STUDENT HANDBOOK

DATEBOOK

Student life at Harper is a combination of experiences and opportunities in and out of the classroom. Knowing what resources are available will help you get the most out of each semester you spend at Harper.

Knowing about Harper starts with having a copy of the current Catalog. (If you don't yet have one, ask for a copy at the Information Center.) The Catalog details the academic side of college life—programs, course descriptions, requirements and regulations.

The Student Handbook/Datebook addresses the resources and activities available to Harper students outside the classroom and also includes the regulations and policies governing student life at Harper. The Datebook section lists events already planned for the semester—athletics, cultural events and official College calendar dates.

The Datebook is designed for daily use, so that you can plan both the “must-do” and “like-to” activities for a great year at Harper.

Success Tips

There are many keys to success—study hard, eat right and play wisely! Here are a few time-tested tips—or “success strategies”—to help you along the way.

- Set Goals** Define your long-term and short-term academic goals. Think of goal-setting as a way to reach your destination without “driving around in circles.” For help with this strategy, contact a counselor in the Science, Math and Health Careers Center, D142, or in the Business and Social Science Center I117, or the Career Center, Student and Administration Center, A347.
- Organize** Use this Datebook to record assignments and test dates—and don’t forget to include your work schedule. Get off to a good start, organize your responsibilities and **write them down!**
- Tune In!** Be in touch with your surroundings. Get to know classmates and instructors. Familiarize yourself with the Harper College campus. Take a campus tour, led by a current Harper student, Wednesdays at 5:30 pm or Thursdays at 3:30 pm. Tours leave from Admissions, New Student Services and Art Center, C101. Call 925-6247 to reserve a space. Attend special campus events that are offered frequently each semester. Find out more about clubs and organizations. Get involved! For more information, contact Student Activities, Student and Administration Center, A336, 925-6242.
- Ask for Help** If you find yourself struggling with a specific topic in class, remember that your instructor is your first resource for assistance. Know your instructor’s office hours and seek help when you need it. For more assistance, check out the Learning Achievement Program, Academic Resource Center, F332, and the Tutoring Center, Academic Resource Center, F315.
- Stay Focused!** Pay attention to campus news and upcoming events. Know when early advising and registration occur for each new semester. Learn more about your major and/or career choice through participation in specialized activities. Take charge of your college career!

Student Responsibility Statement

It is the responsibility of each student to be aware of and to meet the Catalog requirements for graduation. Students are also responsible for all other rules, regulations and deadlines published in the Catalog, Student Handbook and Schedule of Classes. Copies of any of these publications are available, on request, from the Admissions Office or the Campus Information Center.

Accessibility

Harper College complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Persons with disabilities who may require accommodations and/or support services should contact Access and Disability Services, Science, Math and Health Careers Center, D119, or telephone 847/925-6266 (voice) or 847/397-7600 (TTY).

Meetings—A Valuable Resource

Seminars, information sessions and support group meetings at Harper are so numerous that it is virtually impossible to list them all in this year's Datebook. If you have educational or personal concerns you'd like help with, please check the Datebook listings first, then ask at a Student Development Center—there may be a session already scheduled that is just what you're looking for.

If you plan to enter a limited enrollment program, you may wish to find out about the program through an information session such as the meetings held for prospective nursing students:

Nursing Program
Information Meetings
Instructional Delivery Center, E106
1:30-3:30 pm, third Wednesday each month

These sessions provide information about prerequisites, selection and admission procedures, required courses, costs, time considerations and further education.

This information meeting is open to anyone interested in exploring a career in nursing and learning about Harper's LPN and ADN (RN) programs. Attendance at this meeting is a prerequisite.

Check with a Student Development Center for other valuable resource meetings scheduled for this semester.

No Hassle Returns

If for any reason you need to return an item, simply bring it back in unmarked, resaleable condition with your receipt within 14 days of the date on your receipt, or 14 days from the start of the current semester. Defective merchandise may be returned for replacement, with a receipt, anytime during the semester it was purchased.

Textbook Buyback Service

You may sell your textbooks back to the Bookstore when you are finished using them. This service is available year round except during the first two weeks of every semester. The best time to sell your textbooks to us is during finals week of each semester. This is when we have received most of the commitments on future textbook usage from professors. We will pay you the best price that is available at the time you return the textbooks to us. This value is based on our ability to resell it and can reach as high as 66 percent of the price you paid. You will get the best prices if your textbooks are required for the upcoming term and the professors have notified us of this commitment. This is true even if your textbooks were purchased secondhand. We retain these textbooks on campus to sell to future students. Consumable textbooks, such as workbooks, typically have no value since they cannot be resold. You will receive lower prices if the professor selects new titles, or we have not received commitments for the textbooks you have.

These textbooks are sold to and sent to a used book wholesaler for the same price that we pay you. If the publisher revises the

textbook, the price usually drops to zero since most colleges in the country will no longer use the old edition. The Bookstore reserves the right to modify buyback prices based on special circumstances. This includes, but is not limited to special course packs, textbooks with software, and custom course material.

The Women's Program attempts to help women know themselves better, understand their relationships with their society and to participate more effectively in their chosen roles.

The Women's Program is comprised of four major areas:

- Continuing Education courses and workshops are offered on a variety of topics related to personal growth and career and family issues.
- Services to students who are single parents or students who through disability, separation, divorce or death have become the head of household with the need to become self-supporting. We also serve those with disabilities or other barriers to educational achievement. These state-funded programs offer women and men career, personal, vocational and academic counseling, information and referral to appropriate resources. Students are also provided with job readiness assistance

designed to develop employment skills to gain access into today's high-skill, high-tech job market.

- Services to students who are interested in non-traditional work. This program offers services to people who are interested in careers where the majority of workers are of the opposite sex. Career, vocational and academic counseling, mentoring and job referral services are available to students.
- Each March, Harper College celebrates the many contributions women have made throughout history. Activities include a keynote speaker, seminars and performances focusing on one of many areas in which women have impacted our history. This event helps us remember, recognize and learn from the women in our past.

The Women's Center, located in the Music Instruction Center, P127, is a place to relax, talk, and study. Coffee, campus information, women's resources and referral information are available. Men, as well as women, are welcome to use the facility.

Grade Point Average (GPA)

Most colleges base grades on a 4-point scale, with points assigned to each grade (A=4, B=3, C=2, D=1, F=0). To compute your GPA for one term you need only complete three simple mathematical steps: multiply, add, divide. Multiply the number of points representing the grade you receive for each course times the number of credit hours for the course. Add the points for all courses to determine the total number of points earned for the term. Divide the total points by the number of credit hours attempted that term. The result will be your GPA, also called the cumulative average or grade point ratio (GPR). College catalogs show how the system may differ at individual schools.

Grading System

Most colleges use the A through F system. A is the highest grade and F means failure. A through D are passing grades for which you will earn points and credits. At some schools, however, courses with D grades may not transfer. Also, most colleges require a minimum 2.0 GPA or C average for graduation, and you may lose financial aid, housing and other benefits if your GPA falls below a certain level. Low GPAs may also lead to dismissal or suspension. Some schools have a pass/fail (P/F) or satisfactory/unsatisfactory (S/U) grading option and an incomplete grade (I), representing work not completed during the term it was taken.

If you need help calculating your GPA or are experiencing academic difficulty, make an appointment to see a counselor in 1117 or D142.

During the first few weeks of the semester, new students may contact the Center with questions or concerns regarding:

- Dropping or adding classes
- Difficulties with a class
- Adjusting to college life
- Harper's services

If you know someone interested in taking classes at Harper College, refer him or her to the Center for New Students and Orientation for more specific information.

Thursday-Friday 8:00 am-4:30 pm

Employment services provided within the Center assist students with their employment needs while in school and after graduation. Employment services personnel serve as a liaison between Harper College students and alumni and potential employers. Services include:

Computerized Job Matching

The internet-based Collegiate Employment Network (CEN) job listing system refers students and alumni directly to the most current job listings from area employers. Job seekers match job needs with listed opportunities. A password for CEN access may be obtained from the Career Center.

On-Campus Recruiting

Throughout the school year, local employers come on campus to recruit in person to fill their vacancies. The Career Center posts a calendar of this activity on their hallway bulletin board and near the Information Center.

On-Campus Student Employment

Working on the Harper College campus is one good way to become involved. Meet new people, learn something and have some fun, all while making extra money. Most campus offices have job opportunities to which you can probably match your skills and interests. Check with the offices that interest you, ask the Office of Student Financial Assistance or check in the CEN job listing system for on-campus student employment.

Career Expo

Each spring the Career Center hosts a two-day Career Information & Job Fair for students and community members. Exhibits and speakers offer career information on the first day; employers from 175 companies recruit for employees at the Job Fair on the second day. Ask for this year's details.

Working While You are in School

Most Harper College students work, balancing study and work responsibilities very well. To be successful at combining these, keep in mind that it is necessary to limit the number of credit hours you register for according to the number of hours you work. Good time management techniques are also necessary. The following table is a general guide for balancing course load with the time requirements of a job.

Weekly Job Time	Course Load
9 hours or less	14-16 semester hours
10-19 hours	10-13 semester hours
20-29 hours	7-9 semester hours
30-39 hours	4-6 semester hours
40 hours and above	1-3 semester hours

If you'd like some help with managing your work/study load, stop in one of the Student Development Academic Advising and Counseling Centers in the Science, Math and Health Careers Center, D142, or Business and Social Science Center, I117.

Career Resource Library

More than 800 written, video and computer resources are available to aid your job search. Individual assistance is also available through job search advising sessions.

Job Hunting Tips

- Sign up for Harper's internet-based CEN job listing system.
- Have a clear job search goal—know what you're looking for before you begin.
- Know your product—you!
- Be prepared to work hard. Looking for a job is a job itself.
- Don't rely on the Sunday classified ads alone. Only 10 percent of all available jobs are listed through ads. The "hidden" job market can be tapped by utilizing area Chambers of Commerce, the Yellow Pages, employment agencies and especially personal contacts or networking.
- Be persistent!

Cultural Arts Series

The cultural arts series provides the College with programs representative of the various arts — dance, art, drama, film and music — in addition to a forum for the discussion of issues and ideas through its lecture series. Financed by student activity fees, these programs are planned by a student/faculty cultural arts committee and are scheduled regularly throughout the year. Other social programs including concerts, films, videos and special events are planned by the Program Board.

The College Center

Many of Harper's lectures, concerts, informal discussions, dances, meetings, conferences and other activities are held in the College Center. Its facilities include a Cyber Cafe and food service area, game room, video arcade, TV area, lounges, meeting rooms and offices for student government, clubs and organizations, student publications, student development, health services and financial aid.

To insure efficient use of the facilities, the following building policies have been established:

- Playing cards or table games, visiting and studying are not permitted in the College Center dining hall between 10:30 am and 1:30 pm. The second floor lounge and third floor game room may be used for these activities at any time, however.
- Students are expected to be respectful of others who are using the facility.
- Students are not allowed to sleep in the lounges. A rest area with sleeping cots is available in Health and Psychological Services, Student and Administration Center, A362.
- Regulations governing the use of the game room are posted in that area.
- Programs are occasionally held in the College Center that may require the relocation of students from one area to another. In such cases, regulations will be posted or announcements will be made indicating the affected area. The fire-place, lounge area and game room may

be closed during formally scheduled activities in the lounge.

Bulletin Boards and Publicity

Announcements of college events can be found in the weekly Bulletin, on the closed circuit television monitors and on bulletin boards. If space allows, bulletin boards may be used for announcements of events by non-Harper not-for-profit organizations. **Bulletin boards may not be used to announce non-Harper for-profit events.**

Publicity must be approved by the Student Activities office and may be hung or distributed only in designated locations. Recommended poster size is 8.5" x 11" tall, but larger posters will be allowed if space is available. A poster service is also available through the Student Activities office, Student and Administration Center, A336. A two-week lead time is requested for posting and the poster service. The name of the organization sponsoring an event must appear on all publicity material as well as the Harper logo. Generally, posters will be displayed for a period not to exceed two weeks. Exceptions to these regulations may be requested through the Student Activities office. For further information, refer to the Student Activities "Posting Policy Guidelines."

Announcing College Events

Requests to announce College events on the closed circuit television monitors may also be made through the Student Activities office, 925-6242.

Legal Service

A practicing attorney is available to advise full- and part-time students who have paid an activity fee.

An attorney will be available for about five hours each week during fall and spring semesters and for a few hours in the summer session. The service is intended to help educate students to recognize legal problems and to facilitate their resolution. The attorney will not provide legal representation during the above hours. However, he or she will answer questions on any legal problem the student may have, advise the student as to his or her rights/legal liabilities and determine how a question/problem can best be resolved.

The attorney shall not be required or permitted to provide services to any person if that service would present a conflict of interest for the attorney, the College and/or the Student Senate,

nor in any matter against or antagonistic to the College, the Board of Trustees and members thereof; nor shall the attorney be required or permitted to provide services to any person in any manner against or antagonistic to any employee, student or staff member where attorney's representation in said matter is likely to create the appearance of an impropriety.

The legal service is funded by student activity fees. Students may make an appointment to see the attorney by contacting the Student Activities office. Students without appointments can see the attorney on a walk-in basis if time permits.

Political Campaigning on Campus

Political candidates who want to campaign and/or distribute literature on campus must register in advance with the Student Activities office.

Campaigning and distribution of literature is normally restricted to the College Center and the Business and Social Science Center and must follow the "Use of Tables or Displays" guidelines, and speeches are subject to the "Speakers Policy," both in the Policies section of this handbook/datebook. No direct solicitation of funds or distribution of campaign fund raising literature is permitted on College premises, unless the proceeds are earmarked for a tax-exempt organization. Permission to appear at the campus does not imply College endorsement of a candidate or an issue.

This procedure may be revised. Contact the Student Activities office for current procedures.

Public Safety Department

The Public Safety Department is a service designed for the safety and protection of the College community. Responsibilities of the office include traffic control, parking lot patrol, building security, emergency first aid, a lost and found service and emergency assistance as required.

Public safety officers have the same authority as municipal police officers, including the authority to make arrests. All crimes and motor vehicle accidents that occur on campus should be reported to Public Safety immediately.

Crime statistics and related information as

required by the Crime Awareness and Campus Security Act of 1990 are available in the Public Safety office and at the Information Center in the Student and Administration Center.

For parking permits or non-emergency information, contact Public Safety in the Public Safety Center, 925-6330. For emergencies call Public Safety at 6211. Cellular phones, call 847/925-6211. TTY: 847/397-8551

There are also emergency call boxes located in all parking lots. These are identified by a blue light, which is on from dark until 12:00 midnight on days when classes are in session.

Affirmation of Student Clubs and Organizations

Students learn in many ways, and much valuable learning does occur outside of the classroom. Through involvement in groups like student government, student media, program board, speech team, theatre and numerous other groups, students are exposed to information about responsible citizenship, service to others, budgeting and financing, managing people, valuing diversity, problem-solving, and other leadership skills and values useful to them in home, work, community and social life.

The authority and responsibility for recognizing such groups is delegated by the Board of Trustees to the Vice President of Student Affairs. The Vice President and administration exercise oversight of all parameters governing student groups (for example, minimum number of credit hours, minimum GPA, term limitations, grants of authority, all procedures, and so forth). Wherever procedures or processes are cumbersome or unclear, the administration will strive to clarify and continually improve them, soliciting student input and advice where appropriate.

Student clubs and organizations are basic to campus life and to building a sense of community. Harper College is proud of its past and eager for the future.

Center for Service Learning

Explore the myriad of volunteer and service-learning options available through the Center for Service Learning.

There are many reasons why we volunteer. The desire to help others, meet community needs, gain experience, learn new skills, indulge an interest, or to explore a career are all valid reasons for volunteering. Whatever your motivation, the Center for Service Learning at Harper can help you find the ideal volunteer opportunity. The Center serves as a clearinghouse for service opportunities and actively recruits students, staff, and faculty for projects or placement with local community agencies. Specifically, the Center can

- help any student, faculty, or staff member find a meaningful volunteer opportunity
- help students find service opportunities appropriate for specific courses
- create and maintain a service transcript for any volunteer placed through our office
- work with clubs, student organizations, employee groups or departments to develop a service project either on- or off-campus

Additionally, the Center provides the framework and methods to link service with the curriculum. The Center facilitates the development of service-learning courses and options while assisting faculty in the placement and support of service learners. Services provided include:

- technical assistance for faculty developing service learning courses including handbooks, research, and model program literature from our library of resources
- logistical support including assistance with the placement, monitoring, evaluation, and recognition of service learners
- class visits and presentations
- assistance with obtaining grant money for service learning programs

Doug Grier
Coordinator of Service Learning

For more information about service learning or volunteer opportunities call the Coordinator of Service Learning in the Student Activities Office, 925-6225.

Program Board

The Program Board is responsible for all social programs on the campus and has booked such acts as Steve Martin, the Psychedelic Furs, Jay Leno, Toad the Wet Sprocket, Gin Blossoms, Carrot Top, Journey, Jerry Seinfeld, Poi Dog Pondering, Jon Stewart, Wynton Marsalis and Muddy Waters.

The board consists of a president, administrative assistant and four appointed committee chairmen and is responsible for afternoon activities, concerts, videos, films and special events. Program Board members are selected during the spring and fall semesters and their input is designed to encourage students to explore new and creative ideas for programming. Serving on the Program Board is an excellent opportunity for students to become acquainted with the entertainment field and develop marketing and promotion skills.

Additional art, drama, film and music programs are scheduled through the Cultural Arts Committee.

Student Ambassadors

Selected students can assist new and prospective students of the College through the Student Ambassador Program.

Following a training period, Student Ambassadors participate in a variety of recruitment and new-student contact activities including campus tours, special telephone campaigns to prospective and new students, new student orientation activities and participation in presentations to prospective student groups.

The program is under the direction of the Admissions Office and the Center for New Students and Orientation.

For further information about the program, contact the Admissions Outreach Coordinator at 925-6247 or Center for New Students and Orientation, 925-6208.

Student Government

Students are encouraged to become actively involved in the College by participating in the Harper College Student Senate (HCSS), which represents Harper students to the faculty, administration and Board of Trustees in the formulation of policies that affect students.

The HCSS also recommends recognition of student clubs, appoints students to College committees, reviews and recommends changes in College policy and promotes general student welfare.

The Harper College Student Senate (HCSS) consists of elected officers, an elected student trustee with voting privileges as a senator, and one appointed senator with voting privileges plus one appointed ex officio representative who both represents the following divisions/areas:

Academic Enrichment and
Language Studies
Access and Disability Services
Business and Social Science
Continuing Education
Liberal Arts
Life Science and Human Services
Student Development
Technology, Mathematics and
Physical Sciences
Wellness and Human Performance

The election of president, vice president and treasurer is in the spring semester in the same election as the student trustee.

Senator appointments are made by an interview committee during the fall semester by the fifth week of classes. Representative appointments are made by members of the HCSS at the earliest possible scheduled meeting following the appointment of senators.

Further information on the officer election process, senator/representative appointment process, roles and responsibilities of senators and representatives, and the HCSS is available from the Student Activities Office or from the Student Senate's faculty advisor, Sharon Alter.

Student Trustee

A law passed by the Illinois legislature provides for non-voting student representation on all boards governing higher education — including two-year community colleges and four-year institutions. Effective October 1, 1973, the law stipulates that each college's Board of Trustees shall have one member who is a student enrolled in the college and whose term of office is for one year beginning and ending on April 15.

A campus-wide referendum held at Harper College later determined that the student trustee be elected by a popular vote of the student body each spring. The Student Activities office is responsible for conducting the elections, with input from an election committee.

To qualify as a student trustee, a candidate must be a registered Harper student (nine or more credit hours) during both the fall and spring semesters; reside within Harper District 512; and not have previously served as a student trustee. He or she must also assume the rights and responsibilities of a duly-elected board member except that he/she may not vote. The student trustee:

1. is allowed to make and second motions,
2. is admitted to all sessions of the Board,
3. receives the same materials that elected or appointed Board members are given,
4. is permitted to discuss all topics of the Board.

As a non-voting member, the student trustee is not considered in determining a quorum for action by the Board. However, he or she may serve on the Student Senate, on institutional committees or on Board committees.

A complete listing of qualifications is available in the Student Activities office.

Student Activities Awards Programs

The annual **Student Awards Banquet Program** recognizes outstanding contributions by students in all areas of the student activities program. Nominations are submitted by individual organizations and faculty advisors and students are honored at an awards banquet which is sponsored by the College at the end of the school year.

Who's Who Among Students in American Junior Colleges

is an annual directory of outstanding student leaders in two-year colleges across the country. Only second-year students are eligible, and the criteria for selection include academic standing, participation and leadership in curricular and co-curricular activities and community service. Faculty members may nominate students or students may apply directly to the selection committee. Applications are generally available in December or January and selections are made during the first two weeks of February.

Student service awards in the form of full or half-tuition rebates are available for outstanding contributors in the student activities area. Club and organization officers and members may be nominated by the advisor and/or other students, based on their performance, position, responsibility, leadership, length of service and involvement in eXcel, Harper's student leadership program. These awards are granted for one semester.

More information on these three award programs is available in the Student Activities office.

Policies and Procedures

Student Rights

Students have rights which are granted by the United States Constitution and which may be exercised in the College as in other public institutions. The law recognizes that these rights are subject to restraints which may be imposed because of the College's role and function. Since the scope and meaning of constitutional rights are evolving, it is impossible to set forth all rights in this handbook. Any rights set forth, therefore, are not to be read as an exclusion of rights not delineated.

It is the practice of the Board of Trustees of William Rainey Harper College to respect the properly exercised rights of its students. If a student believes that his/her proposed conduct or speech may infringe upon the College's role and function or he/she is unclear as to these rights, he/she is encouraged to secure the advice of the Vice President of Student Affairs or designee prior to taking action. The prior advice is not, however, a condition to the student's exercise of rights.

Ombudsperson and Mediation Services

If you experience a conflict on campus with a program, a person, or a policy, the Ombudsperson is available to offer assistance. An Ombudsperson is a neutral, impartial person who can interpret policies and procedures and help to:

- resolve conflicts;
- provide conflict mediation between two or more people;
- refer you to appropriate resources on and off campus.

The Ombuds service is available to all Harper students and is free of charge. To schedule an appointment, call 847/925-6738 or stop in at the Office of Student Affairs in the Science, Math and Health Careers Center, D129.

Student Conduct Code

Discipline may be imposed whenever a student or student group commits or attempts to commit any act of misconduct on the College campus, or at an activity, function or event sponsored or supervised by the College, including but not limited to:

1. Possession, use or distribution of an illegal or controlled substance or look-alike drug.

2. Unauthorized and/or illegal possession, use or distribution of any alcoholic beverage.

3. Theft of property or service.

4. Intentional or willful and wanton destruction of property.

5. Assault and/or battery.

6. Sexual offenses. See page 91 for specific information on policy and procedures for sexual offenses.

7. Conduct which constitutes harassment or abuse that threatens the mental well-being, health or safety of any individual. See page 91 for specific information on policy and procedures for sexual harassment.

8. Possession of a weapon.

9. Trespassing on College property or other unauthorized use of College property or services.

10. Academic dishonesty, including cheating, plagiarizing or furnishing false information on such forms as transcripts or applications for admission.

11. Disruption of the educational process or related activity.

12. Failure to comply with the direction of an authorized College employee or representative who is performing his/her duties.

13. Any conduct which constitutes a violation of the terms of any discipline imposed in accordance with this procedure.

14. Any conduct which constitutes a violation of a Federal or State law, local ordinance or College rule or regulation.

Discipline may also be imposed whenever a student or student group commits any act of misconduct as described above off campus if there is a direct relationship between such act and the College.

Complaints under the Student Conduct Code

A. Initiation of Complaints

Any person may file a complaint against a student or student group for violation of the Student Code of Conduct by filing a complaint in writing with the Office of Student Affairs on a form furnished by that office. The complaint shall describe the conduct which allegedly violates the Student Code of Conduct.

B. Preliminary Investigation

1. The Office of Student Affairs shall be responsible for determining the validity of the complaint and conducting a preliminary investigation when appropriate. The person(s) filing the complaint will be notified regarding the final disposition of the com-

plaint. The filing of a complaint assumes that the complainant desires an inquiry to be initiated that may result in official disciplinary action.

2. If there is probable cause to believe that the student or student group violated the Student Code of Conduct, the student or student group shall be informed in writing of charges including the specific provision of the Code of Student Conduct that was violated, the right to a hearing on the charges before either an investigating Student Affairs Administrator or the Student Life Committee and the hearing procedures. The student or student group will inform the Vice President of Student Affairs in writing as to whom they elect to conduct the hearing within five days of receipt of the notification that the decision was made to proceed. The Vice President of Student Affairs will either designate a Student Affairs administrator as hearing officer or instruct the Student Life Committee to hear the case. The student or student group will be informed of the hearing by certified mail at least five school days prior to the hearing date.

3. If, in the opinion of the Vice President, the student or student group is a danger to self or others, is a threat or disruption to the educational process, cannot be found or refuses to attend a hearing, the Vice President of Student Affairs can impose disciplinary measures without first providing a hearing. In such event, the Vice President shall send written notice by certified mail, return receipt requested, to the student or student group within two school days of the date of the disciplinary action. The notice shall state the reason for the discipline and request the student or student group to attend a conference within five school days after the notice is received. If the student or student group does not attend the conference, it will be deemed that the right to a conference has been waived.

C. Hearing with a Student Affairs Administrator

At the hearing, the Student Affairs administrator shall inform the student or student group of the charge, the evidence upon which the complaint is based, and shall allow the student or student group an opportunity to give a position and respond to the evidence.

D. Hearing with the Student Life Committee

1. The Student Life Committee shall con-

sist of four faculty members and three alternate faculty members plus three student members and two alternate student members. It shall be the hearing body for student or student group disciplinary hearings. A quorum requires five voting members, two of whom must be students and three of whom must be faculty. Official action will require four votes.

2. The hearing shall be conducted by the chairperson of the Student Life Committee or by a hearing officer appointed by the Vice President of Student Affairs.

3. All student or student group discipline hearings shall be held in closed session.

4. The student or student group may be represented by an attorney or other representative. If the student does not attend, but the Office of Student Affairs has proof of notice given and received, the Student Life Committee may choose to proceed or reschedule the hearing.

5. The hearing may be recorded stenographically or by tape. If either party causes a recording to be made, the other party shall be offered an opportunity to purchase a copy of the transcript of the tape.

6. At the commencement of the hearing, either party may request the exclusion of witnesses.

7. The complainant(s) and the student or student group may make short opening statements.

8. The complainant(s) shall first present evidence. The student or student group may cross-examine all witnesses in attendance and review any written evidence presented by the complainant(s).

9. The student or student group may then present evidence to refute the charges. The hearing officer may cross-examine all witnesses in attendance and review any written evidence presented by the student.

10. The Committee may, at any time, direct questions to the parties or their witnesses.

11. The complainant(s) and the student or student group may make closing statements at the conclusion of the hearing concerning both the issue of violation of Student Code of Conduct and appropriate disciplinary action.

12. The Committee may receive all relevant oral or written evidence without regard to the legal rules of evidence, provided such evidence is relevant material and would be relied upon by reasonably prudent persons in the conduct of their affairs.

13. If, during the preliminary investigation, it is determined that any witness would be subject to physical or mental harassment or that an emergency exists, the witness need not be present at the hearing, but may present as evidence a written summary of his/her testimony. The summary shall include the reason for the witness' absence and a statement verifying that the contents of the summary are true. If an imminent fear of reprisal exists, a Student Affairs administrator may also present a written statement in which the witness' identity has been concealed.

14. The Committee shall not consider the student's academic or disciplinary records in determining whether a violation of the Student Code of Conduct has been made. The Committee may review a student's or student group's records, however, in determining the appropriate disciplinary action.

E. Authority of the Administrator and of the Student Life Committee

1. The Administrator or the Committee shall determine and make findings on the following two issues at the hearing:

- a. whether a student or student group has violated the Student Code of Conduct; and
- b. the appropriate disciplinary measure.

2. The Administrator or the Student Life Committee shall render its written decision within seven days after the end of the hearing by forwarding its findings and recommendations to the Vice President of Student Affairs and to the student.

F. Sanction Notification

1. The Vice President shall review the recommendations of the Administrator or of the Committee and shall advise the student or student group of the decision by written notice sent by certified mail, return receipt requested, or personal delivery within seven days of receipt of the recommendations.

2. The notice to the student or student group shall include:

- a. the specific provision of the Student Code of Conduct;
- b. the discipline imposed and date of commencement;
- c. a statement of the student's or student group's right to appeal in writing to the President;
- d. a statement that the failure to file a timely request for such an appeal shall be deemed a waiver of the right to an appeal.

G. Authority of the Vice President to Impose Discipline.

If it has been determined that a student or student group violated the Student Code of Conduct, the Vice President of Student Affairs is authorized to:

1. Place a written reprimand in the student's or student group's file admonishing them about the conduct and warning that further conduct in violation of the Student Code of Conduct may result in additional disciplinary measures.

2. Suspend a student or student group from the College, a program, course or activity for a specific period of time.

3. Expel a student or student group from the College, a program, course or activity on a permanent basis.

4. Bar a student or student group from reenrollment in the College, a program, course or activity for a specific period of time in the event a student withdraws prior to being suspended or expelled.

5. Condition a student's or student group's continued enrollment or reenrollment in the College, a program, course or activity on:

- a. agreeing to restitution (i.e., reimbursement for damaged or misappropriated property);
- b. successfully completing a probationary period;
- c. undergoing a physical or psychological examination; or
- d. successfully completing a prescribed number of hours of community service work.

H. Appeal of the Vice President's Decision

If the student or student group disagrees with the Vice President's decision, the student or student group may appeal the Vice President's decision to the President by filing a written statement of disagreement with the President within seven days of receipt of the Vice President's decision. The President shall render a decision within 14 days after receipt of the appeal. A copy of this decision shall be sent to the student or student group and to the Vice President of Student Affairs.

I. Results of Determination

If the final disposition of the complaint is that the student or student group did not violate the Student Code of Conduct, the student's or student group's record shall be expunged of the complaint.

Student Non-Academic Complaints

The Vice President of Student Affairs or designee shall be responsible for responding to complaints from students on non-academic issues. These issues include, but are not limited to, refunds, admissions, transcripts, facilities use and withdrawal.

The student is expected to initiate his/her complaint with the person immediately responsible for the area in which the problem occurred before bringing the matter to the Vice President of Student Affairs. Students shall express these concerns initially with the appropriate person in an informal manner. It is recommended that the Ombudsperson be contacted to facilitate this informal state (see page 83), as needed. Any such complaint must be presented within fifteen (15) school days* of the occurrence giving rise to the complaint. If the complaint is not resolved after the informal discussion, the student may appeal in writing to the Vice President of Student Affairs within ten (10) school days* after the informal discussion. The written complaint must specify the specific complaint(s) together with the desired resolution(s). The Vice President of Student Affairs or designee must review the complaint and respond in writing to the student within ten (10) school days* after receiving the written statement. If the results of the review are unsatisfactory to the student, the student may then appeal in writing to the President within ten (10) school days* after receipt of the written response. The President shall issue a written response to the student within fourteen (14) school days* after receipt of the appeal. The decision of the President shall be final.

*School days are defined as those weekdays (Monday through Friday) when classes are in session.

Student Dress

There is no formal dress code. However, shirts and shoes must be worn in the buildings. Any student whose dress disrupts the educational process may be asked to leave campus.

Smoking Policy

It is the policy of William Rainey Harper College to maintain a smoke/tobacco free environment consistent with its effort to promote wellness and a campus environment conducive to work, study and activi-

ties for students, employees and the public. The College recognizes the rights of those who choose to use tobacco and does not prohibit the use of tobacco products. It does, however, restrict the use of these materials to areas outside College buildings and vehicles. As defined in this policy, tobacco products include cigarette, cigar, or tobacco in any other form, including smokeless tobacco which is any loose, cut, shredded, ground, powdered, compressed or leaf tobacco that is intended to be placed in the mouth without being smoked.

Implementation of this policy is subject to guidelines determined by appropriate College committees and communicated to students and staff on a regular basis. The guidelines are also printed in appropriate procedures manuals.

Speakers Policy

Harper College respects the right of all members of the academic community to explore and to discuss questions which interest them, to express opinions even if unpopular, publicly and privately. It is the policy of the College to make its facilities available for peaceful assembly, to welcome guest speakers, and to encourage the exercise of these rights free from disruption or interference.

Recognized student organizations may invite guest lecturers, panel participants, discussion leaders, or others from off campus to speak, provided such programs are registered with the Student Activities office at least one week in advance. All expenses involved in retaining the speaker shall be specifically provided for by the sponsoring organization at the time of registration. No arrangements with guest speakers are to be made until the registration has been completed. Individual students may request guest speakers through recognized campus organizations under the above procedures.

Limitations on speakers are warranted only when the Vice President of Student Affairs office deems their appearance or content of their speech represents a real threat toward maintaining campus order (e.g., it is obscene, defamatory, or intent on inflicting emotional distress, or it invites lawlessness or contains "fighting words"). In such cases, an ad hoc speakers committee composed of three faculty members appointed by the Vice President of Academic Affairs, three

students chosen by the Student Senate, subject to approval of the Vice President of Student Affairs, shall determine whether or not the speaker will appear. The committee's decisions may be appealed by either the sponsoring organization or the Vice President of Student Affairs office, and subject to the approval of the College President and Board of Trustees. Should the speaker represent a real threat toward maintaining campus order after being contracted, the Vice President of Student Affairs office or the sponsoring organization with the approval of the Vice President of Student Affairs office may cancel the contract.

In the event the speaker or issues are not deemed a real threat toward maintaining campus order but are deemed controversial or extreme by the Vice President of Student Affairs office, the sponsoring organization shall obtain a member of the faculty to chair the program, and shall provide time during the program for the audience to question the speaker.

Distribution of Literature and Use of Tables or Display Space

The College encourages student organizations, individuals and agencies to interact and communicate directly with Harper students in the College Center, Student and Administration Center, or in the Business and Social Science Center lobby. In the designated areas, tables may be set up without charge for representatives of student organizations and representatives of non-profit, non-commercial, non-student organizations in accord with the following rules:

1. The space is available only upon advance request, which shall be obtained by filing a reservation form in the Student Activities office, Student and Administration Center, Room 336.

2. Space shall be requested at least five days prior to the desired date. Requests for a subsequent semester will not be accepted earlier than six weeks prior to the beginning of that semester. Space shall be allocated on a first-come, first-served basis, except that individual students and student organizations shall be given priority over individual non-students and non-student organizations.

3. No displays or distribution shall be conducted when the lounge is reserved for an activity.

4. A maximum of three tables or displays may be placed in the designated area in the Student and Administration Center at the same time, and a maximum of two may be placed in the designated area of the Business and Social Science Center at the same time. Tables will be provided by the College. Displays shall not exceed 4' x 8' in size. The tables and displays will be placed next to the windows along the south corridor of the College Center lounge or along the north wall by the events sign in the Business and Social Science Center.

5. In order to allow as many groups as possible to be represented in the College Center and the Business and Social Science Center, an exhibitor may reserve a space for a maximum of once a week. If preferred, space may be reserved for a maximum of one week per semester.

6. There shall be no more than one space per organization at the same time; however, if no other requests have been made by the reservation deadline, one additional display space may be reserved. No more than four, nor less than one person(s), shall staff any display.

7. Displays may not be distributive in nature. No sound amplification equipment may be used in the designated area.

8. Representatives of organizations or individuals may communicate anywhere in the designated area.

9. Representatives of organizations or individuals must clearly identify themselves to Harper students.

10. Alcoholic beverages, narcotics, profane language, quarreling, fighting or gambling are prohibited. Smoking is also prohibited.

11. The solicitation of funds, the sale of goods or services, or advertising for the sale of goods or services is prohibited except:

a. by student organizations as part of a bona fide fund-raising activity for the organization; and

b. by a tax-exempt charitable organization.

12. The distribution of literature that is obscene or pornographic is prohibited.

13. The individual or organization is responsible for prompt payment of any damage to the College property.

14. The College may assume a violation of regulations has occurred if an organization does not staff its reserved space for two reserved dates without notifying the Office or Director of Student Activities. In the

event of such a violation, the College may cancel the balance of the reserved time.

15. In the event that an organization wishes to rent the entire lounge, the College reserves the right to cancel reservations for that date in the designated area by issuing a notice ten days prior to the scheduled date.

16. Violation of the regulations shall result in the revocation of the organization's or individual's reservation by the Director of Student Activities for the remainder of the semester or three months, whichever is longer, by service of a cancellation notice in writing upon the person making the reservations. If there is a dispute as to the facts causing the violation, the party contesting the cancellation notice may, within five days of the cancellation, request the Vice President of Student Affairs to hold a meeting with the aggrieved party and the College office cancelling the reservation to review the alleged violation.

Student Educational Rights and Privacy

The Family Educational Rights and Privacy Act of 1974 establishes the rights of students to inspect and review their education record; provides that personally identifiable information will not, with certain exceptions, be disclosed without the students' permission; provides for guidelines for the correction of inaccurate or misleading data through informal or formal hearings; grants the right to file complaints with the Family Educational Rights and Privacy Act (FERPA) office concerning alleged failures by the institution to comply with the Act; and makes provision for notice to the students concerning their rights.

No one shall have access to, nor will the institution disclose, any information from students' education records — other than Directory Information — without the written consent of students, except to officials of other institutions in which students seek to enroll; to persons or organizations providing students financial aid; to accrediting agencies carrying out the accreditation function; in compliance with a judicial order; in emergency situations when necessary to protect the health or safety of students or other persons; and to those members of the College community with a legitimate educational interest.

“Legitimate educational interest” means and includes a demonstrable need to know by any staff member in terms of his or her assigned duties. Parents of a dependent child (as defined by IRS code) are also eligible to inspect that dependent student's record.

Educational records that are not governed by the Act and are not accessible to students include:

1. Records kept by Harper personnel such as faculty, counselors and administrators, which are used only by the maker or his or her substitute and are not available to any other person.
2. Law enforcement records which are kept apart from the student's other educational records and are maintained solely for law enforcement purposes. These records are made available for inspection by Public Safety personnel only when acting in the line of duty and only to law enforcement officials of the same jurisdiction. Educational records maintained by the institution may not be disclosed to the personnel of the law enforcement unit.
3. Employment records for College employees, which are kept solely for business reasons.
4. Student records made or maintained by a physician, psychiatrist, psychologist or other recognized professional or para-professional acting in his or her professional or para-professional capacity, and which are made, maintained or used only in connection with the provision of treatment to the student and are not available to anyone other than persons providing such treatment, except that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

Directory Information

The following items are hereby designated as “Directory Information,” and as such may be disclosed or released by the College for any purpose, at its discretion:

The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weights and heights of members of athletic teams, dates

of attendance, degrees and awards received and the most recent previous educational institution attended.

Currently enrolled students have the right to withhold the release and disclosure of any or all of these items by giving written notice on the appropriate form to that effect to the dean of enrollment services by the first day of each course or program, as the case may be, for which they enroll. Request for non-disclosure will be effective for only one academic year; therefore, authorization to withhold Directory Information must be filed annually.

Procedures to Inspect and Review Records

The law provides students with the right to inspect and review information contained in their education record; to a response to reasonable requests for explanations and interpretations of the record; to challenge the contents of their education record; to have a hearing if the outcome of the challenge is unsatisfactory; and to submit explanatory statements for inclusion in their files if they feel the decision of the hearing officer is unacceptable. The Vice President of Student Affairs has been assigned by the College to coordinate the inspection and review procedures for student education records, which include admissions, personal, academic, and financial files, and academic cooperative education, disclosure and placement records. Students wishing to review their education records must make written request to the official responsible for the records listing the item or items of interest.

Records covered by the Act will be made available within forty-five days of the request. Students may have copies made of their records with certain exceptions (e.g., a copy of the academic record for which a financial "hold" exists, or a transcript of an original or source document which exists elsewhere). Education records do not include records of instructional, administrative and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute, records of the law enforcement unit, student health records, employment records or alumni records. Health records, however, may be reviewed by physicians of the students' choosing.

Students **may not** inspect and review the following: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; educational records containing information about more than one student, in which case the institution will permit access **ONLY** to that part of the record which pertains to the inquiring student; and confidential letters and recommendations placed in their files prior to January 1, 1975, providing those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected.

Procedures to Amend Records and Request Hearings

Students who believe that their education records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or other rights, may discuss their problems informally at a meeting with the author of the record and the Vice President of Student Affairs. If the decisions are in agreement with the student's request, the appropriate records will be amended. If not, the students will be notified within a reasonable period of time that the records will not be amended, and they will be informed by the Vice President of Student Affairs of their right to a formal hearing. Students' requests for a formal hearing must be made in writing to the Vice President of Student Affairs who, within a reasonable period of time after receiving such requests, will inform students of the date, place and time of the hearing.

Students may present evidence relevant to the issues raised and may be assisted or presented at the hearings by one or more persons of their choice, including attorneys, at the students' expense. The hearing officers who will adjudicate such challenges will be designated by the President of the College.

Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the

decisions of the hearing officer, if the decisions are in favor of the students. If the decisions are unsatisfactory to the students, the students may place with the education records statements commenting on the information in the records, or statements setting forth any reason for disagreeing with the decisions of the hearing officer. The statements will be placed in the education records, maintained as part of the students' records, and released whenever the records in question are disclosed.

Students who believe that their rights have been abridged may file complaints with the Family Educational Rights and Privacy Act office (FERPA), Department of Health, Education, and Welfare, Washington D.C. 20201, concerning alleged failures of the College to comply with the Act.

Copies of the Act, the HEW regulations, Harper policies and procedures, the Harper College Student Handbook/Datebook, and forms for use in implementing the Act, are available upon request in the Registrar's Office, A213.

Academic Regulations and Information

The College catalog delineates academic regulations for students. These include Harper College Standards for Academic Achievement, Repeat Policy, Forgiveness Policy, Grading and Grade Points, Incomplete Grades, Attendance Policy, Plagiarism and Cheating, Auditing a Course, Tuition and Refunds, Academic Honors, Withdrawals, Honors Program, Transcripts and Transfer of Credits. The catalog also includes graduation requirements for degrees and certificates, and information on all programs and courses and their prerequisites. The current semester course schedule mailed to district residents and schedule printouts posted throughout the College provide specific information regarding class times and registration procedures.

Assessment and Placement Policy

Harper College welcomes all who can benefit from the courses and programs offered. An assessment policy has been initiated and all new full-time students and students entering their first English or math course are required to participate. The goals of assessment are:

1. To inform students about their competency levels in English, reading/writing and math.
2. To place students in the English and math courses in which they have the best opportunity for success.
3. To help underprepared students whose reading assessment scores are substantially below college level by requiring them to enroll in developmental reading courses.

A copy of the current assessment policy is available in the Assessment and Testing Center.

Sexual Harassment Policy

It is the policy of Harper College that no staff member or student shall be subject to sexual harassment.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education;
- B. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual; or
- C. Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive education or employment environment.

Individuals engaging in such prohibited activity shall be subject to disciplinary action up to and including termination from this institution as determined by such administrative or Board action as is required by Illinois law or by Board policy. This policy applies to acts of sexual harassment by any member of one sex against a member of the opposite or the same sex at all levels of the College community (i.e., supervisor-subordinate, faculty-student, employee-peer, student-student).

Rules and Regulations Implementing Board Policy No. 6.4, Sexual Harassment

- A. Reporting-If a student believes that s/he has been sexually harassed, the stu-

dent should report the alleged act immediately to the Vice President of Student Affairs.

B. Investigation

1. The Vice President of Student Affairs or the Vice President of Human Resources shall undertake an investigation of all such complaints or appoint an administrator or other qualified person to conduct the investigation. No complaint or identity of a complainant will be disclosed except when necessary to fully investigate the complainant and after notification to the complainant. After a written complaint has been filed, the person accused of sexual harassment shall be notified of the substance and content of the complaint expeditiously.

2. The investigator shall file a written report as to his/her findings with the Vice President of Student Affairs or the Vice President of Human Resources within twenty-eight (28) days after a written complaint has been made. In the event the report cannot be completed within twenty-eight (28) days, the report shall state the reasons for the delay. The complainant and the person accused shall be notified of the findings of the investigation.

3. If the investigation discloses evidence that an act or acts of sexual harassment have been committed, the person accused of sexual harassment may be subject to disciplinary action in accordance with established procedures. Also, one or both parties may be recommended for counseling in order to understand the nature and/or deal with the consequences of the complaint.

C. Dissemination of Policy

1. Any student is encouraged to raise questions s/he may have regarding sexual harassment with Student Development counselors or other faculty members or administrators, including vice presidents or the president.

2. A copy of the Student Handbook/Datebook containing Board policy and implementing regulations shall be made available to students annually.

Policy Regarding Sexual Offenses

Harper College is committed to providing a safe environment for its students, free of harassment, coercion and violence.

Moreover, Harper College recognizes that it is a part of a larger community and is obligated to uphold the laws of that community. Although the College policies and procedures and the laws of the community

may overlap, they also function independently from one another.

It is illegal and against the policy of Harper College for any student, employee or other person to commit the offense of stalking (when such person transmits a threat with intent to place the victim in reasonable apprehension of sexual assault), sexual assault, aggravated sexual assault, sexual abuse, aggravated sexual abuse, as defined in the *Illinois Criminal Code of 1961*, 720 ILCS 5/12-7.3, 12-13 through 12-16, against any person while on the Harper College campus, at a College activity, or off-campus if there is a direct relationship between the sexual offense and the College. Such illegal and prohibited activities include, but are not limited to, sex offenses which are commonly called date rape or acquaintance rape, or which may involve unwanted touching or fondling, whether forcible or nonforcible.

In conformance with these Acts, the President of the College shall establish a program and rules to implement this policy. The rules will be delineated in the *Administrative Services Procedure Manual*, the *Academic Affairs Procedure Manual*, the *Student Affairs Manual* and other appropriate publications.

Rules and Regulations

A. Introduction

These procedures clarify definitions of acquaintance rape and sexual assault, outlines the steps the institution is taking toward education, prevention and treatment, sets forth disciplinary procedures that may occur when acquaintance rape/sexual assault has taken place on the campus and explains resources available to Harper College students who are victims/survivors of acquaintance rape/sexual assault.

B. Definitions

Acquaintance rape is defined as forced, manipulated or coerced sexual contact by someone the victim knows. Under Illinois law, acquaintance rape is a crime—the law makes no distinction between sexual assault by strangers or acquaintances. Any forced sexual conduct including forced touching and fondling is also a crime under Illinois law. Under this law, consent cannot be given by someone under the age of 18, someone under the influence of alcohol or someone who is diagnosed with a mental

disability and therefore unable to make a reasonable judgment about the harmfulness of an activity.

C. Reporting Procedures

1. If any person believes that he or she has been a victim of a sexual offense, such person should report the alleged sexual offense immediately to the Vice President of Student Affairs, a faculty member, administrator or campus public safety. If an employee other than the Vice President of Student Affairs receives a report of a sexual offense, the employee shall report the alleged sexual offense to the Vice President of Student Affairs.

2. Such person who believes he or she is a victim of sexual offense has the option of also notifying any other law enforcement authorities, including on-campus public safety and local police. The Vice President of Student Affairs shall offer to assist such person in notifying law enforcement authorities, and will assist such person if he or she so requests.

3. There are no express time limits for initiating reports under this Policy; however, every effort should be made to file such complaints as soon as possible, while facts are known and potential witnesses are available.

4. The victim of a sexual offense shall make every effort to preserve evidence as may be necessary for the proof of the sexual offense.

D. Notification to Victims of Sexual Offense

Upon receipt of a report of an alleged sexual offense, the Vice President of Student Affairs, or designee shall notify the victim of his or her right:

1. To report the sexual offense to other law enforcement authorities including on-campus public safety and local police.

2. To be assisted in reporting the sexual offense to such law enforcement authorities.

3. To seek the services of existing counseling, mental health, medical or student services for victims of sexual offense, both on-campus and in the community.

4. To receive assistance in changing academic situations if the victim is a student, and if such changes are reasonably available.

E. Investigation

1. The Vice President of Student Affairs shall undertake an investigation of all reports of sexual offense or appoint a qualified person (including the campus police) to conduct the investigation.

2. The accused shall be notified in a timely manner that an investigation is being conducted.

3. The investigator shall file a written report of his/her findings with the Vice President of Student Affairs and the President within twenty-eight (28) days after the report of a sexual offense has been made. In the event the investigative report cannot be completed within twenty-eight (28) days, the report shall state the reasons for the delay. Both the accuser and accused shall be notified of the finding of the investigation.

F. Disciplinary Procedures

The person accused and found guilty of a sexual offense through the Harper College investigation shall be subject to disciplinary action in accordance with established procedures, which procedures shall provide at a minimum that (1) the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding; and (2) both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual offense.

G. Sanctions

An employee found to have committed a sexual offense against another individual will be subject to discipline, up to and including termination.

A student found to have committed a sexual offense against another individual will be subject to discipline, up to and including expulsion and/or barring the student for re-enrollment in the College. Any other person found to have committed a sexual offense against another individual may be barred from the College campus.

H. Prevention and Education

The Student Development Sexual Assault/Prevention Task Force is dedicated to the prevention of sexual offenses. The Task Force's goal is to educate and promote awareness of rape, acquaintance rape, and other sexual offenses. In furtherance of this goal, modules have been developed by counselors to address this issue and facilitate discussion in the classroom. The prevalence of the connection between the use of alcohol and other drugs and the occurrence of acquaintance rape is an important part of this discussion. Counselors are available to faculty campus-wide to present these modules which can be modified depending on the classroom subject area.

A fact sheet about acquaintance rape and a list of resources are included in the orientation packets for new students and is available in the Health and Psychological Services and Student Development offices.

I. Services for Victims

On-Campus

Student Development counselors will provide assistance to a victim in changing academic situations after an alleged sexual offense incident if such changes are reasonably available.

The Office of Public Safety is committed to the safety and security of the students and will make appropriate efforts to safeguard the campus.

Off-Campus

CASA-Northwest is a local agency which can provide free counseling and advocacy services to Harper students or employees who are victims/survivors of sexual offenses. The agency is also utilized as a resource for training Harper staff and provides consultation in person or via telephone.

Policy Regarding Students with Chronic Communicable Diseases

A student who has a chronic communicable disease or who is a carrier of a chronic communicable disease may attend the College and participate in programs and activities whenever, through reasonable accommodation, there is no significant risk of transmission of the disease to others.

A student who has a chronic communicable disease or who is a carrier of a chronic communicable disease may be denied admission to, or may be dismissed from, a particular program or course of study whenever such chronic communicable disease has a direct effect on the student's ability to perform so as to render the student not qualified for the program or course of study.

No other person who has a chronic communicable disease or who is a carrier of a chronic communicable disease shall be denied the use of College facilities or services whenever, through reasonable accommodation, there is no significant risk of transmission of the disease to others.

The President is authorized to establish rules and regulations that are designed to implement this policy.

Rules and Regulations Implementing Board Policy Sec. 6.12A: Students with Chronic Communicable Diseases

A. Temporary Exclusion

When there is a question concerning admittance, suspension or dismissal of a student because the student has a chronic communicable disease or is a carrier or is reasonably suspected of having a chronic communicable disease or of being a carrier, such student or other user of College facilities or services may be temporarily excluded from the College by the Vice President of Student Affairs, pending a final determination. A student who has been temporarily excluded from the College shall be provided with an opportunity to make up any work missed during the absence.

B. Initial Evaluation

Whenever necessary, a student or other user of College facilities or services who has a chronic communicable disease or who is a carrier of a chronic communicable disease, or is reasonably suspected of having a chronic communicable disease or of being a carrier, shall be evaluated by a team that may consist of the Vice President of Student Affairs, other appropriate College personnel, a physician, the student's physician, public health personnel and other consultants selected by the President or his/her designee. The team's report and recommendations, along with any dissenting opinions, shall be forwarded to the President for decision. Every effort shall be made to complete the evaluation in a timely and prompt manner.

C. Admission Decision

The President shall make the decision on admittance, suspension or dismissal after reviewing the report and recommendations of the evaluation team. The President's decision may be appealed to the Board of Trustees.

D. Subsequent Evaluations

The student shall be periodically reevaluated by the evaluation team to determine whether the student's status continues to be appropriate. The frequency of the reevaluations shall be determined by the team.

E. Withdrawal

If such student cannot attend the College, or participate in a particular program, activity or course of study, the student shall be permitted to withdraw without prejudice and receive a tuition refund. Any other user of College facilities

or services who cannot use such facilities or services shall receive a refund for fees paid.

F. Confidentiality

Such student's medical condition shall be disclosed only to the extent necessary to minimize the health risks to the student and others.

Drug and Alcohol Abuse Policy and Procedure

It is the policy of William Rainey Harper College, an institution of higher education, to provide a drug and alcohol free environment and work place as defined by the Drug Free Workplace Act of 1988 (Public Law 100-690) and the Drug Free Schools and Communities Act of 1989 (Public Law 101-226).

William Rainey Harper College prohibits the unlawful possession, use, distribution, dispensing and manufacture of illicit drugs and alcohol by students and employees on its property or as part of any College activity.

Students who violate this policy will be governed by the College's Student Conduct Code and subject to disciplinary action up to and including suspension, expulsion and referral for prosecution. Employees who violate this policy will be subject to disciplinary action in accordance with their appropriate employee group regulations up to and including suspension, termination of employment and referral for prosecution.

These sanctions will be consistent with local, state and federal laws in reference to the Cannabis Control Act, the Controlled Substance Act and the Liquor Control Act. Students and employees are reminded that these laws provide for a variety of legal sanctions and penalties which include, but are not limited to, incarceration and monetary fines. Further information on these local, state and federal ordinances and statutes will be maintained in the following offices: Vice President of Student Affairs, Health and Psychological Services, Student Development, Student Activities, Personnel and College Library. Students and employees are encouraged to obtain copies of this information.

In addition, all employees directly engaged in performance of work pursuant to the provisions of a federal grant or federal contract in excess of \$25,000 and students

who are Pell Grant recipients must notify the College within five days of any criminal drug statute conviction for a violation occurring on or off College premises while conducting College business or activities. The College shall, within 10 days after receiving such notice, inform the federal agency providing the grant of such conviction. Within 30 days following such notification of conviction, appropriate disciplinary action shall be taken against such employee or student and/or the employee or student may be required, at his or her own expense, to participate satisfactorily in a substance abuse assistance or rehabilitation program. With the intent to provide a drug and alcohol free educational and work environment, Harper College has established a Drug, Alcohol and Wellness Network committed to providing proactive drug and alcohol abuse prevention programs, confidential counseling, intervention and referral for its students and employees. An Employee Assistance Program is also available for employees and their immediate family members.

Harper College shall make available to students information about this policy through the Harper Course Schedule as well as through the Student Handbook/Datebook.

Harper College shall conduct biennial reviews of the drug and alcohol abuse programs to determine their effectiveness and implement appropriate changes.
