economic health.

Overall accomplishments in FY2019 as a result of the College Operational Plan include the following:

- Achieved a graduation rate of 32.7%, the highest rate in Harper's recorded history.
- District voters supported a bond referendum with more than 61% voting yes to the College's request to raise \$180 million dollars in support of capital projects. This is the largest referendum in the College's history, as well as the largest affirmative vote.
- Increased persistence rates for full- and part-time students. Since 2013-14, fall to fall persistence has increased by more than six percentage points for both full- and part-time students.
- Secured an additional \$1,166,074 for the Promise Scholarship Program that was matched by one million dollars by the Board of Trustees, resulting in an additional \$2,166,074.
- Registered 6,374 district high school freshmen as the fourth cohort of Promise Scholars, with 2,781 sophomores and 2,094 juniors continuing to meet Promise criteria. Approximately 670 seniors met all Promise criteria and more than 400 will enter Harper in fall as Promise Scholars.
- Reaffirmed Harper's Aaa Moody credit rating.
- Honored local philanthropists for their investments in Harper by naming facilities: Foglia
  Foundation Heath and Recreation Center; Drs. Kenneth and Catherine Ender Pavilion; Dr. Judith
  Marwick Experimental Classroom; Ian Dustan Memorial Pediatric Room; Building Energy
  Systems Technology: BEST Laboratory, made possible by a contribution from Daikin North
  America; Polly Paine Classroom; and the Basch Classroom. To honor the memory of Craig
  Stettner, the Harper College Prairie has been named the Craig Stettner Prairie at Harper College.
- Received the 2018 Illinois Council of Community College Administrators (ICCCA) Innovation award for apprenticeship work with Zurich North America.
- Recognized by the National Institute for Learning Outcomes Assessment as a 2018 Excellence in Assessment Designee. Harper received the designation based on its strong work in general education assessment, its use of research and best practices, and its inclusion of stakeholders.
- Continued advances to the 2010 Campus Master Plan with completion of the Foglia Foundation Health and Recreation Center, Building D Mass Communication Lab, and Math Classroom.

The following items were not completed or the target was not met in FY2019:

- Respond to draft Illinois Community College Board (ICCB) Recognition Report by June 2019. Status: ICCB recognition process occurred later than anticipated (date set by ICCB).
- Maintain enrollment at a flat level. Status: Experienced a 2.2% enrollment decrease for FY2019.
- Create Canning Center for "One Stop" and other services. Status: The state did not release funds.
- Implement new programming in credit and non-credit areas. Status: Enrollment goals were not met for new programs in Surgical Technology and Personal Trainer Certificate. Physical Therapy Asssitant (PTA) program was delayed by accreditation and will begin fall 2019.
- Schedule and advertise the Associates in Arts degree and other certificates identified by partners in the AcceleratEd Pathways Program. Status: The partnership with Pearson AcceleratEd Pathways Program was determined unsustainable by the College and discontinued.

More information on the results of the FY2019 Operational Plan can be found in the <u>Institutional</u> <u>Accountability Report.</u>

## Use of Results for Continuous Improvement

As a result of the College's institutional effectiveness assessment processes, budgetary and programmatic changes were made and are reflected in the FY2020 budget. Below is a summary of the modifications.

#### Support of Learning

The College reallocated resources to support enhancements to current programs of study, launch a new initiative, support ongoing distance learning offerings, and streamline placement. The following projects required redistribution of resources to ensure quality education, which is a hallmark of Harper's mission:

- Revamping of the Dietetic Technician lab to create a new Nutrition lab, including replacement and disposal of antiquated equipment to properly retool the Nutrition lab. \$27,500
- Upgrade Sieman's equipment in the Sonography program to ensure students are learning on stateof-the art instrumentation, common in the workplace. \$170,000
- Addition of a Distance Learning Manager to ensure quality and manage growth of online and blended courses/programs. Funding was added to existing budget lines to support the position. \$42,500
- Additional personnel and programing for the Student Veterans and Military-Connected program. This program provides resources for returning veterans pursuing post-secondary education. \$50,000
- Creation of a Maker Space to support entrepreneurial programming. Reallocation of funding supports personnel and equipment, which will aid economic development in Harper's district. \$137,000
- Expanded use of ALEKS software for mathematics placement testing. ALEKS provides a customized approach to remediating weak areas for students, enhancing the learning process. \$50,000

#### Software for Operational Efficiencies

The College formed a task force to review current practices for employee performance evaluations. As a result, evaluation criteria were modified and an online system is being deployed. \$19,300

Funding for the replacement of the College's Enterprise Resource Planning (ERP) software, used for all financial transactions and in human resource management, was provided in FY2019. Additional funding has been reallocated to ensure backfill of personnel during implementation, as well as specialized consultants to assist with system configurations. \$750,000

#### Safety and Security

Harper is focused on ensuring a safe and engaging learning and work environment. As such, funding was reallocated to support the following:

- Additional security cameras are being placed at the Harper Professional Center, an extension site of the College which offers complete programs of study. \$9,000
- Campus fire sprinkler testing is planned. This practice is critical to ensuring proper deployment of the system in the event of a fire. \$75,000
- Upgrade the digital radio system for Harper College Police Department to ensure clear communications between dispatch and officers, as well as between officers. \$110,000
- Develop a back-up system for the Computer Data Center in Building Y to ensure redundancy in case of failure. This ensures data integrity for key systems including student, financial, and human resources.
   \$694,000

#### Modification of Academic Programs

The Operational Plan includes a goal to complete reviews of programs. As a result, the following academic programs were modified. All actions were taken through the College's shared governance system via the Curriculum Committee.

- Accounting A.A.S.
- Basic Manufacturing Certificate
- Business Administration A.A.S.
- Business Administration, E-marketing Certificate
- Business Administration, Entrepreneurship Certificate
- Business Administration, Financial Management Certificate
- Computer Information Systems, Information Systems A.A.S.
- Computer Information Systems, Information Technology A.A.S.
- Computer Numerical Control Operator I Certificate
- Computer Numerical Control Operator II Certificate
- Dental Hygiene A.A.S.
- Early Childhood Education A.A.S.
- Early Childhood Education Teacher Certificate
- Emergency Medical Services A.A.S.
- Emergency Medical Technician Certificate
- Fire Science A.A.S.
- Geographic Information Systems Certificate
- Graphic Arts A.A.S.
- Hospitality Management A.A.S.
- Maintenance Technology A.A.S
- Manufacturing Technology A.A.S

- Medical Assistant Certificate
- Medical Office Administration A.A.S
- Paraprofessional Educator A.A.S.
- Paraprofessional Educator Certificate
- Personal Training Certificate
- Physical Therapy Assistant A.A.S.
- Teaching English to Speakers of Other Languages Certificate
- Web Development A.A.S.
- Welding Technology A.A.S.

New program:

• Business Administration, Social Commerce and Sales Certificate

# **Strategic Planning**

William Rainey Harper College utilizes a broad, collaborative, community-based strategic planning process to ensure the College continues to meet the changing needs of its students and the community. Harper College engages in frequent assessment of the students and the community we serve. Prior to development of a strategic plan, the College conducts a thorough assessment of internal strengths and weaknesses as well as an external review of opportunities and threats – a SWOT Analysis. The SWOT analysis provides an evaluation that informs the planning process.

During FY 2020, building on the items identified in the SWOT Analysis, the College will engage in the following activities to develop its FY 2021-2024 Strategic Plan. The year-long planning process will be led by the Strategic Planning and Accountability Committee (SPA), a shared governance committee of the College. The process includes:

- Dialogue Sessions: Four dialogue sessions will be held in fall 2019 to invite broad-based campus discussion on the issues facing the College. The dialogue sessions will include expert panelists (internal and external representatives). Constituent input and feedback is the critical intended outcome of these sessions. Sessions will include panel discussions with time for questions and answers, as well as feedback collected through surveys. Topics for the dialogue sessions will focus on four key groups as follows:
  - Employees: Professional Growth and Service
  - Students: Education in the 21st Century
  - Businesses/Employers: The Changing Landscape of Work
  - Community: The Changing Landscape of the Community

As a result of the dialogue sessions, four Whitepapers will be developed and reviewed by the SPA Committee to identify emerging themes.

- Data Summits: Four data summits will be held in fall 2019 to examine and discuss data related to students, employees, businesses/employers, and the community. The purpose of these summits is to facilitate constituent engagement with key institutional data. As a result of this engagement, it is anticipated that common themes will emerge from the data discussions. Data summit themes will be recorded and reviewed by the SPA Committee.
- SPA Committee Work: In late fall 2019/early spring 2020 the SPA Committee will review the output from the dialogue sessions and data summits and synthesize these inputs into themes for review at the Strategic Planning Conference.
- Strategic Planning Conference: A two-day Strategic Planning Conference will be held in spring 2020. Day one of the conference will include both internal and external constituents with a goal of validating the themes resulting from the dialogue sessions and data summits. Day two of the conference will include the SPA committee along with representatives from all employee groups of the College to develop strategic goals related to the themes.
- Shared Governance Process: In mid-late spring 2020 the FY 2021-2024 Strategic Plan (themes and goals) will be presented to the campus for feedback through the shared governance process. Upon campus review, the Strategic Plan will be presented to the Board of Trustees for approval.
- The FY 2021-2024 Strategic Plan will be launched in July 2020.

# Harper College Operational Plan for FY2020 (SMARTER Goals)

## Overview

The College's Operational Plan delineates the operational goals to be completed in FY2020. Each goal includes an identified Executive Council leader and institutional leader, Title III/IEM/risk category and fund in which its support activities are budgeted. Performance targets are identified for each goal, and performance is tied to the evaluation of the administrator.

The Operational Goal categories for the FY2020 plan include:

#### Accountability, Institutional Effectiveness, Transparency, and Governance:

Foster a culture of data informed decision-making and accountability by creating a system of effectiveness measures, outcomes assessment, strategic planning, evaluation, and shared governance.

#### **Communications and Community Relations:**

Build awareness of and community support for the College while enhancing its reputation through quality communications.

#### **Diversity:**

Create a campus climate that is supportive of cultural differences and respectful of all constituents.

#### **Employee Relations and Wellness:**

Ensure employee recruitment, development, and retention through appropriate processes. Enhance the overall well-being of employees through a variety of programs, initiatives, and materials.

#### **Enrollment and Financial Aid:**

Develop and implement a cohesive set of strategies inclusive of recruitment, enrollment, and retention to support enrollment goals for credit and non-credit programs; and provide financial aid to all eligible students.

## **Facilities:**

Ensure appropriate facilities to meet the instructional and non-instructional needs of the College community.

#### Financial:

Effectively develop, plan, and manage our financial resources.

#### Safety:

Ensure the safety of the Harper Community.

## **Student Success:**

Operationalize student success initiatives.

#### **Technology:**

Support and enhance technology to meet the instructional and administrative needs of the College community.

## Workforce Development/Economic Development:

Ensure Harper College provides workforce and entrepreneurial training and education and supports the region's economic health.

## Accountability, Institutional Effectiveness, Transparency and Governance:

Foster a culture of data informed decision-making and accountability by creating a system of effectiveness measures, outcomes assessment, strategic planning, evaluation, and shared governance.

## **Basis of Accounting and Budgeting, and Fund Descriptions**

The accounting policies of William Rainey Harper College – Community District No. 512 (the College) conform to generally accepted accounting principles applicable to Government units and Illinois Community Colleges. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing accounting and financial reporting principles. Financial statements are prepared on an accrual basis of accounting, which means that revenues are recorded when earned and expenditures when a liability is created, regardless of the accounting period in which cash payment is actually made.

The College budgets on the same basis as its financial reporting with the exception of depreciation. All capital asset purchases are budgeted as expenses, instead of budgeting for annual depreciation on those assets.

The College records budgets and corresponding transactions in the following funds:

- The Education, Operations and Maintenance Audit and Liability, Protection and Settlement Funds are considered the general operating funds of the College. These are funds that are tax-capped, for which local property taxes can be levied but are subject to the Property Tax Extension Limitation Law. By law, taxes in the Audit Fund are restricted only for the payment of auditing expenditures, and the Liability, Protections and Settlement Fund is restricted only for the payment of tort liability, unemployment insurance, and workers' compensation insurance and claims.
- The Auxiliary Enterprises Fund is an enterprise fund, used to account for operations that are financed and operated in a manner similar to private business enterprise. Examples recorded under this fund would be the Harper Store, Dining and Conference Services, and Continuing Education.
- The Restricted Purposes Fund is a special revenue fund, used to account for the proceeds of specific revenue sources that are restricted to expenditures for specific purposes. The majority of this fund accounts for grants and financial aid.
- The Bond and Interest Fund is a debt service fund, restricted to account for the accumulation of resources for and the payment of principal, interest and related costs.
- The Operations and Maintenance (Restricted) Fund is a capital projects fund, used to account for financial resources to be used for the acquisition or construction of major capital facilities.
- The Working Cash Fund is a permanent fund, of which only the accumulated earned interest may be transferred to other funds to meet one-time needs.

# **BUDGET PREPARATION PROCESS**

## **Board Financial Guidelines**

## **Balanced Budget**

The Board shall strive to maintain a balanced budget in the Tax-Capped Funds, which consist of the Education Fund, Operations and Maintenance Fund, Audit Fund, and Liability, Protection and Settlement Fund. The term *balanced budget* shall apply only to the Tax-Capped Funds in the aggregate.

The other funds often support projects where funding is generated (i.e. bond sales) in one year and spent in succeeding years. Accumulated fund balances can be designated, when the need arises, for special one-time uses such as construction expenses, projects or special equipment purchases. This is considered good planning and the budget shall still be considered balanced.

Unbalanced shall mean that the revenue coming into the fund is insufficient to pay all of the *operational or ongoing* expense of that year.

## **Revenue Diversification**

The Board shall continue to manage its three major sources of revenue: local government, tuition and fees, and state appropriations. The Board's most direct control is over tuition and fee revenue. The College shall continue to develop other revenue streams from bookstore, food service, continuing education, grants and other creative sources within the mission of the College to support the basic mission of the College.

## Fees

The College charges other fees to support a variety of services and activities including student activities, registration fees, application fees, and distance learning fees. Course fees may be assessed as needed to offset the cost of specialized course materials or experiences that are consumed during the semester.

## Use of One Time Revenue

The Board shall not use one time revenues for ongoing expenditures, but rather target these funds for one time expenditures.

## Use of Unpredictable Revenue

The College shall use the Auxiliary Enterprises Fund to record revenue and expense from activities that are expected to break even or better and/or have unpredictable sources of revenue.

Expenses should be of a flexible nature and designed to rise and fall with the revenues. Programs or services that no longer break even must be restructured or discontinued.

## Debt

The College will not exceed the debt limits set by state statute (2.875% of EAV) nor exceed bonding authority within the limits of the tax cap. See the other funds section of this document for more detail on debt and its limits in Illinois.

## **Asset Inventory and Appraisal**

The assets of the College are inventoried and/or appraised on a 5 year cycle. This includes the condition and value of the buildings and contents. The result of this work, in conjunction with the Campus Master Plan, provides the basis for approval by the Board and submission to the State for funding through the Resource Allocation Management Program (RAMP) process.

# **Board Financial Policies**

## **Tuition and Per Credit Hour Fees**

Tuition is set by the Board. In December, 2015 the Board policy was amended to limit the annual tuition and per credit hour fee increases to 5% of total tuition and fees or the Illinois statute limitation using the Higher Education Cost Adjustment (HECA) rate change as a guideline, as appropriate, to promote a balanced budget for Harper College and financial consistency for Harper students.

Board policy 07.01.04 Revised 12/16/15

## Fund Balance Definition and Target

Fund balance will be defined as the dollars left in a fund at the end of a fiscal year. The College will support quality teaching and learning through sound financial practices consistent with maintaining a Aaa bond rating. This includes maintaining a fund balance in the Tax-Capped Funds between 40% and 60% of the budgeted annual expenditures.

Board policy 07.01.04 Revised 6/20/12

## Accountability

The Board of Trustees shall receive a monthly report of the actual expenditures compared to the budget for each Tax-Capped Fund. The Board of Trustees shall also receive a monthly report of investments. The Board of Trustees shall maintain state required levels of Treasurer's Bonds.

Board policy 07.01.05

## **Budget Planning Calendar & Process**

One of the first steps in the development of the budget is for the Budget Office, under the direction of the Executive Vice President of Finance and Administrative Services, to develop a planning calendar. The Executive Vice President is responsible for directing the budget process through the adoption of the legal budget. Target dates are established for the completion of major tasks that will result in the adoption of the legal budget document. Each member of the Executive Council is asked for their input in setting these target dates and commitment from their respective areas to meet these deadlines.

In November, before the calendar has even been finalized, a preliminary five-year financial plan, with updated revenue and expenditure assumptions, is evaluated at executive meetings. In addition, priorities are set for spending in the areas of capital, technology, and personnel.

In February, decisions regarding the major revenue sources of property taxes and tuition and fees are made. Enrollment projections using the model from the Office of Institutional Research are discussed. The budget intranet portal page is updated with the calendar, instructions, and any related forms for requesting funds in the areas of facilities, furniture, computer needs, personnel, and other needs of a permanent or temporary nature.

The process of building the salary and benefits budget for permanent full and part-time positions begins in late February. An extract of current personnel is used as a starting point and placeholders are entered for any vacant positions. By the end of March estimated changes for salary and benefits are entered, pending board approval. A target expenditure budget is then established for each area, and is closely monitored by the Budget Office throughout the budget development process. Within each area, decisions are made as to how to allocate the available resources in their respective target budget. Any deviations from the target budget must be explained and approved.

Because the individual departments are allowed access to the budget module at certain levels, it is necessary to provide instructions as to which areas are pre-determined (such as full-time and permanent part-time salaries and benefits) and which they have the flexibility to change. Budget information sessions are held in February to review the budget instructions, the processes for new requests, and to discuss changes for the new budget year. Starting in April, the Budget Office conducts new-user and refresher training sessions on inputting the budget into the accounting system.

The budget module is opened the first week of April for input by the departments for a period of approximately four weeks. After this time it is closed for further input except by the Budget Office. By the first week of May, any additional approved changes are completed and the Budget Office prepares the preliminary legal budget to go to the June Board.

Following is a summary of the key budget process activities by month.

| November  | <ul> <li>Budget process begins with the development of the Five-Year Financial Plan</li> <li>Course fee changes are reviewed</li> </ul>      |
|-----------|--|
|           | • Facility remodeling and furniture requests are submitted   |
| December  | Five-Year Financial Plan presented to Board     Final second for more set on heritative data.  |
|           | <ul> <li>Final course fee requests submitted to Provost</li> <li>Facility remodeling and furniture requests closed for submission</li> </ul> |
| January   | • Final CPI-U rate for estimated property taxes is published   |
| Sundar y  | • HECA rate is determined as guidance for tuition increases  |
| February  | • Tuition and fee rates approved by Board  |
| March     | Budget requests due to Executive Council members   |
| April     | Oracle Budget opened for department input  |
| · • • •   | • Executive Council reviews all budget requests, facility and furniture requests   |
| May       | Oracle Budget closed for input and all approved requests entered   |
| 11149     | All funds summary of preliminary budgeted created  |
| June      | Preliminary budget adopted at June Board meeting   |
| August    | Budget adopted at August Board meeting   |
| C         | College Plan finalized   |
| September | Budget is submitted to Illinois Community College Board (ICCB), counties and     Community Finance Official Association (CEOA)               |
| -         | Government Finance Officers Association (GFOA)   |

# Adopting the Budget

The preliminary legal budget is approved at the June Board meeting, after which it is posted for public view. In August, a public hearing takes place where the Board adopts the legal budget, which is then submitted to the Illinois Community College Board (ICCB).

## Budget Amendment

An amendment to the budget is required when transfers between programs or object groups within a fund exceed 10% of the fund's total budget. For example, if the Education Fund's budgeted expenditures are \$95 million, the limit for transfers is \$9.5 million for that fund. Transfers between funds after the budget is approved are also subject to this 10% limit.

A two-thirds vote of all the members of the Board is required to amend the budget. A process similar to adopting the original budget must be followed to pass an amendment to the annual budget. It begins with the Board adopting an additional or supplemental preliminary budget. This supplemental budget is then posted for public view for at least thirty days. After a two-thirds vote by the Board, the amendment is passed. The last step is to submit the amended budget to ICCB and the counties.

#### Fiscal Year 2020 Budget Summary

Each year the budget is guided by the Five-Year Financial Plan, which was presented to the Board of Trustees for fiscal years 2020-2024 in December 2018. Preliminary estimates are used in the financial plan for revenue and expenditure lines, based on various assumptions over that five-year period. To develop the current year's budget, the College uses historical trend analysis, known external factors, conservative estimates, and assumptions based on current economic conditions.

Enrollment declines and the uncertainty around State of Illinois funding have continued to challenge the College's finances. The College continues to reduce its reliance on State funding by budgeting in FY 2020 only 25% of the FY 2019 appropriation. The lack of stability in the State's finances has placed pressure on the other revenue sources of property taxes and tuition and fees, however caps on property taxes limit the ability to raise additional funds from that source, and Board Policy and state statute limit tuition and per credit hour fee rate increases. The College continues to look for ways to contain costs to maintain a balanced budget.

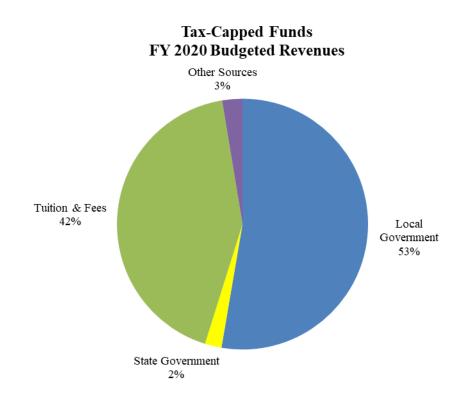

The following comments refer to the combined Tax-Capped Funds budgets, which are the main operating funds for the College. This includes the Education, Operations & Maintenance, Audit and Liability, Protection and Settlement Funds.

#### Revenues

The Tax-Capped Funds have three major sources of revenue: local government, tuition and fees, and state government. Budgeted revenues for FY 2020 are \$116,026,482 compared to a budget of \$112,918,646 for FY 2019. This represents an increase of \$3,107,836, or 2.7%. The increases were primarily due to local government, and investment revenue which is reported under other sources.

#### **Expenditures**

Building the expenditure side of a budget is a coordinated process across all College departments. The Tax-Capped Funds have budgeted expenditures of \$111,699,339, and \$4,327,143 of planned transfers, for a balanced budget in FY 2020. Compared to the expenditure budget of \$110,568,661 for FY 2019, this represents an increase of \$1,130,678, or 1.0%, driven primarily by increases in annual salaries and benefits.

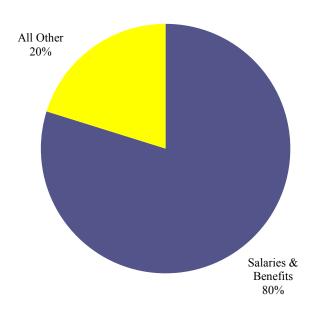

**Local government** represents 53% of the total budgeted revenues for the Tax-Capped Funds. The majority of this is property tax revenue, which is capped at 5% of the prior year tax extension, or the Consumer Price Index-Urban (CPI-U), whichever is less, plus any new property coming onto the tax rolls. Overall local revenues will increase from \$59,570,154 in FY 2019 to \$61,132,815 in FY 2020, or 2.6%.

**Tuition and fees** make up 42% of total budgeted revenues. In February 2019, an in-district tuition increase of \$3.75 per credit hour was approved effective Summer 2019, from \$129.75 to \$133.50. Enrollment is budgeted to decrease 0.4% in FY 2020. Budgeted tuition and fees for the Tax-Capped Funds will increase from \$48,855,632 in FY 2019 to \$49,385,355 in FY 2020, or 1.1%.

**State funding** represents only 2% of total budgeted revenues. Due to the uncertainty of State funding, the College is reducing its reliance on State funding to provide a balanced or better budget, with only 25% of the previous year's appropriation budgeted in FY 2020, with an increase from \$2,260,000 budgeted in FY 2019 to \$2,490,000 in FY 2020, or 10.2%.

**Other sources** make up 3.0% of total revenues. This category includes investment revenue which, with yields on the rise, accounts for the increase from \$2,232,860 budgeted in FY 2019 to \$3,018,312 in FY 2020, or 35.2%.

## Tax-Capped Funds FY 2020 Budgeted Expenditures

**Salaries and benefits** represent 80% of the College's expenditures. Approximately 66% of the College's salary and benefit expenditures are covered by collective bargaining agreements. The College has estimated the calendar year 2020 medical insurance rates to increase 8%. Combined salaries and benefits have increased from \$86,303,323 in FY 2019 to \$89,155,313 in FY 2020, or about 3.3%, due to annual salary increases and projected medical premiums.

All other expenditures, which include contractual services, materials and supplies, travel and meeting, fixed charges, utilities, capital outlay, contingency, and other combined for a decrease from \$24,265,338 in FY 2019 to \$22,544,026 in FY 2020, or 7.1%. These expenditures represent 20% of the budget.

#### Note:

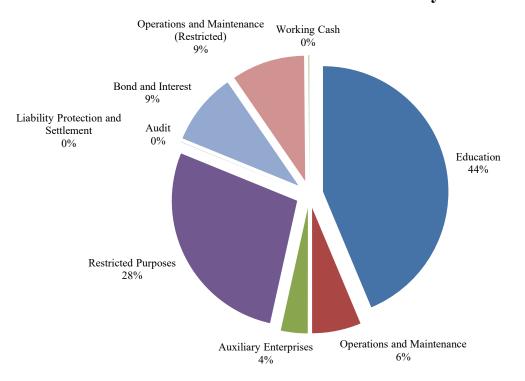

All decreases in fund balance were planned and the money was reserved in prior years. The following footnotes indicate the use of the money in the current year.

Operations and Maintenance: Planned use of fund balance

Auxiliary Enterprises: Planned use of fund balance

Restricted Purposes: Planned use of fund balance for strategic initiatives, academic capital equipment, technology and ERP projects, and projects budgeted in prior year but not expended

Operations and Maintenance (Restricted): Planned use for capital projects

## **Tax-Capped Funds Descriptions**

Funds for which local property taxes can be levied, subject to the Illinois Property Tax Extension Limitation Law

## **Education Fund (0001)**

The Education Fund is established by Section 103-1 of the Illinois Public Community College Act. The statutory maximum tax rate for the Education Fund is 75 cents per \$100 of equalized assessed valuation for community college districts in cities with less than 500,000 inhabitants.

The Education Fund is used to account for the revenues and expenditures of the academic and service programs of the College. It includes the cost of instructional, administrative and professional salaries; supplies and equipment; library books and materials; maintenance of instructional and administrative equipment; and other costs pertaining to the educational program of the College. (See Sections 103-20.3 and 107-18 of the Illinois Public Community College Act.)

The local Board of Trustees may make a determination within the budget for the distribution of unrestricted revenues other than local property taxes among the operating funds, i.e., the Education Fund, the Operations and Maintenance Fund, and the Public building Commission Operation and Maintenance Fund.

## **Operations and Maintenance Fund (0002)**

The Operations and Maintenance Fund is established by Section 103-1 and Section 103-20.3 of the Illinois Public Community College Act. The statutory maximum tax rate is set at 10 cents per \$100 equalized assessed valuation for community college districts in cities with less than 500,000 inhabitants.

This fund is used to account for expenditures for the improvement, maintenance, repair, or benefit of buildings and property, including the cost of interior decorating and the installation, improvement, or repair, replacement, and maintenance of building fixtures; rental of buildings and property for community college purposes; payment of all premiums for insurance upon buildings and building fixtures; salaries of janitors, engineers, or other custodial employees; all costs of fuel, lights, gas, water, telephone service, custodial supplies, and equipment; and professional surveys of the condition of College buildings. (See Section 103-20.3 of the Illinois Public Community College Act.) The local Board of Trustees of any district may make a determination within the budget for the distribution of unrestricted revenues other than local property taxes among the operating funds, i.e., the Education Fund or the Operations and Maintenance Fund.

## Audit Fund (0011)

The Audit Fund is established by Chapter 85, Section 709 of the Illinois revised Statutes for recording the payment or auditing expenses. The audit tax levy should be used only for the payment of auditing expenses.

#### Liability, Protection and Settlement Fund (0012)

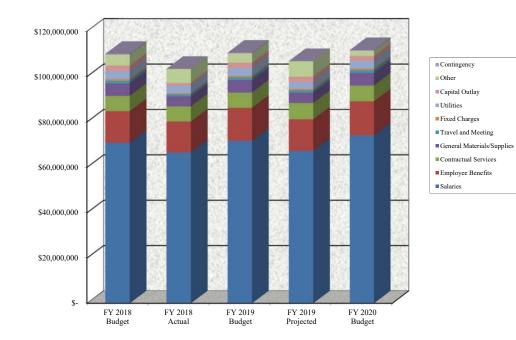

This fund is established by Chapter 85, Section 9-107 of Illinois Revised Statutes. The tort liability, unemployment insurance and worker's compensation levy should be recorded in this fund. The monies in this fund, including interest earned on the assets of this fund, should be used only for the purposes authorized under Section 9-107, i.e., the payment of tort liability, unemployment or workers' compensation insurance or claims.

\* Benefits consist of workers compensation and unemployment insurance, which starting in FY 2018 are primarily reported in the Education Fund

## **Other Funds**

### **Auxiliary Enterprises Fund (0005)**

The Auxiliary Enterprises Fund is established by Section 103-31.1 of the Illinois Public Community College Act and accounts for College services where a fee is charged to students or staff. Each enterprise/service should be accounted for separately using a group of self-balancing accounts within the fund. Examples of accounts in this fund include food services, student stores, and Corporate Services.

Only monies over which the institution has complete control should be included in this fund. Subsidies for auxiliary services by the Education Fund should be shown as transfers to the appropriate account.

## **Restricted Purposes Fund (0006)**

The Restricted Purposes Fund, established by ICCB Rules 1501.508 and 1501.509, is for the purpose of accounting for monies that have restrictions regarding their use. Each specific project should be accounted for separately using a complete group of self-balancing accounts within the Restricted Purposes Fund. Care should be taken in establishing each group of self-balancing accounts so that the accounting and reporting requirements of the grantor are met. If the grantor provides an accounting manual, it should be followed for the group of self-balancing accounts.

## Working Cash Fund (0007)

The Working Cash Fund is established by Chapter 110, Act 805, Section 3-33.1 of the Illinois Compiled Statutes. This fund is first established without voter approval by resolution of the local Board of Trustees for the purpose of enabling the district to have on hand at all times sufficient cash to meet the demands for ordinary and necessary expenditures. Additional bonds may not be issued without voter approval.

This fund is used to account for the proceeds of working cash bonds. By making temporary transfers, the fund is used as a source of working capital by other funds. Such temporary transfers assist operating funds in meeting the demands for ordinary and necessary expenditures during periods of temporary low cash balances.

Payments for the principal or interest of Working Cash Bonds should be made from within the Bond and Interest Fund.

#### Bond and Interest Fund (0004)

The Bond and Interest Fund is established by Section 103A-1 of the Illinois Public Community College Act. This fund is used to account for payment of principal, interest, and related charges on any outstanding bonds. Debt service for each bond must be accounted for separately using a group of self-balancing accounts within the fund.

#### **Operations and Maintenance Fund (Restricted) (0003)**

Sections 103-14 of the Illinois Public Community College Act allows the local board of trustees to establish this fund by permitting an accumulation of funds for building purposes and the site acquisition not to exceed an amount equal to five percent of the district's equalized assessed valuation. Monies in this fund cannot be permanently transferred or loaned to any other fund or used for any other purpose.

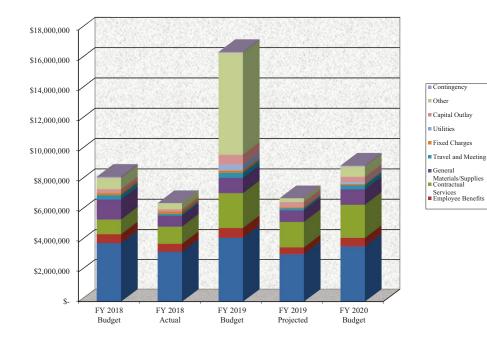

It is suggested that Protection, Health, and Safety levies, Building Bond Proceeds, Repair and Renovation Grants, and accumulation monies restricted from the Operations and Maintenance levy for building purposes be accounted for in a series of self-balancing accounts in this fund.

# **Debt Obligations**

In the tax-capped portions of Illinois, the only bonded debt that can be incurred without voter approval are alternative revenue bonds and the bonding authority available within the debt service extension base. The tax cap laws limit debt to1994 levels (when tax caps were applied), unless a referendum is approved by the voters. Starting in 2009, the law was amended to allow a CPI factor to be applied to the debt service extension base. For tax levy year 2018 the College's debt service extension base is \$2,437,488, based on the December 2016 CPI of 2.1%. The College has a long term financial plan which includes utilizing these funds for necessary expenditures. Limited bonds of approximately \$4.6 million were sold in FY 2019 under the debt service extension base to help fund capital projects identified in the campus master plan.

Two successful referendums, an \$88.8 million referendum in November of 2000 and \$153.6 million in November, 2008 account for 94% of the outstanding debt. Both series of bonds have been refunded, resulting in millions in interest savings. These referendums provided a funding stream for building, and the repair and replacement of physical plant assets. In November 2018 a new \$180 million referendum was passed, with bonds expected to be sold in FY 2021.

The College's debt is modest compared to limits set by the state statute. The debt limit set by law is \$542.9 million based on 2.875% of the 2018 equalized assessed valuation of \$18.9 billion. The College's outstanding principal is \$117.8 million, well below the statutory limitation. A schedule of debt maturities follows on the next page.

Principal and interest payments on debt are paid from the Bond and Interest Fund. A financial summary of that fund follows the debt maturities schedule.

The College continues to have an outstanding financial reputation as evidenced by its Aaa bond rating issued by Moody's, which is the highest rating it awards. At the time the rating was originally issued in 2001, the College was one of only three community colleges in the United States, and the only one in Illinois, to be granted the Aaa rating. This rating has been maintained and was most recently reaffirmed by Moody's in February 2019. Moody's has issued credit ratings for approximately 140 community colleges nationwide.

The College's credit rating should result in lower interest rates on the College's future bond issuances. The Aaa credit rating is especially important to the taxpayers of the district at this time of financial uncertainty. Districts that have lower ratings will not only pay more interest, but it inhibits their ability to attract buyers for their bonds, because the insurance used to provide coverage for poorer ratings is either no longer available or is considered suspect by bond buyers.

Moody's is a credit-rating service that renders opinions on the ability of a bond-issuer to repay its debt obligations. The criterion that go into analyzing a community college's debt focus on the college's role in providing educational services to its market, the level of financial stability provided by its reserves, its relative debt burden, and its ability to generate consistent operating results.

### **Master Planning and Capital Projects**

In the fall of 2008, Harper College's district passed a \$153.6 million capital bond referendum. The 2010 Campus Master Plan provided the vision to utilize these funds to update the College's physical plant through 2020. Every five years the Master Plan is updated, with the latest being finalized in February 2017 looking forward to 2020 and beyond. The updated Master Plan identified several common themes: continuing to work towards creating a welcoming campus, supporting growth of academic programs, flexibility for changing programs, and creating 21<sup>st</sup> century learning environments built around cost-effectiveness and sustainability. Master Plan projects that have been provided for in the FY 2020 capital budget are renovations and additions for the Canning Center, bridge connecting Building M and the Canning Center, and funds to begin design work for the University/Innovation Center. These projects, along with planned infrastructure projects, are projected to exhaust these referendum funds over the next year.

In the fall of 2018, a new \$180 million capital bond referendum was passed which, starting in FY 2021, will fund the next Master Plan priorities of continued renovations of aging buildings, and maintaining and improving campus infrastructure.

Other sources of funding for capital projects include non-referendum limited obligation bonds issued every two years yielding around \$5 million, operating surpluses, and an annual small project operating budget of \$250,000 used for projects under \$25,000.

The capital projects budget is provided for in the Operations and Maintenance (Restricted) Fund. The budget for FY 2020 includes planned infrastructure projects of \$19 million.

|                        |                | FY 2020       |
|------------------------|----------------|---------------|
|                        | Project        | Budget        |
|                        | Estimated Cost | Request       |
|                        |                |               |
| Building Integrity     | \$ 1,239,478   | \$ 1,238,988  |
| Sustainability         | 180,000        | 180,000       |
| Renewal                | 1,167,158      | 633,888       |
| Program Support        | 77,313,698     | 28,126,819    |
| Safety and Statutory   | 9,397,399      | 8,591,435     |
| System Reliability     | 17,136,711     | 9,747,706     |
| Contingency            |                | 1,000,000     |
| Total Capital Projects | \$ 106,434,444 | \$ 49,518,836 |

As the table above shows, \$28.1 million is estimated for projects that support academic programs. Two of those projects, which are described below, are part of the State's Resource Allocation Management Program (RAMP). These projects were included in the recently passed State budget, and are waiting on further notice from the State.

• Construction of the new Canning Center – Prior to the State hold, the construction documents were completed and the project had been ready for bidding. The FY 2020 budgeted project cost is \$18.6 million. The total estimated project cost is \$61.7 million, which includes a state contribution of \$40.7 million.

• Funds to address the Hospitality program facilities. The FY 2020 budgeted project cost is \$1.8 million. The total estimated project cost is \$5.3 million, which includes a state contribution of \$3.9 million.

The College has set aside the required matching funds for these projects. These projects will position the College to better serve our students with excellent facilities and accommodate new programs.

Other state funding for capital renewal totaling \$1.4 million is budgeted for reconstruction of parking lots at the Harper Professional Center in Schaumburg, and the Harper Learning and Career Center in Prospect Heights. This project is waiting on further notice from the State.

Other projects budgeted in FY 2020 include \$1.1 million for building envelope maintenance for the Learning and Career Center, \$1.4 million for replacement of gym floor, \$1.7 million for utility tunnel repairs, and \$2.4 million for a pedestrian bridge connecting Building M and A to be completed with the Canning Center project.

Many of the projects scheduled to be completed in FY 2020 are remodeling projects that do not impact the operating budget.

Maintenance projects, such as maintenance of HVAC systems, parking lot and concrete repairs, and utility tunnel repairs do not have an immediate savings, but prevent costlier repairs and replacements due to shortened useful life and system failures.

Replacement projects for windows, doors, and roofs and installation of lighting controls and building automation systems serve to reduce energy costs.

Other projects that will impact operating costs are those that will add square footage to the campus. The College currently has one project budgeted that will impact future expenditures.

The State-run Canning Center project is expected to add additional costs for utilities, contractual services, and materials from the 66,400 square foot addition. The earliest operating budget impact would be FY 2022.

The impact on the operating budget will be monitored and adjusted on an annual basis.

A financial summary of the Operations and Maintenance (Restricted) Fund and detailed list of all budgeted capital projects follows.

# Financial Forecasting and Long Range Financial Planning

The College devotes considerable time and resources to long range strategic and operational planning as described in the planning section of this document. The College is equally committed to long range financial planning. Each fall the Five-Year Financial Plan is updated, forecasting financial trends into the future.

The Five-Year Financial Plan contains the following:

- Executive Summary and Financial Policies and Guidelines
- Historical Information
- Five-Year Projections by Fund and Fund Groupings
- Financial Plan Alternatives

The purpose of the Five-Year Financial Plan is to create a framework which allows the College and the Board of Trustees to examine the long range financial implications of the many major financial decisions that are made. The Five-Year Financial Plan is not intended to be a detailed line item budget for five years, but rather, it is intended to provide a "broad brush" overview of the financial position and the resulting impact of the financial decisions that must be made. The Five-Year Financial Plan is also intended to look prospectively at expenditures, the means of financing those expenditures, and the financial position over a longer period of time than the traditional one-year budget. Excerpts from the December 2018 financial plan follow.

## **Financial Guidelines**

- Continue the current practice of maintaining a balanced budget across the tax-capped funds, which include the Education, Operations and Maintenance, Audit, and Liability, Protection, and Settlement Funds.
- Limit annual tuition and per credit hour fee increases to 5% of total tuition and fees or the Illinois statute limitation using the Higher Education Cost Adjustment (HECA) rate change as a guideline, as appropriate, to promote a balanced budget for Harper College and financial consistency for Harper students. (*Board Policy 07.01.04 Revised 12/16/15*)
- Maintain current practice of increasing and/or adding fees to make up for shortfalls in other revenue sources including state funding and property tax reductions due to successful Property Tax Appeal Board appeals.
- Continue the board policy of maintaining a fund balance in the combined Tax Capped Funds (Education, Operations and Maintenance, Audit, and Liability, Protection, and Settlement Funds) between 40% and 60% of the budgeted annual expenditures. *(Board Policy 07.01.04 Revised 6/20/12)*
- Support quality teaching and learning through sound financial practices consistent with maintaining a Aaa bond rating. (*Board Policy* 07.01.04)

# Overview of Revenues and Expenditures – Budget Assumptions and Historical Trends

The Five-Year Financial Plan lays the groundwork for the many financial decisions to be made, as the initial step in building the next year's budget. Preliminary estimates are used in the financial plan for revenue and expenditure lines, and assumptions could change for the next budget year, as more information becomes available in areas such as property taxes, enrollment, and state funding.

The following narrative refers to the combined Tax Capped Funds, which include the Education, Operations and Maintenance, Audit, and Liability, Protection and Settlement Funds, and are considered the main operating funds of the College. These are the funds for which local property taxes can be levied, and that are subject to the Property Tax Extension Limitation Law. The discussion includes historical information, as well as assumptions for Fiscal Year 2020's budget.

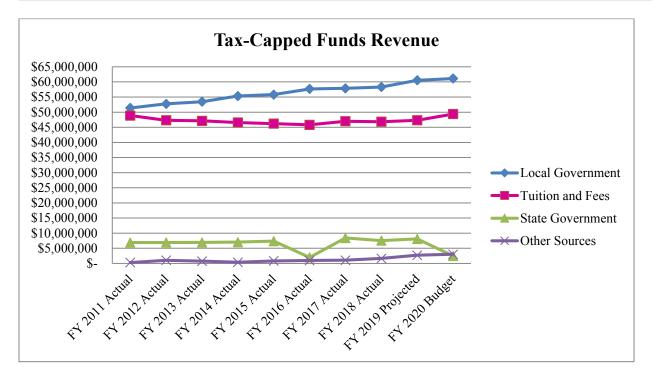

## Revenue

The Tax Capped Funds have three major sources of revenue: local government, tuition and fees, and state government. Budgeted revenues for FY 2020 are \$116,026,482 compared to a budget of \$112,918,646 for FY 2019. This represents an increase of \$3,107,836, or 2.7%, The increases are primarily due to local government, and investment revenue which is reported under other sources.

The following table and graph show revenues for the previous nine years, as well as the budgeted revenues for FY 2020. The graph below shows the dependence on local government revenues in the last several years as the other sources of revenue decline or remain relatively flat.

|                  | Tax-Capped Funds Revenues- History and FY 2020 Budget |                   |                   |                   |                   |                   |                   |                   |                      |                   |  |  |  |  |  |

# **Local Government**

Local government represents 53% of the total budgeted revenues for the Tax Capped Funds. The majority of this is property tax revenue. Overall budgeted local revenues will increase from \$59,570,154 in FY 2019 to \$61,132,815 in FY 2020, or 2.6%.

# Property Taxes

The Consumer Price Index for All Urban Consumers (CPI-U), which is the primary driver of property tax revenue increases, is released in mid-January, for the previous calendar year. The CPI-U for 2018 was 1.9%, which will affect the 2019 tax levy and approximately half of the tax revenues budgeted for FY 2020.

Public Act 89-1 made Cook County taxing districts subject to the Property Tax Extension Limitation Law (PTELL), beginning with the 1994 levy year (taxes payable in calendar year 1995). That legislation limits the increase in tax extensions to the lesser of 5% or the change in the consumer price index for all urban consumers (CPI-U). The table below shows the percentage increase limit for each tax year, which is set at the CPI-U level. In addition, the law provides for increases in tax extensions due to new property growth. Excluded are existing resolutions on file for debt retirement, and any subsequent bond sales or tax rate referenda that require taxpayer approval.

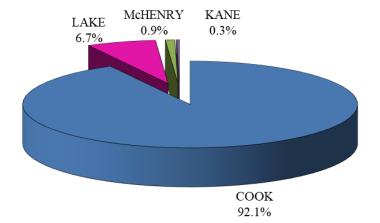

| Tax Year | 2011 | 2012 | 2013 | 2014 | 2015 | 2016 | 2017 | 2018 | 2019 |
|----------|------|------|------|------|------|------|------|------|------|
| CPI      | 1.5% | 3.0% | 1.7% | 1.5% | 0.8% | 0.7% | 2.1% | 2.1% | 1.9% |

The 2018 CPI-U increase of 1.9% will provide a modest increase in property tax revenue, however there remains downward pressure on this major revenue source due to property tax refunds from successful assessment appeals. Refunds paid in FY 2019, which are deducted from current year tax distributions, totaled \$2.2 million.

Real estate property values, as determined by the County Assessors' offices, are the basis upon which local taxing bodies obtain their annual tax revenues. Under state law, the College may levy an annual tax upon the taxable real estate within its jurisdiction. The amount of the levy is divided by the equalized assessed value (EAV) of the real estate to determine the tax rate. The rate as calculated may not exceed the district's maximum legal rate. Further restrictions may apply based upon the tax cap legislation.

| 2018 TAX YEAR VALU           | AT | IONS           |               |                |            |                      |

| by county                    |    | 92.1%          | 6.7%          | 0.9%           | 0.3%       | 100.00%              |

Harper assesses its levy upon real estate within four counties as follows:

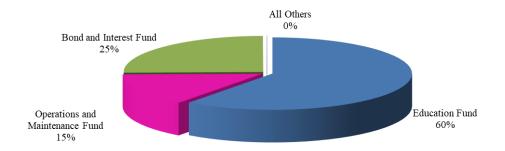

Tax rates and extensions are determined by each individual county. Cook County uses prior year EAV for determining the maximum allowable levy, whereas the other district counties use the current year EAV for both levy and rate determination. This process causes rates to vary by county.

Below are the blended extensions and rates by fund for all counties in the district, of which Cook County represents 92.1%.

# **Distribution of each 2018 Tax Dollar**

# 2018 Levy as Extended by Fund

Illinois community colleges are on a June 30 fiscal year, with fiscal year 2020 covering the period between July 1, 2019 and June 30, 2020. County assessments and tax levies are based on a calendar year. Because of this, tax levies and related collections affect two budget years. For fiscal year 2020, approximately  $\frac{1}{2}$  of the property tax revenue is from the calendar year 2018 levy, and  $\frac{1}{2}$  from the 2019 estimated levy.

The 2019 real estate levy must be filed with the County Clerk's office during December, 2019 and applies to the property values as of December 31, 2019. Those property values will be determined during calendar year 2019, with first installment tax bills mailed by the counties during spring 2020. Each county allows installment payments, with 50% due in the spring, and 50% due in late summer. Only Cook County follows the practice of issuing estimated tax bills for the first installment, based on 55% of the previous year's tax bill. The final and actual tax bill is sent out by Cook County between July and August.

Recognition of real estate taxes in local government revenue are determined and affected by collections during the fiscal and year-end audit adjustments, based upon the information released by the counties prior to the audit cut-off. It is not unusual for actual real estate tax revenues to deviate from the budget due to the annual fluctuation in Cook County's issuance of tax rates, variances between budgeted collection rates and actual collections, and volume of property tax refunds.

Below is the anticipated tax revenue to be received in fiscal year 2020, net of projected refunds.

# **Enrollment and Tuition and Fees**

Tuition and fees account for 42% of total budgeted revenues. The tuition board policy limits the annual tuition and per credit hour fee increases to 5% of total tuition and fees or the Illinois statute limitation using the Higher Education Cost Adjustment (HECA) rate change as a guideline, as appropriate, to promote a balanced budget for Harper College and financial consistency for Harper students. HECA is an inflationary index developed by the State Higher Education Executive Officers Association. The index is used to estimate inflation in the costs paid by colleges and universities, which are primarily personnel. It is constructed from two federally maintained price indices, the Employment Costs Index (ECI) which makes up 75% of the HECA rate, and the Gross Domestic Product Implicit Price Deflator (GDP-IPD) which makes up 25% of the rate. These percentages mirror the breakdown of college and university costs, 75% for salaries and benefits, and 25% for all other. The ECI tracks employer compensation costs including salaries and benefits, while the GDP IPD tracks general price inflation in the U.S. economy.

Decisions are made each February regarding tuition and fee rates for the following fiscal year. In February 2019 the Board of Trustees approved an in-district tuition increase of \$3.75 per credit hour, from \$129.75 to \$133.50, effective summer 2019. With this increase, the combined tuition and per credit hour fees of \$152.50 (tuition rate of \$133.50) plus per credit hour fees of \$19.00), is a 2.5% increase over the combined FY 2019 tuition and fee rate of \$148.75 (tuition rate of \$129.75 plus per credit hour fees of \$19.00).

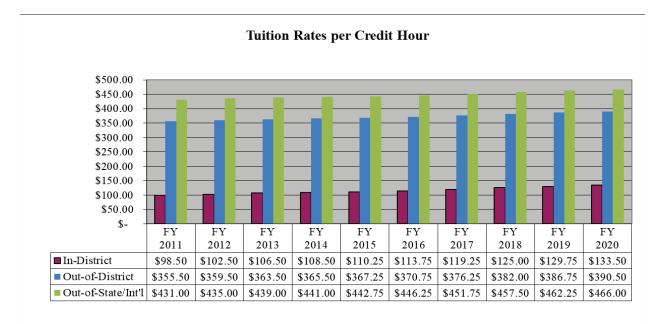

Enrollment projections begin with a model maintained by the Institutional Research department, which looks at trends and projects future enrollments. The College utilizes this model as a guide for beginning the process of estimating full-time equivalent (FTE) credit enrollment for budgeting purposes. Other external factors within the first time in college, young adult, and adult market segments are then considered when estimating enrollment, as well as the impact of any program changes. The tables below provide a history of FTE counts and percentage changes by year. Enrollments continue to decline with FY 2020 projected to decrease 0.4%.

Budgeted tuition and fees for the Tax Capped Funds will increase from \$48,855,632 in FY 2019 to \$49,385,355 in FY 2020, or 1.1%.

|         | FTE History |         |         |         |         |         |         |         |         |         |  |  |
|---------|-------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|--|--|
|         |             |         |         |         |         |         |         |         |         | FY 2020 |  |  |
| FY 2010 | FY 2011     | FY 2012 | FY 2013 | FY 2014 | FY 2015 | FY 2016 | FY 2017 | FY 2018 | FY 2019 | Budget  |  |  |
| 11,758  | 11,859      | 11,361  | 10,808  | 10,560  | 10,229  | 9,961   | 9,676   | 9,376   | 9,329   | 9,292   |  |  |

The following charts show the tuition rates per credit hour, changes of in-district rates, and history and FY 2020 budget for tuition and fee revenues.

| In-District Rate Dollar and Percentage Change |         |         |         |         |         |         |         |         |         |  |

# State Funding

State funding as a percentage of per capita costs remains the same and is estimated in FY 2019 to be 4.8%. As a percentage of total Tax-Capped funds revenue, it is estimated to be 6.8% for FY 2019. The original concept of state funding for community colleges was that the State would fund one-third of the costs, with tuition and local sources funding the other two-thirds. That balance has not been achieved since 1981.

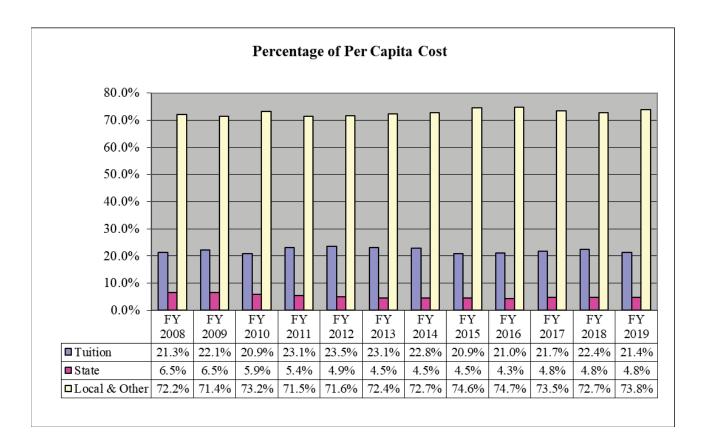

The unrestricted funding from the State, of which the base operating grant is the primary source, is budgeted at 25% of the previous year. The College is reducing its reliance on State funding because of the uncertainties surrounding the finances of the State of Illinois. The budget will increase from \$2,260,000 in FY 2019 to \$2,490,000 in FY 2020.

In addition to uncertainty in funding for the base operating grant, the College will be expected to absorb any unfunded Illinois Veterans' grants, which are estimated to be approximately \$300,000.

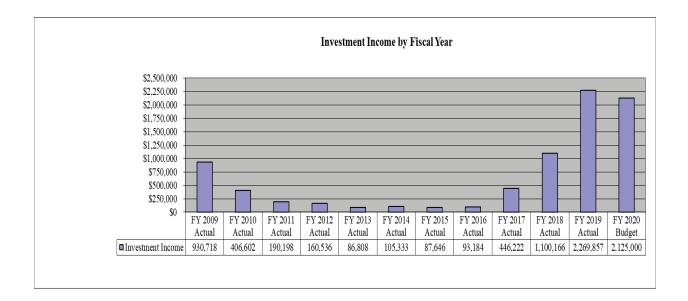

The tables below show the history and budget of the unrestricted State funding, percentage of total revenues and change, and percentage of per capita cost for each source of revenues.

|                              |       | State Funding Percentage of Revenues and Change |       |       |       |       |       |       |       |        |        |        |       |        |

| Percentage change            | -1.5% | 3.3%  | 1.2%  | -0.4% | -4.2% | 0.3%  | 0.5%  | 1.4%  | 4.6%  | -72.9% | 322.6% | -10.5% | 7.4%  | -69.3% |

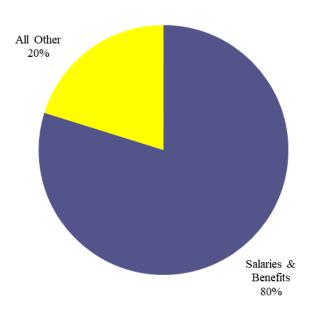

**All other revenue** sources make up 2.0% of total revenues. Yields on typical quality investments have been rising and investment income is showing signs of improvement. Investment income in the past year was \$2,269,857, and is budgeted to be \$2,125,000 in FY 2020.

# Expenditures

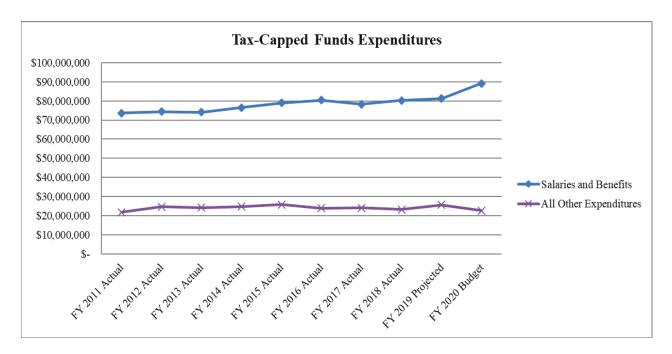

Building the expenditure side of the budget is a coordinated process across all College departments. Reallocation of existing budgets is always considered before funding any new budget requests. The Tax Capped Funds budgeted expenditures for FY 2020 are \$111,699,339 compared to \$110,568,661 for FY 2019. This represents an increase of \$1,130,678, or 1.0%, driven primarily by increases in annual salaries and benefits, offset by reductions in other expenditures to balance the budget.

Tax-Capped Funds FY 2020 Budgeted Expenditures

The following table and graph show historical expenditures, exclusive of fund transfers, for the previous nine years, as well as the budgeted expenditures for FY 2020.

|                        |               |               | Tax-Capped    | Funds Expend   | litures- History | and FY 2020 B | udget         |               |               |               |
|------------------------|---------------|---------------|---------------|----------------|------------------|---------------|---------------|---------------|---------------|---------------|
|                        |               |               |               |                |                  |               |               |               |               |               |

# **Salaries and Benefits**

Salaries and benefits represent 80% of the College's expenditures. Approximately 66% of the College's salaries and benefits are driven by collective bargaining agreements making the budget process relatively straightforward in most years. All of the College's five unionized groups have settled contracts through at least FY 2020. Vacant positions are budgeted at the expected annual salary needed to fill the position.

Health insurance benefits for employees are budgeted based on current benefit elections and any expected change in the benefit rates. The College has estimated the calendar year 2020 medical insurance rates to increase 8%.

Combined salaries and benefits have increased from \$86,303,323 in FY 2019 to \$89,155,313 in FY 2020, or about 3.3%, due to annual salary increases and projected medical premiums.

The following table is a summary of the detailed personnel headcount schedule located in the Appendix section.

| Personnel H                        | Ieadcount Su      | mmary             |                   |                   |

| Totals - Adjunct employees         | 1,132             | 1,045             | 1,106             | 1,081             |
| Grand Totals                       | 2,080             | 1,940             | 1,993             | 1,965             |

All other expenditures, which include contractual services, materials and supplies, travel and meeting, fixed charges, utilities, capital outlay, contingency, and other combined for a decrease from the prior year of \$1,721,312 or 7.1%. These expenditures represent 20% of the budget.

# SWOT ANALYSIS OVERVIEW

In preparation for future planning, Harper College invested significant time and effort to conduct a thorough assessment of internal strengths and weaknesses as well as an external review of opportunities and threats – a SWOT Analysis. The SWOT analysis provides an evaluation that can focus institutional attention and inform planning processes. The analysis began with the identification and critical review of key institutional data. These key data sources included:

- Accountability Report
- Campus Master Plan
- College Plan
- Community College Survey of Student Engagement (CCSSE) results
- Community Scan
- Cultural Values Assessment results
- Environmental Scan
- Fact Book
- Follow-up Survey results
- National Community College Benchmark Project (NCCBP) results
- Personal Assessment of the College Environment (PACE) results
- Post-Harper Employment and Wage Outcomes
- Recent task force reports

As a result of the review of these documents the College's strengths, weaknesses, opportunities, and threats began to surface. The analysis identified the current state of affairs, while highlighting areas in which Harper is strong as well as those that need focused attention. Further research was conducted to gather additional data on external factors influencing Harper as opportunities or threats. Items that surfaced were evaluated using three criteria:

- Institutional The item is at the institutional level, not one relating solely to a particular division, department or program.
- Data Driven Once the institutional criterion is met, the item is reviewed to determine if its data are documentable and measurable.
- Peer Comparison If applicable, Harper can be compared to similar institutions.

An initial draft document was created and reviewed by the Strategic Planning and Accountability Shared Governance Committee. The draft was then presented to the campus community via the portal and during the March 14, 2019 Dialogue Session. Faculty and staff were able to provide feedback on the draft at the session and in an online survey. This final document incorporates the campus feedback.

# **STRENGTHS**

A strength is a positive internal institutional attribute.

# Strength 1: Increasing Levels of Student Success – Persistence and Completion

Item Description:

Persistence rates have increased for both full-time and part-time students since 2012-13. Efforts to retain students, both inside and outside of the classroom, appear to be producing the desired effect. Additionally, completion rates continue to show improvement with graduation rates at their highest in recorded history. While room for improvement in both persistence and completion still exist, the growth in both of these areas, ultimately representing an increase in the success of Harper students, is a reflection of the academic excellence of the College.

## Supporting Information:

Harper College has experienced an increase in persistence rates for both full-time and part-time students. Since 2012-13, persistence rates are more than five percent higher for full-time students and five percent higher for part-time students.<sup>1</sup>

| Persistence Rate (fall to fall)*   |       |       |       |       |       |  |  |  |  |  |
|--|-------|-------|-------|-------|-------|--|--|--|--|--|
| Year         2012-13         2013-14         2014-15         2015-16         2016-17 |       |       |       |       |       |  |  |  |  |  |
| Harper full-time   | 68.4% | 68.4% | 69.7% | 72.9% | 73.9% |  |  |  |  |  |
| Harper part-time   | 44.6% | 47.4% | 45.8% | 47.5% | 49.6% |  |  |  |  |  |

\*IPEDS fall to fall persistence rate measures first-time, full-time, degree/certificate-seeking students who first enroll at Harper in the given fall semester and return the following fall.

When compared to Harper's peer group, persistence of first-time, full-time credential seeking students from first fall term to second fall term is higher for Harper students (74%) than the peer group (70%).<sup>2</sup> Additionally, both full-time and part-time students persist to the next term and the following fall at rates higher than peers (fall 2016 cohort).<sup>3</sup>

The College's graduation rate has also improved over time, more than doubling since 2010, and is currently at its highest rate in recorded history. Harper's graduation rate has also remained above the Illinois peer group average since 2011.

| Graduation Rate*  |       |       |       |       |       |       |       |       |                   |
|---|-------|-------|-------|-------|-------|-------|-------|-------|-------------------|
| Year         2010         2011         2012         2013         2014         2015         2016         2017         2018 |       |       |       |       |       |       |       |       |                   |
| Harper  | 13.9% | 19.0% | 20.4% | 24.1% | 21.4% | 26.3% | 28.4% | 28.8% | 32.7%             |
| Peer Average  | 15.4% | 15.8% | 16.9% | 18.3% | 18.5% | 20.5% | 24.2% | 24.4% | Not Yet Available |

\*IPEDS Graduation Rate measures first-time, full-time, degree/certificate-seeking students who completed a credential within three years of enrolling at Harper.

In addition, when compared with more than 200 community colleges nationwide, Harper's full-time completion rates at two-years, three-years, and six-years are at or above the 72<sup>nd</sup> percentile.<sup>4</sup>

<sup>&</sup>lt;sup>1</sup> Harper College Institutional Accountability Report 2017-2018, p. i.

<sup>&</sup>lt;sup>2</sup> National Center for Education Statistics. 2018. *IPEDS Data Feedback Report 2018*, p. 5.

<sup>&</sup>lt;sup>3</sup> 2018 National Community College Benchmark Report, p. 2.

<sup>&</sup>lt;sup>4</sup> Ibid.

Harper College continues to respond to former President Obama's 2010 American Graduation Initiative, which challenged the nation to produce an additional five million credentials by 2020. Harper College calculated its share of this five million at 10,604 additional credentials. The College surpassed this goal in FY2017, and by the end of FY2018 conferred an additional 12,218 credentials.<sup>5</sup> Harper confers more degree and certificates than the peer group – 3,607 for Harper as compared to the peer group average of 2,466.<sup>6</sup>

Improved persistence and completion have been the result of the College's focus on academic excellence as well as the implementation of a multitude of campus efforts:

- Expanded the Early Alert system (Starfish) to include all new degree-seeking students. Starfish is a system used by faculty and advisors to identify students at-risk and intervene with needed supports or resources.
- Redesigned the MyHarper Student Portal to provide essential information in a user-friendly manner. Increased the ease with which students can register for classes, pay tuition, and find services.
- Ensured completion of an Educational Plan for all new degree-seeking students.
- Implemented a Case Management Advising Model that assigns all new degree-seeking students with a point person.
- Stackable credentials are offered in a variety of career programs and provide opportunities for students to earn additional certificates.
- Students who have earned a degree/certificate and those who are close to meeting degree/certificate requirements are identified and notified of this status. Additionally, certificates are auto awarded to students who earn A.A.S. degrees in a stackable career program, once program requirements are met.
- Ongoing work with sender high schools continues to result in increased college readiness thereby increasing the likelihood of persisting and reducing the time to completion.

# Strength 2: Institutional Focus on Diversity and Inclusion

## Item Description:

Institutional priority has been given to matters of diversity and inclusion since 2012 when a presidential task force was appointed to examine employee attitudes and beliefs, review best practices, and recommend a goal for the College's Institutional Effectiveness Measure (IEM) on diversity. Many initiatives have been implemented and Harper has since been recognized for its diversity and inclusion work.

## Supporting Information:

Harper has taken many steps in support of diversity and inclusion, including creation of a Diversity and Inclusion Officer position to further Harper's diversity, equity, and inclusion initiatives.<sup>7</sup>

Implemented supports for diverse employees including:

- Established and implemented a protocol for bias incident reporting.<sup>8</sup>
- Employee Resource Groups: DREAM serving employees of color; LAND serving those with disabilities/accommodations; and SAFE @ Harper serving LGBTQIA+ employees.<sup>9</sup>

Diversity and inclusion remains an institutional focus as indicated by:

- Two IEMs, Diverse New Hires and Underrepresented Employee Separations.<sup>10</sup> Progress on these metrics is reported annually on the College's public website.
- A Diversity Scorecard, serving as an accountability tool, measuring recruitment/ advancement, retention, service/professional development, and student opinion/satisfaction.<sup>11</sup>
- Goals that support recruitment/retention of Hispanic/Latino students, recommended by the Hispanic Strategic Enrollment Task Force and included in the FY2019 Operational Plan.<sup>12</sup>
- Administration of the Cultural Values Assessment (CVA) every three years. After the most recent administration in 2016, 16 small group sessions were conducted with 270 employees to review and discuss the results of the CVA.<sup>13</sup>

Updated hiring and feedback practices that support diversity and inclusion including<sup>14</sup>:

- A diverse employee recruitment plan focused on increasing applicant diversity, increasing the percent of diverse applicants interviewed from 11% in FY2015 to 14.7% in FY2016.
- Use of an outside vendor to conduct all exit interviews.
- Implementation of a 360-feedback process for managers and administrators.
- The Diverse Faculty Fellows program, beginning in January 2015 with nine Faculty Fellows participating in the program to date. Three fellows have continued as full-time faculty and one as adjunct faculty. Fellows have taught 1,451 students with 95 of those students taking more than one course with a fellow.

• Since 2007, 393 employees have attended the Cultural Competency Workshop and 413 employees have attended the Search Process Workshop, both required to be eligible to serve on a supervisory, faculty, or administrator search committee.<sup>15</sup>

Professional development opportunities provided for all employees:

- Diversity and Inclusion Dialogue Workshops provide occasion to engage and connect with diversity and inclusion issues. In FY2018, 149 employees participated in these workshops.<sup>16</sup>
- A Social Justice Leadership Certificate Program pilot in FY2019, focusing on building employee skills and capacities to lead and support diversity and inclusion initiatives.<sup>17</sup>
- Since 2014, six Diversity Symposiums have been held with more than 1,400 employees attending.

Recognition for the College's work on Diversity and Inclusion:

- 2017 Equity and Diversity Award Illinois Community College Trustees Association
- 2017 Central Region Equity Award American Community College Trustees Association
- 2017 and 2018 INSIGHT Into Diversity Higher Education Excellence in Diversity Award.<sup>18</sup>
- 2018 Senator Paul Simon Spotlight Award for Campus Internationalization

Student satisfaction, learning, and outcomes related to diversity are also part of Harper's focus:

- Graduate surveys indicate an environment that values diversity and inclusion:
  - FY2017 Follow-Up Survey<sup>19</sup> 88.3% responded "definitely yes/yes" when asked if their experiences at Harper resulted in "a better appreciation for diversity and different cultures and values." In addition, 81.6% responded that their education at Harper College helped them examine diverse perspectives and cultures.
- Student learning outcomes and degree requirements include diversity and inclusion:
  - The Diverse Perspectives and Cultures general education outcome states that degree completers will be able to "examine diverse perspectives and cultures as they relate to the individual, the community, and the global society."<sup>20</sup>
  - The World Cultures and Diversity Graduation Requirement ensures students complete a World Cultures and Diversity course prior to degree completion.<sup>21</sup>
- Hispanic Strategic Enrollment Task Force created to address recruitment/retention declines.<sup>22</sup>
- Participation in the Achieving the Dream network has enhanced Harper's use of data by creating a practice of examining disaggregated data to determine where student achievement gaps exist. This practice has resulted in the College focusing efforts on increasing success for specific student populations.<sup>23 24</sup>

<sup>&</sup>lt;sup>22</sup> Harper College Latinx Success: A Vision for Harper College, May 2018.

<sup>&</sup>lt;sup>23</sup> Harper College Institutional Accountability Report 2014-2015, p.37.

<sup>&</sup>lt;sup>24</sup> Harper College Institutional Accountability Report 2017-2018, p.29.

# Strength 3: Institutional Transparency and Fiscal Stewardship

#### Item Description:

Harper College demonstrates, to our external constituents, a commitment of transparency and fiscal responsibility in a variety of ways including: transparent budgeting, an exceptional bond rating, accountability metrics, and clean audit reports.

# Supporting Information:

Harper presents itself clearly and completely. This is evidenced through engagement in a transparent and public budget process, which demonstrates both fiscal responsibility and accountability to its diverse community. Harper consistently develops a balanced or better than balanced budget for tax capped funds. The College received an unmodified opinion from the independent audit of its Comprehensive Annual Financial Report (CAFR).<sup>25</sup> The unmodified opinion states that the financial statements present fairly, in all material respects, the respective financial position of the College.

Harper has been awarded the Certificate of Achievement for Excellence in Financial Reporting, by the Government Finance Officers Association for seven consecutive years.<sup>26</sup> To receive this award, a government organization must publish an easily readable and efficiently organized comprehensive annual financial report that satisfies both generally accepted accounting principles and applicable legal requirements.

The College's financial stewardship is also reflected in its bond rating and Composite Financial Index (CFI). Despite recent state budget concerns, the College has maintained a Moody's Aaa bond rating for more than 15 years, the highest rating awarded. Harper has consistently maintained this Aaa rating because of its healthy operating reserves, low dependence on state appropriations, and an annual budget process that ensures appropriate allocation of funds, maintenance of a balanced budget, and collaboration with the Board of Trustees.<sup>27</sup> Additionally, Harper has maintained a CFI ranging between 2.35 and 3.80 over the past seven fiscal years. This score is reported to the Higher Learning Commission and combines four principal ratios: primary reserve ratio, net operating revenue ratio, return on net assets, and viability ratio. Harper's number demonstrates adequate financial resources.<sup>28</sup>

Harper's proactive response to fiscal challenges demonstrates its ability to maintain a balanced budget without sacrificing the educational experience of its students. The College manages resources appropriately to support the advancement of its physical and technological infrastructures, which has resulted in the expansion and enhancement of instructional support, learning, and study spaces for students. The community recognizes these efforts and overwhelmingly supports the work of the College as demonstrated through passing a 2018 referendum to sell capital bonds in the amount of \$180 million to support the Campus Master Plan.<sup>29</sup>

Major capital projects demonstrate the College's commitment to maintaining an excellent physical

<sup>&</sup>lt;sup>29</sup> Harper College Minutes of Board Meeting of Wednesday, November 14, 2018, p. 8.

infrastructure in a fiscally responsible manner. Large projects that provide innovative spaces for educational programs, student support, and learning resources are consistently completed on-time and at or under budget. Projects include:

- Building H: Career and Technical Education Center \$38 million renovation providing new classrooms and labs for Harper career programs. Additionally, with support from a \$500,000 grant from the Fabricators and Manufacturers Association, a \$1.78 million state-of-the art Metal Fabrication Lab for the Advanced Manufacturing Program was constructed.<sup>30</sup>
- Duchossois Family Educational Center Renovations to create updated, appropriately-sized classrooms that offer faculty and students more opportunities for teaching and learning.<sup>31</sup>
- David K. Hill Family Library Renovations to update and expand this building providing numerous spaces for students to study, convene, and engage in the learning experience. This building also houses student academic support services and the Academy for Teaching Excellence.<sup>32</sup>
- Foglia Foundation Health & Recreation Center Renovations to transform the building into an engaging educational facility that encourages a culture of health and wellness.<sup>33</sup>

The College also demonstrates its commitment to fiscal responsibility, transparency, and accountability through its effectiveness, planning, and assessment activities. Harper's Institutional Effectiveness Measures (IEMs) are key performance indicators for which the College sets goals and publicly reports progress.<sup>34</sup> Included in the IEMs are metrics on both student success and institutional success, such as Persistence, Completion, Employee Diversity, and Instructional Cost.

Harper uses a broad, collaborative, community-based strategic planning process that includes the review of internal and external data, on-campus dialogue sessions, a strategic planning conference for internal and external stakeholders, and shared governance revision and review. The process leads to the adoption of a comprehensive Strategic Plan. Progress toward achieving Strategic Plan goals is made available to the public on the Strategic Plan Dashboard.<sup>35</sup>

Outcomes assessment at Harper is the process of using data about student learning to focus institutional efforts on improving student learning and achievement. General education assessment results and improvement plans are publically available through the Evidence of Student Learning Dashboard. This dashboard was developed with transparency in mind. As a result of the College's commitment to student learning and transparency, Harper was named as a 2018 Excellence in Assessment designee.<sup>36</sup>

# Strength 4: Meeting Community Needs through Innovative and Affordable Education

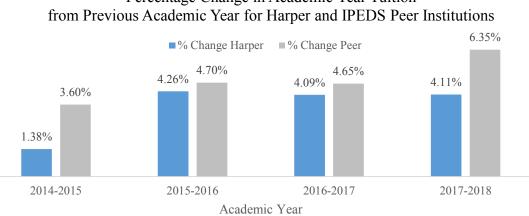

## Item Description:

Harper continues to meet the education needs of its community in innovative and affordable ways. Harper maintains low tuition and fees and awards grants and scholarships to aid in keeping the cost of education affordable. New scholarships, such as the Promise Program, continue this commitment to affordability. Additionally, newly-completed renovations have expanded both the community outreach at Harper as well as the programs that can be offered. Finally, strong evidence exists that Harper credentials are valuable in the marketplace.

# Supporting Information:

As stated in the College mission, Harper is committed to providing affordable education. To maintain this affordability, the College is conservative in tuition increases and generous with institutional grant and scholarship opportunities.

- The net price of attending Harper continues to decline for full-time students awarded grant or scholarship aid, from \$7,659 in FY2015 to \$6,616 in FY2017.<sup>37</sup>
- Harper students received more grant aid in 2016-17 per student than the peer group average. ٠ This includes federal, Pell, state/local, and institutional grants.<sup>38</sup>
- Harper made a commitment to cover Illinois Monetary Awards Program (MAP) grants for students when state funding was uncertain.
- In the 2013 and 2016 Community Scans, when asked "What is Harper College best known for?" the community's consistent response was affordability.<sup>39</sup>
- Harper's annual tuition is increasing at a slower pace than its peer institutions as shown below <sup>40</sup>

# Percentage Change in Academic Year Tuition

Harper also has expanded the number of ways a credential can be earned. Through its Registered Apprenticeship Programs, students complete Harper coursework while employed and mentored by a local employer. Additionally, the employer covers the education costs of the program, allowing the student to complete the apprenticeship debt-free. The College's Fast Track program allows motivated students to complete select credentials with classes offered in 5- or 8-week formats. The Fast Track program offerings include an Associate of Applied Science Degree in Business Administration and

<sup>&</sup>lt;sup>37</sup> National Center for Education Statistics. 2018. *IPEDS Data Feedback Report 2018*, p. 4.

<sup>&</sup>lt;sup>38</sup> Ibid.

<sup>&</sup>lt;sup>40</sup> Ibid and National Center for Education Statistics. 2017. IPEDS Data Feedback Report 2017, p. 4.

certificates in Entrepreneurship, Health Information Technology Medical Coding, Human Resource Management, and Supply Chain Management.

Campus renovations also allow the College to expand innovative program offerings in state-of-the art facilities.

- The renovated Building H contains the College's Advanced Manufacturing Lab. Harper's manufacturing program has partnered with about 170 area companies that offer apprenticeships, paid internships, financial support, and expertise. The program has received approximately \$2 million in funding and donated equipment from its partner companies including a laser cutter, robotic welding cell, and computer numerical control (CNC) machines. Harper also was selected as home of the Fabricators and Manufacturers Association Metal Fabrication Lab, a state-of-the-art training facility for metal fabrication and welding.
- The University Center was created in response to demand from the community to make bachelor's degrees accessible on the Harper campus.<sup>41</sup> Students can now earn select bachelor's degrees from DePaul University, Northern Illinois University, and Roosevelt University on Harper's campus. DePaul University discounts tuition by 25% and Roosevelt University by 35%.
- The newly renovated Foglia Foundation Health and Recreation Center represents an innovative partnership with the Palatine Park District and Northwest Community Healthcare. The new fitness center enabled the creation of a Personal Trainer certificate, as well as community-focused health and fitness courses and access to professional medical care on campus.

Harper continues to meet community education needs as indicated by the labor market value of a Harper credential. As compared to students who leave Harper prior to earning a credential, students who leave with a credential are employed at higher rates and have higher average wages over a five-year period. For example, five years post departure, students leaving Harper with a credential had an average monthly wage of nearly \$800 more than those never earning a credential.<sup>42</sup> Additionally, 72.1%<sup>43</sup> of career graduates report being employed in a field related to their Harper area of study, further evidence of the College's commitment to providing education that meets community needs.

<sup>&</sup>lt;sup>43</sup> 2018 National Community College Benchmark Report, p. 4.

# **Strength 5: Student Satisfaction with Education and Services**

Item Description:

Harper is committed to providing high quality education and student services. This commitment is demonstrated in the wide range of student support services available and the positive feedback from students regarding these services and their impact on educational growth.

# Supporting Information:

Harper College measures student satisfaction in various ways. Instruments that have been used to gauge satisfaction with support services and the institution include the Follow-Up Survey, the Community College Survey of Student Engagement (CCSSE), and Student Opinionaire of Instruction (SOI).

The Follow-Up Survey is an annual survey administered to Harper degree and certificate completers to measure student views on Harper and the services provided toward their educational advancement. Follow-up surveys are conducted for students who complete career and transfer programs. Survey results indicate:

• Both career and transfer completers would recommend Harper, with at least 97% of transfer <sup>44</sup> and career completers<sup>45</sup> stating "definitely yes/yes" in 2015, 2016, and 2017.

|                        | 2015 | 2016 | 2017 |
|------------------------|------|------|------|
| Would recommend Harper |      |      |      |
| Transfer Completers    | 97%  | 98%  | 97%  |
| Career Completers      | 99%  | 97%  | 99%  |

• Career and transfer completers rate library services and availability of computers high, when measured on a four-point scale. <sup>46 47</sup>

|  | 2015 | 2016 | 2017 |  |  |  |
|--|------|------|------|--|--|--|
| Satisfaction rating of library/audio visual services                       |      |      |      |  |  |  |
| Transfer Completers  | 3.63 | 3.73 | 3.70 |  |  |  |
| Career Completers  | 3.69 | 3.69 | 3.70 |  |  |  |
| Satisfaction rating for the availability of computers for out-of class use |      |      |      |  |  |  |
| Transfer Completers  | 3.59 | 3.74 | 3.80 |  |  |  |

• Both career and transfer completers would return to Harper for education or personal enrichment courses, with 86%-92% of transfer<sup>48</sup> and career completers<sup>49</sup> stating "definitely yes/yes."

|   | 2015 | 2016 | 2017 |  |  |
|---|------|------|------|--|--|
| Would return to Harper for education or personal enrichment courses |      |      |      |  |  |
| Transfer Completers   | 86%  | 88%  | 90%  |  |  |
| Career Completers   | 91%  | 89%  | 92%  |  |  |

<sup>&</sup>lt;sup>44</sup> Harper College Follow Up Survey Transfer Credential Earners Fiscal Year 2017, p. 27.

<sup>&</sup>lt;sup>48</sup> Harper College Follow Up Survey Transfer Credential Earners Fiscal Year 2017, p. 28.

<sup>&</sup>lt;sup>49</sup> Harper College Follow Up Survey Career Credential Earners Fiscal Year 2017, p. 27.

CCSSE is administered to a randomly-selected cross-section of students every three years, in order to gauge student engagement with academic and support services, as well as the overall educational environment. The CCSSE results indicate:

• As compared to peers, Harper's benchmark score for Academic Challenge has been above the peer average for the 2015 and 2018 administrations of the survey, at 51.8 and 52.0 respectively. With CCSSE benchmark scores, 50.0 is a normalized score among all colleges conducting CCSSE that year, with scores higher than 50 considered positive.

Students also report high levels of satisfaction with courses and instruction through the Student Opinionaires of Instruction (SOI) that are conducted for credit courses. Results indicate general satisfaction with organization of courses and performance of the instructors:

| SOI Results                    |               |               |                |               |  |  |  |
|--------------------------------|---------------|---------------|----------------|---------------|--|--|--|
| Responding "mostly agree" to   | Fall 2016     | Spring 2017   | Fall 2017      | Spring 2018   |  |  |  |
| Satisfaction with the general  | 88.5%         | 85.0%         | 85.9%          | 87.0%         |  |  |  |
| organization of the course     | (5,321/6,015) | (4,716/5,546) | (9,151/10,654) | (7,706/8,854) |  |  |  |
| Satisfaction with the overall  | 90.0%         | 87.4%         | 89.3%          | 86.4%         |  |  |  |
| performance of the instruction | (5,362/5,961) | (4,784/5,476) | (9,319/10,436) | (7,869/9,105) |  |  |  |

Employees perceive the campus environment as positively focused on student success. The Personal Assessment of the College Environment (PACE) is a survey administered to employees to assess the climate of the institution from the perspective of different education-based categories. Within PACE, the Student Focus category "considers the centrality of students to the actions of the institution as well as the extent to which students are prepared for post-institution endeavors."<sup>50</sup> Harper employee ratings have identified Student Focus as collaborative for the past three administrations of the survey.<sup>51</sup> According to PACE, collaborative is the most positive rating, followed by to consultative, competitive, and coercive.

 <sup>&</sup>lt;sup>50</sup> "Survey Instruments," accessed January 23, 2019, https://nilie.ncsu.edu/nilie/pace-survey/survey-instrument/.
 <sup>51</sup> King, G., and Garland, L. The National Initiative for Leadership & Institutional Effectiveness. 2016, Harper College: Personal Assessment of the College Environment (PACE) Quantitative Analysis, p. 15.

# WEAKNESSES

A weakness is an internal attribute requiring improvement.

# Weakness 1: Achievement Gaps

# Item Description:

While persistence and completion rates have increased for most demographic groups, many of the achievement gaps identified in the 2014 SWOT still exist. Efforts supporting student success include improved placement methods, strengthened partnerships with high schools, and assigned advisors for credential-seeking students. Despite these efforts, gaps have only reduced for Hispanic students in some cases, but other groups continue to underperform when compared to their peers. Continued efforts to decrease gaps based on race/ethnicity, gender, and age are a priority of the College and essential to providing equitable opportunities for all students.

# Supporting Information:

Student achievement gaps exist in the areas of persistence, developmental course success, collegelevel course success, and completion.

Persistence: Black/African American students and students age 20 and over persist at rates below the College's overall persistence rates.

- The fall 2016 to fall 2017 full-time persistence rate for Black/African American students is 51.6% as compared to the overall rate of 73.9%.<sup>52</sup>
- The fall 2016 to fall 2017 full-time persistence rate for students age 20 and over is 7.2%-21.6% lower than the overall rate of 73.9%.<sup>53</sup>
- Student engagement, both inside and outside of the classroom is related to retention. Ratings on the Community College Survey of Student Engagement continue to be low for the Active and Collaborative Learning benchmark.<sup>54</sup> While overall ratings are low at 46.2<sup>55</sup> (mean = 50.0), ratings for Black/African American students are even lower at 43.4,<sup>56</sup> having a potential negative impact on retention.

Developmental course success: Black/African American students and male students do not perform as well as their peers in developmental math. Success is defined as earning a C or higher in the given developmental math course.

- The developmental math course success rate for Black/African American students in fall 2017 was 46.9% versus the overall at 60.1%.<sup>57</sup>
- In fall 2017, male student developmental math course success rate was 55.7%, 4.4% below the overall rate of 60.1%.<sup>58</sup>

<sup>&</sup>lt;sup>52</sup> IEM Dashboard, accessed January 4, 2019, https://edmsp.harpercollege.edu/Institutional/Dashboards/StudentSuccess/Persistence/StudentSuccess\_PersistenceRate\_FalltoFallFullTime\_Demographics.aspx.

<sup>53</sup> Ibid.

<sup>&</sup>lt;sup>54</sup> Understanding Survey Results, Benchmark, accessed January 22, 2019, http://www.ccsse.org/survey/reports/2017/ understanding.cfm#benchmark.

<sup>&</sup>lt;sup>55</sup> Community College Survey of Student Engagement (CCSSE) 2018 Benchmark, p. 1.

<sup>&</sup>lt;sup>56</sup> Community College Survey of Student Engagement (CCSSE) 2018 Custom Breakout Report by race/ethnicity, p. 1.

<sup>&</sup>lt;sup>57</sup> IEM Dashboard, accessed January 4, 2019, https://edmsp.harpercollege.edu/Institutional/Dashboards/StudentSuccess /Developmental/StudentSuccess Developmental Math Demographics.aspx.

<sup>58</sup> Ibid.

0-15 course success: Black/African American, Hispanic/Latino, and male students underperform in comparison to their peers in 0-15 courses. The 0-15 courses are typically 100-level, high-enrollment courses with success rates below the college-level course average. Success is defined as earning a C or higher in a 0-15 course.

- Male students consistently perform below female students in 0-15 courses. In 2017, male student success rates were 65.2% versus 72.1% for female students.<sup>59</sup>
- 0-15 course success rates for Black/African American (52.6%) and Hispanic/Latino (62.1%) students are below the overall success rate of 68.5%.<sup>60</sup>

Completion: Completion, graduation, and advancement rates are consistently lower for male students than female students. Additionally, graduation rates for Black/African American students are consistently lower than their peers, and student advancement rates for both Black/African American and Hispanic/Latino students are lower than their peers.

- Male students earn credentials at consistently lower rates than female students. In 2017, the completion rate for male students was 36.3% versus 62.6% for females, a 26.3% difference.<sup>61</sup>
- The graduation rate gap between males (24.0%) and females (34.5%) was 10.5% in 2017.<sup>62</sup>
- Although the overall College graduation rate was 28.8% in 2017, the graduation rate for Black/African American students remained much lower at 16.7%.<sup>63</sup>
- Advancement rate is the percent of students who graduate, transfer or are still enrolled at three years. In 2017, advancement rates were lower for Black/African American (60.6%) and Hispanic/Latino (61.0%) students compared to the overall rate of 67.7%.<sup>64</sup>
- The gap in advancement rate between male (62.7%) and female (74.3%) students was 11.6% in 2017.<sup>65</sup>

StudentSuccess/Advancement/StudentSuccess\_Advancement\_AdvancementRate\_Demographics.aspx.

# Weakness 2: Employee Climate Concerns

## Item Description:

Although Harper College has taken steps to improve employee climate, data suggest employees may not be fully invested in the College. Results of the Personal Assessment of the College Environment (PACE) call attention to issues in institutional structure, climate, communication, and feelings of efficacy.<sup>66</sup> Similar issues were identified in the 2016 administration of the Cultural Values Assessment (CVA).

# Supporting Information:

Although Harper College has consistently demonstrated a consultative management style as measured by the PACE survey, employee perceptions have shown a steady decline and are moving towards the competitive management style. A decline in this area may have a negative impact on employee engagement.<sup>67</sup> The four items on the PACE survey that have ranked the lowest over the past three administrations of the survey are included in the table below.<sup>68</sup> The scores for each of these items have decreased over time, and the 2016 Harper rating is below that of the large two-year college peer group.

| Item  | 2016 | 2013 | 2011 | 2016 (Large<br>2yr colleges) |  |
|---|------|------|------|------------------------------|--|
| The extent to which:  |      |      |      |                              |  |
| I am able to appropriately influence the direction of this institution. | 2.89 | 2.99 | 3.14 | 3.13                         |  |
| I have the opportunity for advancement within this institution.         | 3.02 | 3.04 | 3.13 | 3.14                         |  |
| decisions are made at the appropriate level at this institution.        | 3.07 | 3.22 | 3.29 | 3.31                         |  |
| information is shared within the institution.                           | 3.08 | 3.24 | 3.27 | 3.29                         |  |

The degree of cultural entropy at Harper, as measured by the CVA, has increased from 37% in 2013 to 44% in 2016.<sup>69</sup> According to the Barrett Values Center, high levels of cultural entropy indicate a decrease in the level of trust and internal cohesion which may lead to a lack of employee investment in the organization, often demonstrated by employees not using their full skills and talents at work. This cultural entropy suggests that Harper employees may be experiencing a crisis situation in the workplace.<sup>70</sup> Further data from the 2016 CVA has identified newly emerging cultural values including:<sup>71</sup>

- Territorial behavior
- Silo mentality
- Favoritism
- Job insecurity
- Micro-management

<sup>&</sup>lt;sup>66</sup> King, G., and Garland, L. The National Initiative for Leadership & Institutional Effectiveness. 2016, Harper College: Personal Assessment of the College Environment (PACE) Qualitative Analysis, p. 37.

<sup>&</sup>lt;sup>67</sup> King, G., and Garland, L. The National Initiative for Leadership & Institutional Effectiveness. 2016, Harper College: Personal Assessment of the College Environment (PACE) Quantitative Analysis, p. 33.

<sup>&</sup>lt;sup>68</sup> Ibid, p. 17.

<sup>&</sup>lt;sup>69</sup> Barrett Values Centre. 2016, Harper College Group Results Cultural Evolution Report, p 4.

<sup>&</sup>lt;sup>70</sup> Ibid, p. 8.

<sup>&</sup>lt;sup>71</sup> Ibid, p. 6.

Open-ended results of the 2016 CVA suggest:<sup>72</sup>

- Distrust of communication and information hoarding
- Feeling a lack of value and respect
- Silo mentality and an interest in collaboration

Separations from the College can also result from concerns regarding employee climate. Data from the National Community College Benchmarking Project (NCCBP) suggest that full-time employees at Harper are departing at rates higher than peer institutions. In FY2018, 11.5% of regular full-time employees departed from the College. This percentage puts Harper at the 85<sup>th</sup> percentile as compared to the 174 community colleges reporting.<sup>73</sup>

<sup>&</sup>lt;sup>72</sup> Harper College Cultural Values Assessment Qualitative Results. 2016.

<sup>&</sup>lt;sup>73</sup> 2018 National Community College Benchmark Report, p. 5.

# Weakness 3: Employee Diversity

#### Item Description:

The racial/ethnic diversity of Harper College faculty and staff is not representative of the community it serves. While attention has been placed on increasing employee diversity, Harper is challenged to achieve a representative workforce within the College, and failure to do so could negatively impact student success and College climate.

#### Supporting Information:

A similar weakness was identified in the 2014 SWOT. As described then, research indicates that having a racially and culturally diverse faculty and staff greatly benefits students and the College as a whole. Through this diversity, minority students gain mentors and role models, while all students benefit from the diverse backgrounds and perspectives of faculty and staff.<sup>74</sup>

Although a strength of the College is its commitment to efforts around diversity and inclusion, Harper employees do not racially/ethnically represent the community. In referencing the recent National Community College Benchmark Project data on the ratio of minority employees to constituent population, Harper's ratio is 0.39 – the closer to 1.0 the more representative of the community population. This places Harper in the 15<sup>th</sup> percentile as compared to 200 community colleges.<sup>75</sup>

While diverse new hires have increased over time from 21.8% in 2013 to 30.8% in 2018,<sup>76</sup> the percentage of diverse employees  $(23.3\%)^{77}$  is not yet representative of the community  $(34.8\%)^{78}$  or student  $(46\%)^{79}$  diversity. Additionally, certain employee groups are less diverse than others, as shown below.<sup>80</sup>

| Employee Group          | Div | erse   | W   | hite   | Unk | nown   | Total |
|-------------------------|-----|--------|-----|--------|-----|--------|-------|
|                         | Ν   | %      | Ν   | %      | Ν   | %      |       |
| Academic Support        | 6   | 13.64% | 35  | 79.50% | 3   | 6.80%  | 44    |
| Administrative          | 8   | 19.51% | 31  | 75.60% | 2   | 4.90%  | 41    |
| Classified              | 38  | 20.32% | 148 | 79.10% | 1   | 0.50%  | 187   |
| Custodial - Maintenance | 35  | 36.08% | 59  | 60.80% | 3   | 3.10%  | 97    |
| Professional Technical  | 45  | 26.01% | 127 | 73.40% | 1   | 0.60%  | 173   |
| Supervisory             | 13  | 13.68% | 76  | 80.00% | 6   | 6.30%  | 95    |
| Teaching Faculty        | 80  | 11.92% | 532 | 79.30% | 59  | 8.80%  | 671   |
| Other                   | 17  | 9.83%  | 67  | 38.70% | 89  | 51.40% | 173   |

Adapted from 2017-2018 Fact Book, Exhibit 7.7

Further, the Institutional Effectiveness Measure (IEM) related to underrepresented employee separations *needs attention*. The College's target for this IEM is to achieve a separation rate for

<sup>&</sup>lt;sup>74</sup> Harper College SWOT, p. 11.

<sup>&</sup>lt;sup>75</sup> 2018 National Community College Benchmark Report, p. 5.

<sup>&</sup>lt;sup>76</sup> Harper College Institutional Accountability Report 2017-2018, p. 17.

<sup>&</sup>lt;sup>80</sup> Harper College Fact Book 2018-2019, p. 64.

underrepresented employees that is equal to or lower than the overall employee separation rate. Trend data indicate this target was met in FY2013 and FY2015, but achievement has not been sustained.<sup>81</sup>

Underrepresented Employee Separation

<sup>&</sup>lt;sup>81</sup> Harper College Institutional Accountability Report 2017-2018, p. 18.

# Weakness 4: Enrollment

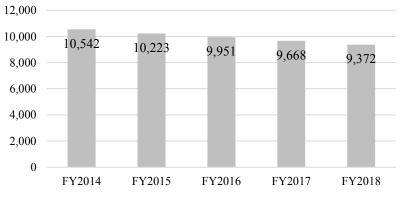

#### Item Description:

Harper's credit student enrollment has steadily declined in recent years, and the decline is projected to continue. Declining enrollment, along with uncertain state funding, places substantial strain on the College's financial resources.

#### Supporting Information:

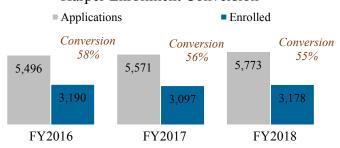

Harper's enrollment has decreased over the past several years and continues to fall below budget.<sup>82</sup> While Harper has experienced enrollment increases in many individual market segments, such as the Hispanic student population, Apprenticeship programs, and Fast Track, overall College enrollment continues to decline. FY2018 data indicates:

- Full-time equivalent (FTE) enrollment is down 3.1 percentage points, while Harper College budgeted for a 1.8 percentage point decrease.
- Enrollment shows a -6.2% change in unduplicated headcount from FY2017.<sup>83</sup>
- Enrollment of new students with prior college decreased by 28.2 annualized FTEs, while the College planned for its efforts to result in a 40 annualized FTE increase in enrollment for this group.

Full-Time Equivalent Enrollment

Application and enrollment numbers indicate that while applications have increased, the enrollment conversion rate has decreased slightly.<sup>84</sup>

Harper Enrollment Conversion

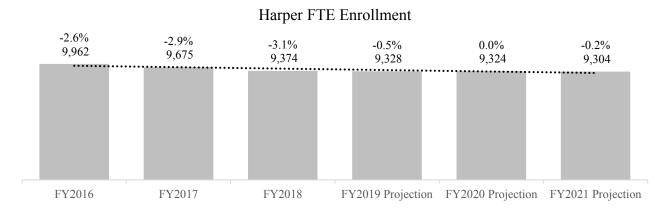

<sup>82</sup> Harper College Institutional Accountability Report 2017-2018, p. 54.

<sup>84</sup> Harper College Admissions Snapshot report: Enrollment Conversion Fall 2018.

<sup>&</sup>lt;sup>83</sup> Fiscal Year 2018 Official Final Enrollment Report, accessed January 15, 2019,

https://hip.harpercollege.edu/ourstudents/enrollment/Documents/FY%202018%20Official%20Enrollment.pdf.

Research indicates that enrollment will continue decreasing for community colleges. While students from underserved communities are enrolling at higher rates, overall community college enrollment is at a decline and expected to remain low, then drop dramatically by 2025.<sup>85</sup> Harper's annualized FTE enrollment trend data and projections<sup>86</sup> also suggest enrollment will continue to decline slightly from previous fiscal years.

<sup>85</sup> Ashley A. Smith, "Community college enrollment rates expected to keep falling." Inside Higher Ed, June 21, 2018. Retrieved from https://www.insidehighered.com/news/2018/06/21/community-college-enrollment-rates-expected-keep-falling?width=775&height=500&iframe=true.

<sup>86</sup> Harper College College Plan 2018-2019, p. 125.

# **OPPORTUNITIES**

An opportunity is an external trend or situation that, if acted upon, may have a positive impact on the institution.

# **Opportunity 1:** Alternative Means of Earning Credit and Alternative Delivery Methods

#### Item Description:

In many accredited public and private universities across the United States, credit may be given for adequately documented and validated experiential equivalent learning of a postsecondary nature. Providing alternative means for students to earn college credit decreases both the cost and time for obtaining a credential or reaching other educational goals. Key drivers to the expansion of alternative credentials are low unemployment rates and concerns about rising student debt levels.<sup>87</sup>

#### Supporting Information:

#### Alternative Means for Earning College Credit

Competency-based education (CBE) has become an increasingly common means of earning college credit and has caught the attention of federal and state policymakers, foundations, and higher education institutions.<sup>88</sup> Broadly defined, CBE is a form of education in which credit is provided based on student learning rather than credit or clock hours. CBE programs are often a far more affordable route to college credit and credentials than traditional programs.<sup>89</sup> CBE takes two primary forms:<sup>90</sup>

- Prior learning assessments, granting credit for content previously mastered; and
- Competency-based coursework, where mastery of academic content is demonstrated.

An opportunity exists for higher education providers to broaden the availability of CBE, for example by engaging employers as partners in these programs. Specifically, employers working more directly with educational institutions can provide the inputs needed to effectively create, clarify, and assess competencies, providing connections to careers that deliver a beneficial return on investment to students who complete CBE programs.<sup>91</sup> Additionally, employer enthusiasm for CBE programming positively correlates with awareness. As employers learn more about CBE and its advantages to students and business, they become more eager to hire CBE graduates.<sup>92</sup>

In addition to recognizing and offering competency-based education, institutions of higher education are beginning to credential various forms of "informal" learning. New versions of academic transcripts are emerging with credit given for achievement of learning outcomes related to co-curricular activities and well as identification of areas of mastery and competency.<sup>93</sup> These transcripts are referred to as "comprehensive student records" and communicate what students know and are able to do in ways that traditional academic transcripts do not.

Industry recognized credentials aligned to postsecondary programs are another means of awarding

<sup>92</sup> Ibid, p. 3.

<sup>&</sup>lt;sup>87</sup> Paul Fain, "On-Ramps and Off-Ramps: Alternative Credentials and Emerging Pathways Between Education and Work," Inside Higher Ed, 2018, p. 8.

<sup>&</sup>lt;sup>88</sup> Robert Kelchen, "The Landscape of Competency-Based Education," Center on Higher Education Reform American Enterprise Institute, January 2015, p. 1.

<sup>&</sup>lt;sup>89</sup> Ibid, p. 8.

<sup>&</sup>lt;sup>90</sup> Ibid, p. 2.

<sup>&</sup>lt;sup>91</sup> Chip Franklin and Robert Lytle, "Employer Perspectives on Competency-Based Education," Center on Higher Education Reform American Enterprise Institute, April 2015, p. 1-2.

<sup>&</sup>lt;sup>93</sup> Work Group Report, "Connecting Credentials Building Learning-Based Credentialing Systems," November 2017, p. 7.

credit. Often, these credentials are required by employers to affirm competency in the knowledge, skills and abilities required in jobs within specific areas such as finance, manufacturing, information technology and healthcare. Alignment of credentials creates educational pathways from high school to community colleges and ultimately to four-year institutions that connect to employment. <sup>94</sup>

#### **Alternative Delivery Methods**

Alternative methods for delivering higher education represent additional opportunities. Accelerated delivery options and online programming are the leading alternative delivery methods. When adults in Harper's district were asked about preferred formats for earning a certificate or degree, 58% were interested in attending accelerated or online programs, 54% were interested in programs with a class offered the same night each week for a year, 46% were interested in programs meeting once a month with online work, and 36% were interested in attending weekend programs.<sup>95</sup>

In 2016, 71% of district employers used online training, citing its convenience, efficiency, topic specificity, and timeliness as reasons for choosing this modality.<sup>96</sup> Employers believe that alternative degree formats would make their employees more likely to enroll in degree programs.

- Accelerated degree programs: 55% of smaller employers (100 or less than employees) and 64% of larger employers (more than 100 employees) reported they believe their employees would be more likely to seek a degree if an accelerated degree program was available.
- Online degree programs: 59% of smaller employers and 74% of larger employees indicated they believe their employees would be more likely to seek a degree if an online degree was offered. Additionally, 53% of smaller employers and 73% percent of the larger employers also agreed that their employees would be more likely to enroll in a degree program if it met locally once a month and had online work associated with it.<sup>97</sup>

Online programs can offer decreased cost and time to completion for students.<sup>98</sup> Examples include programs at Arizona State University and the University of Arkansas:

- Arizona State University (ASU) offers students free, ASU-designed courses on edX. Upon successful completion of online, synchronous courses and a proctored exam, students can choose to pay \$600 per course for ASU course credit. These credits can be applied to a degree after enrolling at the University or another institution.<sup>99</sup>
- The University of Arkansas System created a fully online eVersity to remove barriers for adult students who commonly enroll with large numbers of credits from other institutions.<sup>100</sup>

Higher education has the opportunity to increase online offerings as new forms of credentialing are introduced. If experts are correct, the online education field will continue to expand, with early adopters, from community colleges to research universities, separating themselves from the rest.<sup>101</sup>

<sup>&</sup>lt;sup>100</sup> Ibid, p. 34.

<sup>&</sup>lt;sup>101</sup> Ibid, p. 6.

# **Opportunity 2: Changing District and Student Demographics**

#### Item Description:

Harper's changing district demographics present an opportunity to assess and address the needs of the changing community. Diversity in the Harper community is increasing, bringing with it additional changes, such as decreases in household income and increases in foreign born residents. As a result of district changes, Harper's student population is changing. As an emerging Hispanic Serving Institution, Harper has an opportunity to increase the completion and retention rates of Hispanic students, the majority of whom enroll at community colleges.

#### Supporting Information:

The Harper College district population continues to become more diverse in numerous ways:

- Harper's district population is 33.8% non-white, an increase of 3.7% from 2010 to 2015.<sup>102</sup>
- Asian and Hispanic populations have seen large increases from 2010-2015, while the White non-Hispanic population has experienced a large decrease.<sup>103</sup>
- District families reporting annual income of less than \$30,000 increased from 2.5% in 2013 to 9.3% in 2016.<sup>104</sup>
- Residents reporting a primary language other than English spoken in the home increased from 5.5% in 2013 to 11.2% in 2016.<sup>105</sup>
- Harper's district has seen large increases in foreign-born students arriving from Mexico, India and Poland.<sup>106</sup>
- Residents who have lived in the district for less than five years has increased from 6.5% in 2013 to 12.8% in 2016.<sup>107</sup>

These district changes have contributed to changes in the Harper student population:

- Enrollment of Hispanic students has increased from 25.9% in fall 2015 to 28.3% in fall 2018, during the same time, enrollment of White students decreased from 53.8%% to 49.5%.<sup>108</sup>
- Enrollment shifts bring more first-generation students to Harper as 82% of Hispanic students are first-generation, compared to 47% of non-Hispanic students.<sup>109</sup>
- Many Harper students are experiencing basic needs insecurity. In FY2017, 405 students completed a survey with results indicating 45% of respondents identifying as food insecure and 44% responding as housing insecure.<sup>110</sup>

Given these changing demographics, colleges and universities need to adjust and discover alternative ways to support the students, inside and outside of the classroom. Students with "nontraditional" backgrounds will become more prevalent and traditional methods for meeting their needs will no longer prove effective.

<sup>&</sup>lt;sup>109</sup> Harper College Latinx Success, A vision for Harper College, May 2018, p. 5.

<sup>&</sup>lt;sup>110</sup> Wisconsin Hope Lab. Report for Fall 2016 Survey of Student Basic Needs, p. 2.

# **Opportunity 3:** Partnerships with Educational Institutions, Business and Industry

#### Item Description:

Partnerships with educational institutions, as well as businesses and industry, are vital to providing relevant educational opportunities to students, meeting workforce needs of the district, and ensuring the College's role as a leader in community college education. Partnerships across all levels are critical for designing coherent education and career systems.<sup>111</sup>

#### Supporting Information:

Harper has developed partnerships with a variety of external organizations. Partnerships with K-12 educational institutions include elementary and middle school participation in campus tours, the ambassador school program, efforts to increase college-readiness for district high school graduates, development of the Promise Scholarship Program, and increased dual credit offerings. Partnerships with other higher education providers can be seen in the development of the University Center and the Education and Work Center. Additionally, partnerships with business and industry include apprenticeship programs, clinical sites for students, and program advisory committees.

While Harper and the community have benefited from strong existing partnerships, maintaining, enhancing, and growing partnerships is essential to advancing the community college mission.

- College-Readiness/Remediation: Partnerships with K-12 educational institutions can help students by increasing college-readiness, decreasing the need for remediation, and ensuring alignment of curricula.<sup>112</sup>
- Quality/Accessibility/Affordability: Partnerships with other community colleges can lead to shared curricula,<sup>113</sup> resource pooling and collaborative supports for students,<sup>114</sup> and cost reduction through cost-sharing initiatives.<sup>115</sup> Partnerships between community colleges and four-year institutions can benefit students by decreasing costs, reducing the number of credits lost, and improving retention and completion rates.<sup>116</sup>
- Workforce Needs/Skill Development: Partnerships with business and industry can help meet the needs of the workforce. District employers identified the availability of qualified employees as their most significant barrier to growth,<sup>117</sup> followed by current employee skill level.<sup>118</sup> These needs are echoed by national research.<sup>119</sup> <sup>120</sup> Partnerships with business and industry should focus on matching education and training with jobs, reviewing labor market

<sup>&</sup>lt;sup>120</sup> Dennis Pierce, "Use What You've Got Community Colleges are Finding Creative Ways to Grow Revenues," American Association of Community College, October/November 2018.

trends and employers' needs, and closing the skills gap.<sup>121</sup> <sup>122</sup> For example, the College might create customized programming for local employers in high-demand skills<sup>123</sup> or work with local businesses to ensure employees can take advantage of tuition assistance benefits.<sup>124</sup> The College might also offer customized information sessions, financial aid planning, on-site enrollment, and academic advising at job sites.<sup>125</sup> Furthermore, partnering with industry provides faculty with the opportunity to better embed industry standards into the curriculum and provides students the opportunity to have real-world experiences with actual industry clients.<sup>126</sup> Finally, the industries benefit from the students' work in areas of innovation and client relations.

 <sup>&</sup>lt;sup>122</sup> Dennis Pierce, "Use What You've Got Community Colleges are Finding Creative Ways to Grow Revenues," American Association of Community College, October/November 2018.

# **Opportunity 4: Strategies to Attract and Retain Students**

Item Description:

Community colleges continue to experience declines in enrollment and low completion rates. With the traditional-aged college-going population decreasing, the opportunity exists to attract students from different demographic populations. Additionally, once students are enrolled it is essential to implement programs that will positively impact persistence and completion.

#### Supporting Information:

National enrollment projections continue to show a decrease in traditional-aged students.<sup>127</sup> In Harper's district and elsewhere, birthrates and K-12 enrollments are declining, negatively impacting enrollment. To increase enrollment, community colleges need to attract non-traditional students. This includes baby boomers, dual-credit, veterans, and reverse transfers.<sup>128</sup> A large potential growth market is adults as 37 million Americans have some college credit but no degree.<sup>129</sup>

Community colleges are a quality, affordable sector of higher education. Marketing their affordably, especially to non-traditional student populations, may increase enrollments. Community colleges have lower tuition rates and smaller annual increases in tuition than four-year colleges and universities. Recent data indicate that the average in-district tuition/fees at a community college is less than half of the average in-state tuition/fees at a public, four-year university, \$3,570 and \$9,970, respectively.<sup>130</sup>Additionally, community college students have lower debt than their four-year counterparts, with 59% being debt free.

Colleges can implement strategies that increase affordability, thereby attracting students. Such strategies include:

- Promise programs which provide low or no-cost education for the first two-years of college.<sup>131</sup>
- Adoption of Open Educational Resources (OER) in the classroom dramatically decreases the cost of textbooks for students.<sup>132</sup>
- Z-Degree programs, those with zero textbook costs for students, build on the use of OER. In addition to saving students money, Z-Degree programs reduce the number of dropped courses and increase course success rates.<sup>133</sup>
- Acceleration of developmental course sequencing.<sup>134</sup>

Colleges can implement strategies that increase retention and completion of those enrolled. Pathways is an example of a strategy that can positively address enrollment and completion, as well as

<sup>131</sup> "About the College Promise Movement," accessed January 22, 2019, http://collegepromise.org/the-promise/.

<sup>&</sup>lt;sup>127</sup> Paul Fain, "On-Ramps and Off-Ramps: Alternative Credentials and Emerging Pathways Between Education and Work," Inside Higher Ed, 2018, p. 8.

https://hechingerreport.org/californias-new-effort-fix-remedial-education/.

workforce skills gaps.<sup>135</sup> Pathways provide a framework for the College's interaction with the student and are a partnership between student and institution, with expectations for both parties. Critical to their success is the construction of coherent, structured pathways to certificate and degree completion, and ensuring that students enter a pathway soon after beginning.<sup>136</sup> When students develop clearly articulated education plans and enter pathways, they make informed decisions about coursework, future employment and potential earnings.<sup>137</sup> Early research regarding the impact of pathways on retention and completion is positive. For example, since implementation of guided pathways, completion rates at Georgia State University have increased almost 20% for white students and more than 30% for African American and Hispanic students.<sup>138</sup> The City University of New York has experienced similar increases for students in their Accelerate Study program.<sup>139</sup>

Colleges can increase student persistence and completion rates by focusing on careers and job placement.<sup>140</sup> Community colleges need to ensure alignment of program offerings with workforce needs and projected job growth. Education in preparation for employment is receiving bipartisan support as it is clear the nation needs skilled workers and education is the vehicle to develop these workers.<sup>141</sup> Community colleges play a critical role in developing a skilled workforce. Job opportunities for graduates are improving in fields where community colleges have robust programs: manufacturing, professional and technical services, finance and industry, and health care. Community colleges must develop, sustain, and market programs in areas with job growth and strong wages.

# **THREATS**

A threat is an external trend or situation that, if not acted upon, may have a negative impact on the institution.

# **Threat 1: Funding and Financing Higher Education**

### Item Description:

The reduction in state funding of higher education coupled with changes in federal regulations, places financial burdens on educational institutions and students. With two of the three community college revenue sources, state appropriations and property taxes, decreasing or projected to decrease, colleges are forced to find alternative revenue sources or rely on the remaining source of revenue, which is student tuition and fees. This comes at a time when those who have the most need for higher education are least likely to be able to pay.

## Supporting Information:

Funding for higher education has been negatively impacted by a reduction in state appropriations and an increase in pension liability.

- Despite steadily growing student demand for higher education since the mid-1970s, state fiscal investment in higher education has been declining since 1980. Based on funding trends since 1980, average state fiscal support for higher education will reach zero by 2059.<sup>142</sup>
- Of the 49 states analyzed, 44 states spent less per student in 2017 than in 2008, with Illinois experiencing a -36.9% change.<sup>143</sup> The only states spending more in 2017 were Indiana, Montana, Nebraska, North Dakota, and Wyoming.<sup>144</sup>
- Although Illinois increased support for higher education between 2010 and 2015, over one third of the increase was to shore up pension funds rather than to provide educational services.<sup>145</sup>
- Threats to shift state pension obligations back to the employee could result in significant annual costs to the College.<sup>146</sup>

Individual ability to finance higher education has decreased as a result of cuts to state and federal aid, high state taxes, and declining household incomes.

- Higher education federal policy appears to be heading towards deregulation, student aid cuts, and the gutting of programs that help the neediest students, including PELL grants.<sup>147</sup>
- The gap between those who are eligible for funds from the Illinois Monetary Awards Program (MAP), but did not receive an award, continues to widen. Among those who are eligible, only 36% were awarded, leaving more than 219,000 Illinois students without MAP assistance.<sup>148</sup>

<sup>&</sup>lt;sup>148</sup> Northern Illinois University, Center for Governmental Studies. 2017, Harper College Environmental Scan, February 2017, p. 57.

- The state income tax increase resulted in a large increase in the overall tax burden. The State's tax burden is currently the 5<sup>th</sup> highest in the nation. Illinois ranks as one of the highest in property tax rankings, putting an additional financial burden on taxpayers.<sup>149</sup>
- Median household income declined in 16 of the 23 communities in the Harper district between 2010 and 2015. Incomes in these communities experienced decreases as large as 24.6%. Ten communities experienced a greater rate of decline than the State average 5.2%.<sup>150</sup>

<sup>&</sup>lt;sup>149</sup> Northern Illinois University, Center for Governmental Studies. 2017, *Harper College Environmental Scan*, February 2017, p. 19. <sup>150</sup> Ibid, p. 12 and 27.

### **Threat 2: Higher Education in a Competitive Market**

#### Item Description:

In today's interconnected world, education is an increasingly competitive commodity.<sup>151</sup> <sup>152</sup> <sup>153</sup> To remain relevant in an environment where alternative credentials and education providers are growing, colleges and universities must offer quality education in ways that meet the needs and demands of students and employers.

#### Supporting Information:

Population decreases coupled with large numbers of education providers have created an increasingly competitive market. Illinois' population, for example, has decreased by over 27,000 residents since the 2010 census.<sup>154</sup> Additionally, the *Chronicle of Higher Education* projects a 13.0% decrease in high school graduates in Illinois from 2018-19 to 2028-29.<sup>155</sup> Further, the College's recent Environmental Scan points to more than 70 education providers within 25 miles of Harper's main campus, offering approximately 600 degree, certificate, or other training programs.<sup>156</sup> Competition for students also exists outside of this radius. Public and private institutions in nearby states are enrolling large numbers of Illinois freshman. In fall 2017, nearly 17,000 Illinois first-time students enrolled at a public or private institution in Iowa, Indiana, Michigan, Missouri, or Wisconsin.<sup>157</sup> In addition to the competition from both in-state and out-of-state traditional brick and mortar education providers, the growth of online and non-traditional education providers further complicate the higher education landscape. As such, colleges need to adapt and innovate in order to remain relevant.

According to recent research, a third wave of postsecondary education, termed demand-driven education, is occurring. In this setting, postsecondary education must adapt to the needs of workers over the course of their lifetimes.<sup>158</sup> This convergence between education and employment must be met by higher education institutions in order to remain viable in the global economy. Other organizations, both inside and outside of higher education, are already expanding their work with a variety of students in order to meet these demands. For example, Southern New Hampshire University has partnered with a non-profit that serves disadvantaged populations in order to create new learning and workforce strategies such as micro-credentials, badges, and playlists.<sup>159</sup> Additionally, IBM has issued more than 500,000 badges or micro-credentials to both employees and external learners who want to build skills and develop competency-based portfolios.<sup>160</sup>

The number of providers of alternative credentials, both accredited and non-accredited, has grown with large numbers of students engaging in non-traditional approaches to higher education.<sup>161</sup> Many corporations, professional organizations, and labor unions are working to address the educational needs of their employees by offering industry-specific competency-based offerings, either with or without a higher education partner.<sup>162</sup> Additionally, certificates are being issued by employers and other non-college education providers. These credentials often take less than two years to complete and feature assessments that are based on job-relevant skills.<sup>163</sup>

Institutions of higher education need to be adaptive and work with employers to develop employee skills, or they will be left behind.<sup>164</sup> To remain competitive in the education market, colleges and universities need to acknowledge that not all students want or need a traditional degree. Student needs vary and require alternative paths to success, and employers require skills over degrees.<sup>165</sup> As employers move towards competencies required for job roles and career paths, higher education must align itself with these needs. In a recent survey of colleges and universities, 94% of institutions reported awarding some form of alternative credential, with 70% offering noncredit training, 20% awarding digital badges, and 13% offering a form of micro-credential.<sup>166</sup>

Nationwide, online enrollments are increasing while overall postsecondary enrollments are falling.<sup>167</sup> In recent years, the growth rate of online credit course enrollments has been approximately ten times the overall growth rate of higher education enrollments.<sup>168</sup> The percent of all students enrolled in postsecondary education who take at least one online course has grown from 24.8% in 2012 to 33.1% in 2017.<sup>169 170</sup> This 33.1% equates to approximately 7 million students nationwide, the majority of whom are community college students.<sup>171</sup> Additionally, the largest growth in online education is occurring in public and private nonprofit institutions, rather than for-profit institutions. At public institutions, from 2016 to 2017, the percent of students enrolled exclusively in online courses increased 7.2%, as did the percent of students enrolled exclusively in online courses and those enrolled in some online courses increased by 6.6%.<sup>172</sup> With decreasing enrollments overall, colleges need to expand opportunities for students to learn via an online platform in order to remain competitive in the digital era.

### **Threat 3: Uncertain State of Higher Education**

#### Item Description:

The state of higher education at the national level continues to be uncertain. The future of higher education is uncertain and will be impacted by actions and decisions on policies related to the Deferred Action for Childhood Arrivals (DACA) and the DREAM Act, and review and/or removal of previously enacted Department of Education rules. Additionally, changing perspectives on the value of higher education have the potential to negatively impact the College.

#### Supporting Information:

#### Value of Higher Education

Anxiety around higher education is growing in America. Historically, a degree has been the key to a good job. But rising fees and increasing student debt, combined with shrinking financial and educational returns, are undermining the perception that earning a degree is a good investment. Today, nearly half of all students who begin college do not graduate within six years. Additionally, students who borrow for college but never graduate are three times more likely to default on loans.<sup>173</sup>

With the Higher Education Act overdue for reauthorization, it is inevitable that policymakers rewrite federal higher education policy in the next few years. However, the development of new policies based on the same assumptions about the individual and economic benefits of debt-financed education will only continue to deepen our country's student debt crisis.<sup>174</sup>

Some question if a college degree still has value. The consensus is a resounding yes. Researchers estimate college graduates earn about \$1 million more over their lifetime than those without a degree.<sup>175</sup> Additionally the college wage "premium" – the difference in average earnings between college graduates and those with just a high school diploma – has averaged approximately 56% over the last three decades. When digging deeper into the data it becomes clear that, although the premium has remained stable, the value of a degree is eroding. While there is evidence that a higher education provides a gateway to a better paying job, the return on a college degree can vary widely. Thus, pursuing a postsecondary education remains a risky and expensive investment for families – and one whose value diminishes if costs increase faster than wages.<sup>176</sup>

#### Immigration and Deferred Action for Childhood Arrivals (DACA)

The DACA policy was implemented in 2012 to protect individuals who entered the United States from foreign countries as children.<sup>177</sup> This protection includes work authorization and deferred removal action. Many of those protected by DACA are enrolled in institutions of higher education. In 2017, the President of the United States declared an end to DACA with no new applications accepted.<sup>178</sup> While in the appeal process, DACA holders can apply to renew DACA status. This is a

positive step for immigrant families, but not a permanent solution. Until there is a clean DREAM Act that provides Dreamers with resolution, the future of DACA, and those impacted by it, is uncertain.

#### **Deregulation of Education**

The Department of Education is reviewing rules and considering deregulation as a method to bolster the development of alternative credential pathways. This deregulation includes adjustments to rules that govern accreditation, the faculty role in online programs, the outsourcing of programs to non-accredited education providers, and the definition of the credit hour.<sup>179</sup>

The Department of Education is aiming to reimagine higher education and promote innovation by changing the rules for accreditors and the providers of competency-based and online programs.<sup>180</sup> These changes would include adjustments to rules regarding access to federal financial aid. Current regulations state that in order to access federal aid, academic programs must be offered by accredited colleges or universities with no more than 50% of a program contracted out to a non-accredited provider.

While deregulation has seen modest bipartisan support as a means to grow funding options for online and nontraditional credentials, concerns exist about the lack of oversight. Deregulation could lead to abuse, by both for-profit and nonprofit education providers, especially if additional federal funds are directed towards these programs.<sup>181</sup>

#### ADOPTION OF BUDGET RESOLUTION

**Member Dowell** moved, seconded by **Member Santafe-Zambrano** WHEREAS, the Board of Trustees of William Rainey Harper College, Community College District No. 512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, caused to be prepared in tentative form a budget for the fiscal year July 1, 2019 to June 30, 2020, and the Secretary of this Board has made the same conveniently available for public inspection for at least thirty (30) days prior to final action thereon:

AND WHEREAS, a public hearing was held as to such budget on the **21th day of August, 2019**, notice of said hearing being published in the <u>Arlington Heights Herald</u>, <u>Barrington Herald</u>, <u>Buffalo Grove Herald</u>, <u>Daily Courier</u> <u>News</u>, <u>Des Plaines Herald</u>, <u>Elk Grove Herald</u>, <u>Hanover Park Herald</u>, <u>Hoffman</u> <u>Estates Herald</u>, <u>Mount Prospect Herald</u>, <u>Palatine Herald</u>, <u>Rolling Meadows Herald</u>, <u>Schaumburg Herald</u>, <u>Streamwood Herald</u>, and <u>Wheeling Herald</u>, newspapers published or distributed in this College district, at least thirty (30) days prior thereto as required by law, and all other legal requirements having been complied with:

NOW THEREFORE, BE IT RESOLVED by the Board of Trustees of Community College District No. 512, Counties of Cook, Kane, Lake and McHenry, State of Illinois, as follows:

Section 1. That the fiscal year of the College district be and the same is hereby fixed and declared to begin on the 1st day of July, 2019 and end on the 30th day of June, 2020.

New Business Exhibit XI-A August 21, 2019

Section 2. That the following budget containing an estimate of amounts available in the Education; Operations and Maintenance; Restricted Purposes; Audit; Liability, Protection and Settlement; Bond and Interest; Operations and Maintenance Restricted; Auxiliary Enterprises; and Working Cash Funds, each separately, and of expenditures from each of the aforementioned funds, be and the same is hereby adopted as the budget of this community college district for the said fiscal year.

August 21, 2019

Pat Stack Chair, Board of Trustees

Dr. Nancy Robb Secretary, Board of Trustees

#### CERTIFICATION

THE UNDERSIGNED DO HEREBY CERTIFY that they are respectively, the Secretary of the Board of Trustees of Community College District No. 512, Counties of Cook, Kane, Lake, and McHenry, State of Illinois, and the Chief Fiscal Officer thereof.

IT IS HEREBY CERTIFIED that attached hereto is a true, correct, complete and certified copy of the budget resolution as adopted on August 21, 2019 by the Board of Trustees of said Community College District for the fiscal year beginning July 1, 2019 and ending June 30, 2020, and an estimate of revenues, by source, anticipated to be received by the College in the 2019-20 fiscal year, which estimate of revenue is hereby certified as being true and correct by the Chief Fiscal Officer of said College District.

IN WITNESS WHEREOF, we have affixed our official signatures to this Certification as of August 21, 2019.

Dr. Nancy Robb Secretary, Board of Trustees

Ronald N. Ally Chief Fiscal Officer

Illinois Community College Board

#### **FISCAL YEAR 2020 RESOLUTION**

The Board of Trustees of Harper College formally adopted the Fiscal Year 2020 Budget with the following resolution:

# **Glossary of Terms**

### Abatement

A complete or partial cancellation of a tax levy imposed by a government.

### Academic Support (see Program)

#### **Accrual Basis of Accounting**

An accounting system that records revenues when earned and expenditures when a liability is created, regardless of the accounting period in which cash payment is actually made. An encumbrance system can be used in conjunction with an accrual basis accounting system.

#### **Assessed Valuation**

The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

#### Auxiliary Services (see Program)

#### Bond

A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date), along with periodic interest payments at a rate specified in the bond. Bonds are primarily used to finance capital projects. In the budget document, the payments are listed on the Schedule of Debt Maturities located in the Appendix.

**General Obligation (G.O.) Bond** – This type of bond is backed by the full faith, credit and taxing power of the government.

**Revenue Bond** – This type of bond is backed only by the revenues from a specific enterprise or project.

Limited Tax Bond – This type of bond is a form of non-referendum bonding authority granted by Illinois PA 89-385 allowing the College to issue additional debt for projects initiated after October 1, 1991. Limited Tax Bonds can be issued to the extent that the total debt service requirements of any new debt, when combined with existing debt service, do not exceed the debt service extension base established by the Act.

### Budget

A plan of financial activity for a specified period of time indicating all planned revenues and expenditures for the budget period.

#### **Budget Calendar**

A schedule of key dates which a government follows in the preparation and adoption of the budget.

### Capital Outlay (see Object)

## **Capital Project**

Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

### Chargeback

Resident students desiring to pursue a certificate or degree program not available through the College may apply for chargeback tuition if they attend another public community college in Illinois which offers that program. Students approved for chargeback will pay the resident tuition of the receiving institution; the College will reimburse the receiving institution for the remainder of the non-district tuition cost.

#### **Consumer Price Index (CPI)**

A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

#### Contractual Services (see Object)

#### **Cost Center**

A fiscal and accounting entity which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

#### **Credit Hour**

One contact hour (50 minutes) per week based on a 16-week term or a total of 800 minutes per semester.

### **Debt Service**

The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

#### **Distinguished Budget Presentation Awards Program**

A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

#### **Employee Benefits** (See Object)

#### Expenditure

The outflow of cash, a promise to pay, or other financial resources in return for goods and services that have been received.

#### Federal Government (see Revenues)

#### Fiscal Year

A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The fiscal year at William Rainey Harper College is July 1 to June 30.

## Foundation

The William Rainey Harper College Educational Foundation is a nonprofit, tax-exempt educational corporation organized under Illinois law to receive gifts, grants, loans, bequests and scholarships on behalf of the students, staff or the institution. Gifts received through the Foundation are tax deductible for the donor.

## Full Time Equivalent (FTE)

Number of credit hours generated in a semester divided by 15.

### Fund

A fiscal and accounting entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

### **Fund Balance**

That which is left in a fund at the end of a fiscal year that may be expressed with a negative or a positive figure.

#### General Materials and Supplies (see Object)

#### Gifts

Money received by the College generally from private and/or corporate sources. Used primarily for student financial aid and/or special programs and equipment.

#### Grant

Money awarded to the College in response to a proposal for specific purposes. Money is generally from state or federal sources.

Institutional Support (see Program)

**Instruction** (see Program)

### **Investment Income**

Income to the College derived from the investment of current funds.

### Levy

To impose taxes for the support of government activities.

### Local Government (see Revenues)

### Object

A term used in connection with the classification of expenditures. The materials purchased or the service obtained, rather than the purpose for which the materials or service was purchased or obtained.

### **Capital Outlay**

Capital outlay includes all expenses associated with site acquisition or improvement, construction of new facilities, major repairs or renovations to existing facilities, and fixed and moveable equipment.

#### **Contractual Services**

Charges for services rendered by firms or individuals not employed by the College.

#### **Employee Benefits**

The College's cost to provide comprehensive benefits to full-time employees which currently include: health insurance, short and long term disability insurance, dental, life insurance, earned vacation days, earned sick and personal leave, bereavement or emergency leaves and professional development monies. The specific fringes depend upon the employee group and union contract.

#### **Fixed Charges**

Charges include rentals of facilities and equipment, debt principal and interest, and general insurance.

#### **General Materials and Supplies**

Expendable materials and operating supplies necessary to conduct College operations, including office and instructional supplies, printing, and maintenance supplies.

#### **Other Expenditures**

Includes expenditures unrelated to any other category. Examples include student grants and scholarships, tuition chargebacks, and financial charges and adjustments.

#### **Provision for Contingency**

A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

#### **Salaries**

Salaries and wages paid to an employee, before any deductions, for personal services rendered to the College.

#### Transfers

Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

#### **Travel and Meeting**

Includes expenses associated with conference registration fees, costs for hosting or attending meetings, and travel costs related to College business/activities.

#### Utilities

Includes all utility costs necessary to operate the physical plant and other ongoing services, including gas, electricity, water, telephone, and refuse disposal.

#### **Operation and Maintenance** (see Program)

**Other Revenue Sources** (see Revenues)

#### Program

A level in the program classification structure hierarchy representing the collection of program elements serving a common set of objectives that reflect the major institutional missions and related support objectives. This structure, established by the ICCB, is a means of grouping related activities performed by the College for the purpose of accomplishing a function for which the College is responsible.

#### **Academic Support**

Academic support includes the operation of the library, instructional materials center, and communication systems used in the learning process. It also includes all equipment, materials, supplies and costs that are necessary to support this function.

#### **Auxiliary Services**

Provides for the operation of the cafeteria, bookstore, student organizations, athletics, and other related activities. It also includes all equipment, materials, supplies, and costs that are necessary to support this function.

#### **Institutional Support**

Institutional support consists of those costs that benefit the entire College and are not readily assignable to a particular cost center. Appropriate cost allocations will be made at the end of the fiscal year. The President's Office, Business Office, Information Systems and Personnel Services are included in this function. It also includes all equipment, materials, supplies and costs that are necessary to support this function.

#### Instruction

Instruction consists of those activities dealing directly with or aiding in the teaching of students. It includes the activities of the faculty in the baccalaureate-oriented transfer-occupational technical careers, general studies, and remedial and ABEIASE programs (associate degree credit and certificate credit). It also includes all equipment, materials, supplies, and costs that are necessary to implement the instructional.

### **Operation & Maintenance of Plant**

Consists of housekeeping activities necessary in order to keep the physical facilities open and ready to use. Maintenance of plant consists of those activities necessary to keep the grounds, buildings, and equipment operating efficiently. This function also provides for campus security and plant utilities as well as equipment, materials, supplies, and costs that are necessary to support this function.

### **Public Service**

The public service function includes the services provided to the general community, governmental agencies, and business and industry for non-credit community education and community service activities. Community education focuses on the individual participant and, thus, requires an individual registration and class completion record-keeping procedure. Community education includes non-credit short courses, professional review classes, workshops, and seminars that provide an educational service to the residents of the community. Community service is a structured activity that provides a beneficial service to the public. Community service focuses on group participation and, thus, does not require an individual

registration and completion record-keeping procedure. Community service includes college-sponsored seminars, workshops, forums, lecture series, cultural exhibits and events and consulting services provided through college-operated institutes and centers. (See ICCB Rule 1501.301.)

#### Scholarships, Student Grants, and Waivers

This category includes activities in the form of grants to students, prizes and awards, chargebacks, and aid to students in the form of state-mandated and institutional tuition and fee waivers. Employees/family tuition waivers are not included in this category.

#### **Student Services**

The student services function provides assistance in the areas of financial aid, admissions and records, health, placement, testing, counseling, and student activities. It includes all equipment, materials, supplies and costs that are necessary to support this function.

#### **Professional Development**

Monies budgeted and set aside to promote the professional development of individual staff and faculty members. Included within the scope of this allowance are travel, professional dues, course work, conferences, seminars, developmental materials and equipment.

#### **Property Tax**

Compulsory charges levied on real property by the College district for the purpose of funding College operation.

**Provision for Contingency** (see Object)

Public Service (see Program)

#### Revenues

Sources of income financing the operations of the College.

**Federal Government** – Revenues from all agencies of the federal government and pass-through agencies including Department of Education grants and certain grants administered by ISBE and IDHS as a pass-through agencies.

**Local Government** – Revenues from district taxes (property taxes), chargebacks, and from all governmental agencies below the state level.

**Other Sources** – Revenues include sales and services fees from cafeteria, bookstore, customized training; investment revenue; facilities revenue, and miscellaneous.

**State Government** – Revenues from all state governmental agencies, including ICCB operating and other restricted grants, ISBE grants, Department of Veterans Affairs, and Illinois Student Assistance Commission.

**Transfers** - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

**Tuition and Fees** - Revenues to the College assessed against students for educational and general purposes. Tuition may be charged on a per course or per credit hour basis. Fees include those costs not covered by tuition, such as activity fees, application fees, registration fees, and laboratory fees.

Salaries (see Object)

#### State Appropriations (include supplemental appropriations)

Revenue to the College derived from a formula established by the State of Illinois.

**State Government** (see Revenues)

Student Services (see Program)

#### Target budget

Desirable expenditure levels provided to departments in developing the coming year's budget.

#### **Tax Increment Financing (TIF) Illinois**

A governmental body established by the State of Illinois to receive and disburse tax dollars generated as a result of the increase in valuation caused by property improvement and rehabilitation within the College district.
