Eligibility

All high school graduates or the equivalent (students who have successfully completed the GED) are eligible for admission to the College. A non-graduate 16 or 17 years of age who has severed his or her connection with the high school system, as certified in writing by the chief executive officer (or designee) of the high school district in which the student has legal residence, or a non-graduate 18 years of age or older, may be admitted if he or she demonstrates the capacity to benefit from programs and courses offered by the College. High school students may be admitted to selected courses upon the written approval of their high school principal (or designee) and the designated College admissions official, and written parental acknowledgement.

Applicants will be required to:

A. Complete a Harper College application.
B. Pay a $25 nonrefundable application fee.
C. Submit an official copy of their final high school transcript. Students who are enrolled in high school at the time of application must, in addition, submit a current high school transcript. Students who completed the GED must submit an official copy of GED results. Non high school graduate, please contact the Center for New Students at 847.925.6208.
D. Submit official transcripts from all colleges attended.
E. Provide ACT scores. Either an official ACT score report or an official high school transcript that includes ACT scores can be submitted to fulfill this requirement. (This requirement will be waived for students who have completed 12 or more semester hours of college level credit and for students who are age 24 or older at the time of application.)

To be eligible for some College programs, the applicant may have to meet additional requirements as specified by that program and/or the Illinois Public Community College Act.

Dual Admission Programs

These agreements with selected universities allow students to apply for admission to Harper College and the four-year college to which they plan to transfer simultaneously. Dual admission provides a seamless transition between Harper and participating schools by providing optimum continuity of courses, faculty and resources during all four years of study. Dual Admissions Programs currently are offered through Harper College and the following four-year institutions: Northeastern Illinois University, Northern Illinois University, Roosevelt University and Western Illinois University. Applicants may obtain detailed program information from the Harper College Admissions Outreach office.

Limited Enrollment Programs

Degrees:
Cardiac Technology, Dental Hygiene, Diagnostic Medical Sonography, Nursing, Radiologic Technology.

Certificates:
Cardiographic Technician, EMT-Basic, EMT-Paramedic, Practical Nursing, Mammography.

For up-to-date information about eligibility for admission, and requirements, procedures, and options available to students enrolled in Limited enrollment and other programs contact the Admissions outreach office or check the website: www.harpercollege.edu

Limited enrollment program files will be reviewed after the initial program application deadline.

Because of the nature of clinical experiences, individualized instruction, specialized technology and the equipment necessary to offer these certain limited enrollment programs, a higher tuition rate is assessed for career specific courses in many of these select programs. Tuition for these courses is 200 percent of the standard tuition rate.

Concurrently Enrolled

High School Students

High School students who wish to concurrently enroll at Harper College must be at least 16 years of age and have junior or senior status with a minimum high school GPA of 3.0. In addition, students will meet with a counselor in the Center for New Students and Orientation to help determine their readiness to attend college.

A. Complete the Harper College Application for Admission and submit a one-time $25 non-refundable application fee.
B. Contact the Center for New Students at 847.925.6208 to schedule a “concurrent high school student appointment” with a counselor.
C. Submit appropriate documents to the Center for New Students: high school transcript, including ACT scores (home schooled students must submit documentation of their home school program).
D. Complete Concurrent High School Admission Form (including signed Parental Acknowledgement and Treatment Authorization).

The final decision about eligibility to enroll for Concurrent High School Admission will be made by a counselor in the Center for New Students and the student may be required to complete Compass assessment tests in Writing, Reading and/or Mathematics in order to be considered for admission.

High School Dual Credit Program

The high school dual credit program provides an opportunity for qualifying high school students from Districts 211, 214 and 220 to earn both high school and college credit. For further information, call 847.925.6364.

International Students

Students from other countries attending Harper College are termed “international” students, according to the following definition: “A person who is a citizen of a country other than the United States who has a visa for educational purposes (F-1) with an intent to return to his or her homeland upon completion of his or her educational program.”

International students must carry a minimum of 12 semester hours or be enrolled in the Intensive English Program. Because no scholarships are available to new international students, nor are they eligible for financial assistance, it is essential that students from outside the United States have sufficient funds to cover their expenses while in this country.

International students are not considered residents of the College district for purposes of in-district tuition or admission to Limited Enrollment Programs.
International students are required to have health insurance coverage and will be charged an individual health insurance fee each semester. Students can receive a credit for the fee if they provide proof of equivalent coverage through a government or employer plan.

International students will be required to submit the following to the International Student Office at least eight weeks prior to the beginning of the semester or summer session in which they intend to begin their studies:

1. A completed Harper application (online or paper) with a nonrefundable $175 application fee.
2. Official transcripts and diploma of secondary school study and any university-level or postsecondary school work that has been completed or attempted. If these documents are not in English, they must be accompanied by authorized English translations.
3. An official Test of English as a Foreign Language (TOEFL) score report. To be considered for admission, students must receive a minimum score of 79 on the iBT. Students may choose to submit an official report of the IELTS with a minimum score of 6.5. This requirement will be waived for students applying to the Intensive English Program.
4. A bank certificate or letter verifying sufficient funds for tuition and living expenses.
5. A written statement regarding what the student plans to study at Harper.
7. Copy of passport (visa stamp in the United States).
8. Photograph
9. Copy of I-20 if student is transferring from another U.S. college or university.

This information is subject to change by the Department of Homeland Security (DHS). Please consult harpercollege.edu for updates.

Readmission

A student who has previously attended Harper College, and who is returning after an absence of one semester or more, does not need to complete an application for readmission. (An exception to this is a student who is applying for admission to a Limited Enrollment Program. Contact the Admissions Processing Office for details.) If a student has attended any other educational institution since attending Harper, official transcripts from each college attended should be submitted to the Admissions Processing Office. Students dismissed from Harper for disciplinary reasons must be reviewed by Harper's Dean of Student Affairs.

Center for New Students and Orientation

The Student Development Center, located in Building C, Room C104, is available to all students entering the College for the first time. The Center for New Students and Orientation assists all entering students by providing the preliminary information helpful in their transition to Harper College. Advising is provided through appointment in small groups and individually.

This center is responsible for New Student Orientation each semester. These programs provide opportunities for new students to meet others and to become familiar with the campus and services available. Students begin settings goals and are assisted in the selection of an registration for courses.

Parents of new full-time students are invited to Parent Orientation. This special program is designed to provide parents with information about the College and answer any questions they may have.

Transfer of Credit to Harper College

A degree seeking student who has attended any other college(s) and wants their transcripts evaluated must have an official transcript from each college attended sent to the Admissions Office immediately upon making application. Students must also complete a transcript evaluation request form found at harpercollege.edu.

Once the evaluation request has been submitted and all transcripts have been received, results will be mailed and can be viewed online through the student portal. Transcript evaluations may take 2–3 weeks to process.

A student may transfer credit to Harper College according to the following conditions:

1. The collegiate institution previously attended must be a regionally accredited institution awarding college credit.
2. Credit may be transferred to Harper College for courses earning credit and successfully completed with a grade of D or better if the student's cumulative grade point average (GPA) is 2.0 or above (C average) at the previously attended institution. (Some programs may require a grade of C or better, please refer to the current curriculum for possible exceptions). If the student's cumulative GPA is less than 2.0 at a previously attended institution, credit may be transferred for courses earning credit and successfully completed with a grade of C or better. The student's work at each institution is evaluated independently if several institutions were attended. A student must petition for evaluation of transfer credit through one of the following offices: Registrar's Office, Admissions Processing, Admissions Outreach or online at harpercollege.edu.
3. Credit may be transferred, but the grades earned at other institutions are not transferred, nor are the grades included in computing the cumulative GPA at Harper College. Grades from other institutions may be used to determine whether a student has successfully met course prerequisites. Elective credit may also be awarded for transfer course work with no direct equivalency at Harper College.
4. Courses which are a part of a department or program of study not offered by Harper College are considered nontransferable.
5. Evaluation of credentials from a foreign country may be requested by contacting the World Education Services at www.wes.org. The Office of the Registrar at Harper College will use the WES results to determine transfer of foreign credit to the College.
6. Effective for students following the 1999-2000 Catalog (and thereafter), transfer students must earn a grade of C or better in their courses equivalent to ENG 101-Composition and ENG102-Composition at the collegiate institution previously attended. This requirement will be in place for the A.A., A.S., A.F.A. and A.E.S. degrees, as well as
the IAI core curriculum for students who are not completing the degree.

**Assessment and Testing**

This office is located in the Student Center, Building A, Room A148, and is responsible for the coordination and administration of academic assessment and other testing programs available to Harper College students and community members. All new full-time students are required to participate in an orientation program that includes academic assessment testing. New students assess their academic skills in writing, reading and mathematics through this battery of tests. Tests for distance learning classes, independent study programs, proficiency and CLEP testing and entrance examinations for limited enrollment programs are coordinated in this office. Harper College also participates in national testing programs, either as a test center or as a source of information.

**Registration Policies and Procedures**

**Attendance Policy**

Regular attendance is necessary for satisfactory college work. Each instructor or program coordinator has the responsibility of establishing the attendance requirements which best suit the educational goals of a class or program. No central class attendance record is kept other than a midterm report. It is the students' responsibility to learn the instructor's attendance policy for each course, as well as to discuss with their instructors any extraordinary circumstances affecting their attendance. Students attending without registering and paying for a class will not be allowed to receive a final grade once the semester ends.

**Enrollment Status Verification**

Students may have current or previous enrollment verified by the Registrar's Office, Student Center, Room A213, or by the National Student Clearinghouse online at www.studentclearinghouse.org or phone at 703.742.4200. The College Registrar's Office reports enrollment status verifications on the basis of full-time, half-time and less than half-time enrollments as defined below.

**Full-time Status:**

A student is considered full-time if he/she is enrolled in 12 or more credit hours during the fall or spring terms. (6 credit hours during the summer term).

**Half-time Status:**

A student is considered half-time if he/she is enrolled in 6 or more credit hours but fewer than 12 credit hours (6-11.9) during the fall or spring terms. (3-5.9 credit hours during the summer term).

**Less than Half-Time Status:**

A student is considered less than half-time if he/she is enrolled in fewer than 6 credit hours during the fall or spring terms. (3 credit hours during the summer term).

A current semester verification is based on the enrollment status of the student on the day after the refund for those courses in which the student is enrolled. A previous semester verification is based on the actual dates of attendance.

---

**Auditing a Course**

A student who wishes to audit a course will be required to pay full tuition and fees and must obtain approval from the instructor, department chair or dean prior to enrollment in the course.

Registration for audit status may be completed only during the first week of the class and must be the original enrollment in the class. Changes from credit to audit are not permitted. Students taking a course for credit are given priority in registration.

Upon completion of the course, the instructor will assign an H grade. This grade does not count in cumulative hours or grade point average.

**Withdrawals**

Students who wish to withdraw from a class after the regular registration period must withdraw officially by the appropriate deadline date. A student who does not withdraw officially from a class prior to the last date for withdrawals is subject to an F grade.

Criteria and procedures for a withdrawal due to significant medical reasons are available in the Health and Psychological Services office, A 364.

The following guidelines determine grades for an official withdrawal from a 16-week course; the timetable for withdrawing from other courses (12-week, 8-week, 4-week, etc.) will be determined on a pro rated basis according to these guidelines:

1. Classes dropped prior to the refund period will not become a part of the student's permanent record;
2. A W grade will be assigned to a class dropped after the refund period and prior to the last date for official withdrawals;
3. A student who does not withdraw officially from a class prior to the last date for withdrawals is subject to an F grade.

The deadline to withdraw from classes is available in the official College calendar for the year in question. Please refer to harpercollege.edu.

**Military Withdrawals:**

In support of America’s call to military action, the College will offer full refunds of tuition and mandatory fees to all military reservists, National Guardsmen and active-duty military personnel who receive emergency orders preventing them from attending classes after they have enrolled at the College. Please contact the Registrar's Office for additional information at 847.925.6500.

Out-of-district students approved for chargeback tuition from their community college will pay Harper’s in-district tuition and their district community college will reimburse Harper for the balance of the tuition for approved classes.

### Grading

Approximately one week after the course ends, the student will receive a grade for each class in which he or she was officially enrolled. Students attending without registering and paying for a class will not be allowed to receive a grade once the semester ends. The official grade point average is computed on the basis of final grades awarded at the end of each semester or term. Students may view grades online at harpercollege.edu.

**Grade Points**
Grade points are numerical values which indicate the scholarship level of the letter grades. Grade points are assigned according to the following scale:
Repeat Policy

Students will be allowed to repeat courses and attempt to earn a higher grade for classes taken at Harper College. When a course has been attempted more than once, the repeat policy is not in effect until the number of approved repeatable hours is exceeded.

Forgiveness Policy

Under limited circumstances, a student may petition to have previously earned F grades excluded from the calculation of the cumulative grade point average. If the F grades are excluded from the cumulative grade point average calculation, they will still appear on the student record. Eligibility guidelines and procedures are available in the Student Development Centers, Registrar's Office and at harpercollege.edu.

All P graded courses

Course work with an R designation after the grade indicates that the course is a developmental course (AR, BR, CR, DR, etc) not included in grade point average.

Course work with a V designation after the grade indicates that the course is a vocational skills course (AV, BV, CV, DV, etc) not included in grade point average.

Academic Standing will be processed at the end of each semester.

Incomplete Grades

A student may be assigned a grade of X for unfinished work in a course provided the work was incomplete because of circumstances deemed to be unavoidable or uncontrollable (to be determined by the instructor). The work to be completed will be assigned by the instructor. The unfinished work must be satisfactorily completed by the midterm of the following 16-week semester. Failure to do so will result in a grade of F. In certain courses such as open entry courses, it is necessary to meet the instructor deadline specified in the contract for that class.

Effect until the number of approved repeatable hours is exceeded.
Financial Assistance

Student Financial Assistance
Office of Student and Financial Assistance administers and manages student aid funds from the following federal, state, institutional and private sources:
- Federal (grant and loan) Programs
- State-sponsored Grant Programs
- Institutional and Private Scholarships
- Foundation Endowments and Scholarships

Students are encouraged to check with organizations such as women’s clubs, service clubs; like Rotary and chambers of commerce, as many private and public agencies are ready and able to assist the worthy college students. In addition, scholarship search Web sites are linked on the Harper College Financial Aid Web page, harpercollege.edu.

There are many ways students can finance their education at Harper. There are scholarships that pay all, or a portion of their expenses. Scholarships are awarded to students based on their academic performance, leadership experiences, community involvement, or financial circumstances. Low interest federal student loans up to $5,500 for the first year, dependent students and $9,500 for the first year, independent students are available. Students must be enrolled for at least six credit hours per term to qualify for student loans.

On-campus jobs for students under the Federal Work-Study or other employment programs are also available to help students with college expenses. Students can work up to 20 hours per week and be paid at least minimum wage.

Many students will receive financial assistance from more than one source in addition to what they can expect to receive from their parents. More than 9,800 Harper College students are receiving some form of financial assistance administered by the Office of Student Financial Assistance.

Veteran Services
Harper has been designated as a Serviceperson’s Opportunity College by meeting or exceeding the following criteria:

Uncomplicated and non-restrictive admission policies; providing for servicemen or women to pursue educational programs through courses offered on weekends, evenings and other nontraditional times; and offering maximum credit for educational experiences obtained in the Armed Forces.

The Office of Student Financial Assistance who provides advice and assistance for veterans and assists the veteran complete the veteran enrollment certification and ensures Illinois veterans are informed about the eligibility criteria for the Illinois Veteran Grant. Eligible veterans and servicepersons receive a monthly educational allowance to attend school.

Detailed information relating to Harper’s veterans’ assistance programs may be found on the Financial Aid page of the Harper College Web site, harpercollege.edu.

Refund Policy for Financial Assistance Recipients
Harper students who are financial assistance recipients must be aware of all refund policies including the federal Return of Title IV Funds policy. Eligible students who officially withdraw from all classes on or before 60 percent of the term has elapsed will receive a proportional refund based upon the official date of withdrawal. The official date of withdrawal is the withdrawal date as recorded by the Registrar’s Office and is based on the date that appears on the Student Add/Drop form as filed with that office.

Harper calculates refunds proportionally and must determine the unearned amount of Title IV Funds that must be returned to the Student Financial Aid (SFA) programs. The school bases the amount of unearned assistance that must be refunded on the applicable federal calculations.

Before any refund is made to the student, Student Financial Assistance must return funds to the appropriate financial aid program(s). If the student owes money to Harper College the amount owed will be subtracted from any refund due the student. Students may contact Student Financial Assistance for further details.

Refunds will be processed within 14 days after a credit balance is on a student’s account.

Satisfactory Academic Progress
Requirements for Financial Assistance
In addition to the Standards for Academic Achievement, federal and state financial aid recipients must also comply with the satisfactory academic progress requirements for financial assistance as follows:

1. A student must be enrolled in a program of study leading to an associate degree or a certificate (>16 credit hours) at Harper College.

2. A student must have a cumulative grade point average of 2.0 or higher to be eligible for financial assistance.

3. A student must complete 67 percent of the courses attempted throughout his/her entire enrollment at Harper College. Courses in which a student receives an F (fail), X (incomplete), W (withdrawal) or H (audit) will not count as completed courses or earned grades.

4. A student must complete an associate degree or certificate within a specified time period. A student cannot receive financial assistance beyond the specified time allotted for completion of his/her program. The receipt of financial assistance does not alter the specified time period.

Academic Policies

Assessment and Placement
Harper College welcomes all who can benefit from the courses and programs offered. To that end an assessment policy is in place requiring all new full-time students to complete writing, reading and math placement tests. Students entering their first English and/or math courses are also required to complete appropriate placement test(s).
The goals of assessment are:

1. To inform students about their competency levels in English, reading/writing and math.
2. To place students in the English and math courses in which they have the best opportunity for success.
3. To help underprepared students whose reading assessment scores are substantially below college level by requiring them to enroll in developmental reading courses prior to or along with their English courses. New full-time students who place into reading must enroll in the appropriate reading course during their first semester.

Details of the mandatory assessment and placement policy, including options for waiving testing, are available in the Assessment and Testing Center.

**Standards of Academic Performance**

**Rationale for Standards**

The Standards of Academic Performance at Harper College have been established in order to:

- **Guide the student in pursuit of academic success:** The Standards assure the availability of services which can help students reach success as well as clearly notify them of their progress.
- **Maintain an academic environment that clearly defines expectations for progress:** The Standards communicate the College’s definition of academic progress. The Standards clarify College expectations and afford the student a guideline for setting realistic goals.
- **Clarify the roles and responsibilities of students, faculty and administrators:** The Standards define the role of the student in terms of academic performance and responsibility as well as the role of College personnel in evaluating academic performance and intervening with special assistance at specific intervals.
- **Allow the institution to maintain its academic integrity.**

**Categories of Standards**

**Good Standing**

Students with a cumulative GPA of 2.0 or higher and students who have attempted* fewer than seven credit hours or have not attended classes since the summer of 1989 are in good standing.

**Academic Caution**

Students who have attempted* seven and not more than 15 credit hours and have received a cumulative GPA of less than 2.0 will receive a caution notice and the recommendation to take advantage of various programs and services designed to help them achieve success.

**Academic Warning**

Students who have a cumulative GPA of less than 2.0 and have attempted* 16 or more credit hours, or have completed their second successive semester with a cumulative GPA of less than 2.0, are given academic warning. These students will be advised to restrict their enrollment to a maximum of 13 credit hours and may have restrictions imposed upon them.

**Probation**

Students who were academically warned in a previous semester and have a cumulative GPA of less than 2.0 will be placed on probation. Students who have returned to good standing and then earn less than a 2.0 cumulative GPA will return to probation. These students will be restricted to a maximum of 13 credit hours and will be required to participate in success-oriented strategies.

**Suspension**

Students who have attempted* 40 or more credit hours, have had three successive semesters with a cumulative GPA of less than 2.0, with one of those semesters in probation, and earned below a 2.0 semester GPA the last semester they were enrolled are placed on suspension. These students will be suspended from the College for one full semester (fall or spring). Students suspended after spring term will not be allowed to enroll for summer session or fall semester. Students must be involved in success-oriented strategies upon their return.

**Dismissal**

Students who have returned to the College after one semester of suspension and who receive a semester GPA of less than 2.0 will be dismissed for a minimum of two full semesters (fall/spring or spring/fall). After this dismissal period, these students must petition the Dean of Student Development for reinstatement.

* Refers to receipt of grades A, B, C, D and F.

Mandatory Advising for Students on Probation, Post Suspension and Post Dismissal

As part of the required success-oriented strategies, students on probation, post suspension and post dismissal are required to see a counselor for educational planning and academic support. Individualized strategies will be developed to assist the student to identify causes of academic difficulties and to achieve satisfactory grade point averages. College services will be utilized to help the student reach his or her educational potential and goals. Students who fail to see a counselor will not be allowed to register for subsequent classes.

Students placed on suspension and dismissal may seek counseling assistance during the semester(s) of non-attendance. Upon returning to school, previously suspended and dismissed students will be placed on post suspension or post dismissal, restricted to a maximum of 13 credit hours and required to see a counselor to develop success-oriented strategies before being allowed to register.
