

Harper College – DePaul University, College of Science & Health APPENDIX B

Associate of Arts with a Focus in Health Sciences – Public Health Degree to the Bachelor of Science in Health Sciences with a Concentration in Public Health Degree

This program plan agreement is entered into by Harper College Health program faculty and DePaul University Health Sciences faculty for the purpose of providing guaranteed admission for select Harper College students. Specifically, Harper College students who successfully complete the Associate of Arts with a focus in Health Sciences – Public Health degree are guaranteed admission into DePaul University, College of Science & Health Bachelor of Science in Health Sciences – Public Health Studies concentration degree program, provided that all current admissions standards, policies, and procedures of DePaul are met at the time of admission.

Harper College Health and DePaul University Health Sciences faculty agree to the following:

Harper College and DePaul University faculty will collaborate and coordinate on course and program content to facilitate transfer and eliminate course duplication, in accordance with program and degree requirements of their respective schools.

Harper College Health program faculty agree to assist and advise all Harper College students enrolled in the Associate of Arts with a focus in Health Sciences - Public Health degree who desire to continue their studies toward the achievement of the Bachelor of Science degree in Health Sciences - Public Health Studies concentration at DePaul University's College of Science & Health.

DePaul University Health Sciences faculty agree to accept all course credit completed at Harper College in accordance with the mutually agreed upon program plan recommendations below. Up to 66 semester/99 quarter hours of Harper College credit will be applied to the DePaul degree.

Harper College Health and DePaul University Health Sciences faculty agree to periodically review the course recommendations and to update and maintain them in keeping with current curricular requirements.

The faculty will inform the other college's program when changes to course, program, and/or degree requirements are made.

Harper College students must join DePaul's Admission Partnership Program (DAPP) to participate in this program to receive the benefits of this agreement. Through DAPP, students will be counseled and advised by both schools as to the courses to complete which will fulfill both associate degree and bachelor degree requirements. The program plan must be followed for students to receive maximum transfer credit towards the bachelor degree. The recommended courses provide the academic preparation and prerequisite requirements for the DePaul's degree program.

In order to retain current and dynamic curriculum course content, required courses and degree requirements are subject to frequent changes. DAPP provides means to keep the students with the most up to date information about program requirements at both Harper College and DePaul University. Students who do not join DAPP will still be able to transfer to DePaul's B.S. in Health Sciences-Public Health concentration as regular DePaul transfer students. Students not participating in DAPP will be subject to changes in program requirements that take place at any point in their enrollment at Harper.

Harper College – DePaul University, College of Science & Health

APPENDIX B

Harper College – DePaul University AA in Public Health to BS in Health Sciences Public Health Concentration

This is an **EXAMPLE** course sequence for students interested in pursuing a degree from DePaul’s College of Science & Health. It does not represent a contract, nor does it guarantee course availability. If this program plan is followed, you will earn an Associate of Arts (AA) degree. Transfer courses and their equivalencies, and program requirements change as they are updated frequently. For the most current information, visit DePaul University’s Transfer Center at: www.DePaul.edu/TransferCenter

Students must join DePaul’s Admission Partnership Program (DAPP) to receive full benefits of this program plan. Make informed course choices in consultation with your Harper College and DePaul University Advisors!
